Washington, Sept. 5.—(AP)—The navy disclosed new agreements with aircraft manufacturers today for 2,617 additional fighting and scouting planes and 27,000 airplane propellers. Formal contracts eventually will replace the agreements.

The 2,617 planes covered brought to a total of 3,648 the number of combat craft ordered under navy sponsorship. Some will be used by the army. Secretary of Navy Knox announced last week that formal contracts had been signed for 1,031 war planes as of August 15.

The agreements were in the same category as that announced last week with United Aircraft corporation for the delivery of 17,000 Pratt and Whitney engines for the army and navy during the 1941 and 1942 fiscal years at a total cost of \$160,000,000.

Declaring that as it passed the house the bill was "virtually incomprehensible," Alvord declared that the measure stood "as conclusive proof that, so long as your present legislative experts remain in office, anything can be drafted."

8 RESCUED SEAMEN RELATE GRIM STORY OF U-BOAT ATTACK

Baltimore, Sept. 5.—(AP)—Thirty-seven haggard and disheveled British seamen, eight of them injured, told a grim tale today of disaster and death in the war at sea.

Landed here unexpectedly last night by the Swedish freighter Eknaren, they were the sole survivors of crews of two British vessels, the 4,000-ton freighter Blairmore and the royal navy sloop Penance, both torpedoed and sunk August 24 about 700 miles off the Irish coast.

More than 100 of their shipmates were lost. Their stories, pieced together through a wall of censorship clamped down by British consular officials, indicated the eight injured men were the only survivors of the Penance.

These, burned, cut and dazed, were among the Penance sailors taken aboard the Blairmore when it sped to the flaming warship's aid—only to be torpedoed in turn a few minutes later by the same U-boat. With 29 Blairmore survivors, they were rescued again by the Eknaren.

BRITAIN ADMITS DESTROYER LOSS

London, Sept. 5.—(AP)—The admiralty announced today two destroyers, the Ivanhoe and Esk, had been sunk by torpedoes and mines and that a third, the Express, had been damaged.

A communiqué said: "The secretary of the admiralty regrets to announce that the destroyers H.M.S. Ivanhoe and H.M.S. Esk have been sunk

by enemy torpedoes or mines. "A German communiqué issued today claims to have sunk during the last few days five British destroyers, including the Express, Esk and Ivanhoe.

"The truth is that, apart from the Ivanhoe and Esk, no other British destroyer has been sunk although one destroyer, H.M.S. Express, was damaged but is safely in port."
