NATIONAL GUARD UNITS INCREASED

The authorized strength of both Oregon national guard units here will be increased when mobilization orders are issued.

It had been announced previously that Company A, 186th infantry would be increased from 86 to 129 men and today First Lieut. James W. Grigsby, commanding headquarters detachment, said his unit would be increased from 11 to 26.

Both units are now enrolling men on the inactive list pending issuance of the mobilization orders, expected about September 15. When the mobilization order is issued, the men on the inactive list will be transferred to the active list, ready to go to camp with the others.

The guardsmen are to be in camp a year, the units here going to Fort Lewis. Officers pointed out that by enrolling in the national guard, men can avoid being conscripted under the proposed conscription law. Applicants may register for enrollment at the armory.
