At Corvallis Mr. Hull was to make arrangements for registering at Oregon State college for his junior year which he will begin soon.

CITY TO OPERATE ARMORY DURING GUARD ABSENCE

Salem, Sept. 3.—(P)—The 41st division national guard, one of four divisions which President Roosevelt ordered mobilized on September 16, will move to camp at Fort Lewis, Wash., about September 23. Major General George A. White, division commander, said today. The Oregon national guard, which with the guards of Washington, Idaho, Montana and Wyoming comprise the division, includes 301 officers and 4,225 men, but recruiting campaigns will bring the total to 5,811 men.

Salem, Sept. 3.—(P)—State armories will be taken over by cities when the Oregon national guard is mobilized September 16. Major General George A. White, who is in San Francisco conferring with Fourth army officials, telephoned his office here today.

Cities in which state armories are located will pay all operating costs of the armories. The mayor of each town in which there is a state armory will be asked to appoint a board of three citizens to administer the armory during absence of the national guard.

State-owned armories are located in Salem, Ashland, Medford, Roseburg, Cottage Grove, Albany, Dallas, Eugene, Marshfield, McMinnville, Silverton, Woodburn and Tillamook.

No official word regarding the armory had been received by either Mayor C. C. Furnas or Capt. Carl Y. Tengwald, commanding officer of Company A and custodian of the building. The mayor said, however, that it would be reasonable for the cities to take over care and operation of the armories and indicated that Medford would be ready to cooperate in any arrangements designed to aid in the national defense program. It was thought likely that the city council would give informal consideration to the matter at its regular meeting tonight, pending receipt of an official communication.

COUNCIL TO HEAR PAVING PROPOSALS

A public hearing will be held before the city council in regular session tonight on three street improvement proposals. The hearing will be held at 7:30, the regular council session to follow, in chambers on the top floor of city hall.

The proposed paving improvements: (1) Park avenue from Dakota avenue to the south line of Catherine street and Catherine street from Park avenue to King street; (2) Dakota avenue from King street to Peach street and Beekman avenue from Dakota avenue to the north line of lot 25, block 1, Tuttle's second addition; and (3) Mae street between Jackson street and Salling street. Other business to come before the council is expected to be mainly routine.

WINTER PREVIEW GIVEN REGION IN RAIN, SNOWFALL

Higher Peaks Whitened As Medford Valley Area Receives Welcome Moisture

Medford was given a preview of winter today. Snow gave winter coverings to the tops of Mt. McLoughlin and Mt. Scott and other high peaks in Crater Lake national park. It was snowing hard this morning on Mt. Scott, the lookout on the mountain reported to Rogue River national forest headquarters. No snow fell at the Crater lake rim level, however.

The lower altitudes were treated to a rain that was much needed for farm and forest lands. While the rain was light in the valley, it was received with welcome relief because of the lack of irrigation water for fall crops. The state and U. S. forest services also welcomed the rain as a forest fire preventive, though its value will be only temporary unless more falls. Up to half an inch fell in the forest areas; the U. S. weather bureau measured .10 of an inch.

Precipitation Heavy Total precipitation for the year ended August 31 was 22.60 inches, 4.52 in excess of normal, the weather bureau said. That compared with 25 inches in the comparable 1937-38 period, highest on record. Snow shortage last winter accounted for the inadequate storage of irrigation water.

The temperature early this afternoon stood at 67 degrees, six degrees lower than it was at the same time yesterday. Maximum yesterday was 76 degrees, lowest this morning 52. Offices were so cold this morning that girl employees wore overcoats. Forecast was for fair weather with considerable cloudiness, not much change in temperature.

Portland, Sept. 3.—(P)—Rain fell over most sections of Oregon yesterday, but the federal weather bureau predicted an early end to the September inclemency. Partly cloudy conditions today were expected to give way to fair weather tonight and Wednesday except for some cloudiness over the mountains and on the coast.

Portland got .20 of an inch of rain in the 24 hours ending at 4:30 a. m. today. Eugene received .09 of an inch, Bend .05, Hood River .13, Roseburg .06.

YOUNG UNION HEAD STIRS COMMOTION IN DRAFT DEBATE

Washington, Sept. 3.—(P)—William Kennealy of New York, a youthful union leader, rose from his gallery seat during house debate on conscription today and yelled out: "American conscription is American Fascism." He then dodged through a gallery door, but policemen set upon him and took him to the office of the house sergeant at arms.

On the route to that office, the police with their prisoner in custody encountered a delegation from the national maritime union's New York group. Kennealy said he was chairman of the NNU unit of a delegation of 600 which came to Washington from New York to oppose the conscription bill. Kennealy was released a few minutes after and left the capitol in a taxicab for the Union station, possibly to accompany the delegation back to New York.

New Charlie Chan Mystery

Called by critics the best Charlie Chan mystery yet, "Charlie Chan at the Wax Museum" opens for today and tomorrow only at the Rialto Theatre, promising tense thrill and thrill entertainment. Sidney Toler again portrays the famous Oriental sleuth. Others featured are Sen Yung, C. Henry Gordon, Marc Lawrence and Joan Valerie. The story is laid in a chamber of horrors which has become a murderer's hideout—before the hair-raising climax, Chan meets many an eerie adventure with mummies and killers.

"The Secret Seven," featuring Florence Rice, Barton MacLane and Bruce Bennett, plays as the second mystery feature with the Chan opus.

wounded another in a Labor Day escape from the Arkansas penitentiary here.

Two of the escapes, both ring-leaders, were captured after a 30-minute gun battle at Garland City, in extreme southwestern Arkansas early today. No one was injured.

Another gang of five armed convicts cornered along a highway near Columbia, La., at about the same time, killed Frank Gartman, a posseman, while using three youthful hostages as shields. The convicts, surrounded in a clump of trees two miles northeast of Columbia, still had with them the two girls and boy who were abducted yesterday when the men took their automobile at Rayville, La.

Gartman, Columbia automobile dealer, was shot and killed when, as a citizen-deputy, he approached the parked automobile of the convicts shortly after midnight. The abducted youths are Anna Laura Diamond, daughter of the Rayville marshal, Vonciele Williams and Jerry Harnigle, all about 16 or 17 years old.

Rev. Dawes will be heard again on KMED Wednesday at 1:30 p. m., giving studies on The Revelation.

Shirley Temple's Latest

A rollicking good time is promised Craterian theatre patrons starting tomorrow with the opening of the four-day run of the new Shirley Temple picture, "Young People," in which Charlotte Greenwood and Jack Oakie have the top featured roles with Shirley. Bubbling over with mirth and melody, "Young People" has made a greater hit with showgoers than any Temple picture in years—and proves that Shirley is still a great trouper, given the right sort of part to play. In this she plays the part of a youngster adopted by a couple of vaudeville performers and when she becomes a part of the act, everything that can possibly happen for riotous results is brought into play.

On the same program the Craterian will have Donald Duck and Pluto in a new Walt Disney cartoon in technicolor, "Put Put Troubles."

CARLOAD PLYMOUTHS ON DISPLAY TODAY

A carload of 1941 Plymouths was unloaded and placed on display at the showrooms of the Pierce Allen Motor company today, according to L. C. Taylor, owner.

Three more carloads will arrive within a few days with a wide selection of models and new colors, Taylor continued. The Dodge for 1941 is expected soon and will be equipped with the new fluid drive which is used to drive the car without a fixed mechanical connection at any desired speed without the shifting of gears, it was learned.
