

# BERLIN REPORTS BOMBS DROP UPON FACTORIES, SHIP

Berlin, Aug. 22.—(P)—The German high command said today that 15 airports and numerous industrial plants, as well as port and rail facilities, were attacked yesterday by German planes.

The communique said bomb hits were observed on industrial plants at Skiegness, Great Yarmouth, Witten, Coventry and Portsmouth, as well as on the port facilities of Bridlington.

It also claimed that German fliers bombed a ship in the yards at Southampton, and another in a convoy on the east coast of England. It said an airplane factory southeast of London and an armament factory near Brighton were bombed.

The communique acknowledged that British airmen had raided north Germany, but insisted they caused only minor damage. The British lost seven planes yesterday, the high command said, while the Germans lost six.

German air activity over Britain up to noon today was limited to the customary armed reconnaissance flights, informed sources said.

Authoritative German spokesmen declared the Nazi "total blockade" of Britain would make it impossible for the reich to give assurance of safe conduct to any United States ships which might try to remove children from England.

Supporting a similar state-

ment issued earlier by DNB official news agency, they said Germany understands the humanitarian impulse underlying U. S. proposals to amend the neutrality law so British children might be brought across the Atlantic.

But these spokesmen pointed out mines form an essential part of the blockade of Britain, and mines which have been laid cannot be moved. Therefore, they argued, the children conceivably would be exposed to greater danger on an ocean crossing than if they were kept at home.

### What Would Jefferson Do?

To the Editor:

No American has any doubt as to how he or she should vote in 1940, but many intelligent and conscientious Democrats are puzzled. This message is primarily for them.

New Dealers have "trivial" third term issue as "trivial." Thomas Jefferson didn't think so. All voters know that in refusing a third term he helped strengthen a precedent set by Washington, but how many know that he foresaw the situation that confronts the Democratic party today, and left strong statements to guide voters of any party in such an instance? Can any true follower of Jefferson vote for the New Deal candidates in 1940? Certainly Jefferson would not have done so!

Here are his words: "If the principle of rotation be a sound one, as I conscientiously believe it to be, with respect to this office, no pretext should ever be permitted to dispense with it, because there never will be a time when real difficulties will exist and furnish a plausible pretext for dispensation." (Written in 1809).

"The example of four presidents, voluntarily retiring at the end of their eighth year, and the progress of public opinion, have given it in practice the force of precedent and usage, in so much that should a president consent to be a candidate for a third election, I trust he would be rejected on this demonstration of ambitious views." (Written by Thomas Jefferson in 1821).

True Democrats need feel no hesitancy in voting against a third term candidate, knowing that the founder of their party would have done the same!

# SAMPLE QUESTION BLANKS ON HAND FOR REGISTRATION

Medford postoffice is now in possession of sample questionnaires to be used as an aid to aliens prior to their registration. Postmaster Frank DeSouza announced today.

Allies were invited by Mr. DeSouza to call at the postoffice and procure the sample questionnaire. All aliens throughout the nation are to be registered starting August 27. The sample questionnaire is intended to help them in preparing for the registration.

The registration here will be done at the armory at 410 North Bartlett street and the postoffice, which ordinarily would be used, is undergoing remodeling. Registration hours will be from 9 a. m. to 5 p. m. In Ashland registration will be done at the postoffice. These are the only two places designated for the registration of aliens in Jackson county.

As registration begins next Tuesday, Mr. DeSouza urged all aliens to procure the sample questionnaire without delay.

# In The Day's News

By Frank Jenkins

THERE is material for serious thought in this dispatch from London today (Wednesday):

"Unofficial but well-informed sources indicated today that the British government is SEEKING A MILITARY ALLIANCE with the United States."

NO entangling alliances is one of our traditions. No third term for any president is another.

Are we overboard to throw them ALL OVERBOARD?

THE London dispatch (Associated Press) continues: "The plain truth of the matter," said a neutral diplomat, "is that neither Great Britain nor the United States has a powerful friend left anywhere in the world. It behooves them to get together and make the best of the sorry situation."

Hindsight (always clear and plain) tells us that if we had followed Theodore Roosevelt's advice to "walk softly and carry a big stick" we would now have more friends and the situation would be less sorry.

GERMAN tactics in the air attack on Britain appear to be changing. Instead of massed formations of large planes they are now sending over planes numbers of LONE bombers, which dive from the clouds, drop their bombs and run.

If you shoot ducks, you will understand why. Massed flocks are easier to hit than singles flying like a bullet.

ON THE African front, the British abandon Somaliland to the Italians—as they intimated at the start they would probably do.

The British hope is to retain control of the Mediterranean, thus shutting off supplies from the Italian forces in Africa and ultimately starving them out.

BOTH sides (British and German) have declared blockades on each other. Hunger, so far, hasn't played a large part in the war, but there is plenty

UNHAPPY BIRTHDAY—What Bamboo, the Philadelphia zoo's 400-pound gorilla, thinks of birthday parties he made pretty apparent on his 14th anniversary. He threw a 20-pound cake on the floor and chewed up the birthday sign.

of expectation that it will before the winter is over.

GREEK-Italian tension is getting tighter. A Greek "spokesman" says: "We'll not be caught by surprise if Greece is invaded." Virginio Gayda, Italy's chief breast-beater, declares: "Italy and Albania are ready to defend Albania against the Greco-Italian plan of offense."

What does it mean? Well, such talk usually means MORE WAR.

Coast Gets Building—Navy plans to build 30 destroyers at San Francisco were made known today by Representative Welch (R-Calif.), who said that an actual start on the program hinged on acquisition of a 32-acre tract adjacent to the Bethlehem Iron Works plant of the Bethlehem Shipbuilding company.

# ESCAPED CANADA NAZIS CAPTURED

Ottawa, Ont., Aug. 22.—(P)—Werner Koche, German naval lieutenant who escaped Monday from an internment camp in northern Ontario, has been captured, the national defense department announced today.

Koche escaped by tunnelling his way out.

Another prisoner, a German civilian who was held at a camp in northwestern Ontario, escaped about the same time and is still at large, the authorities said.

Both Koche and the civilian were sent to Canada from British internment camps.

# MORE COIN NEAR FOR BONNEVILLE

Washington, Aug. 22.—(P)—Informed Capitol Hill sources said today President Roosevelt would ask congress soon for an appropriation of more than \$3,500,000 to speed installation of Bonneville dam power distribution lines and substations in connection with the national defense program.

Interior department officials declined comment, but it was known that Dr. Paul J. Haver, Bonneville administrator, has been making efforts to obtain such funds.

Boston, Aug. 22.—(P)—(USDA)—Business was very slow on the Boston wool market today.

Dr. Baxter Lauded—Salem, Aug. 22.—(P)—The state, the northwest and the nation will gain by the appointment of Dr. Bruce Baxter as bishop for the Prudence Area of the Methodist church, Governor Charles A. Sprague said last night at a reception for Dr. Baxter attended by 275 Methodist leaders.
