

### SOLDIERS ENJOY DANCE IN STREET IN K. FALLS STOP

Thousands Jam Four-Block Space for Entertainment; Ball Game Also Staged

Klamath Falls, May 23.—(P)—Thousands jammed into a downtown section of Klamath Falls last night as the town entertained visiting soldiers with a street dance.

Most of the 3700 troopers of the 66th artillery brigade and all the townspeople that could push their way into the four block area were on hand. The soldiers roared their appreciation.

Earlier, a team from the brigade had taken a 10-4 defeat at the hands of the local State league Pelicans in an impromptu baseball game.

En Route With the 41st Division at Red Bluff, Cal., May 23.—(P)—The public's attitude toward the army has changed radically since the defense crisis, enlisted men en route to war games agreed today.

Typical has been the public reaction during the 41st division's motorized movement south, which strung today from Fort Lewis to Marysville with more than 1800 trucks carrying some 11,900 men.

At every town, flags were flying from downtown lamp posts, and welcome signs were out.

### Ford Workers Ballot at Rouge Plant

Early shift employees of the Ford Motor company wait at a polling place in the Rouge plant at Detroit to cast their vote in the largest election of National Labor Relations Board history. More than 80,000 workers in the Rouge and Lincoln plants were eligible to vote on the issue of union representation.

#### People Buy Drinks

The people came out to the camps, invited the soldiers to make round trips to town with them. Many of the enlisted men report civilians bought them cool drinks and even proffered change.

With traveling temperatures around 100 degrees yesterday, the lead column of the 41st was to make its shortest move of the seven-days trip today.

#### Red Bluff to Marysville

The scheduled call for arriving in time for noon mess, and troops to be given the afternoon and evening off.

All the 41st division's motorized troops are on the road to the Hunter Liggett reservation. The first troop trains will leave the fort this evening.

Medical officers reported last night there were three cases of heat prostration en route from Klamath Falls to Red Bluff.

The lead columns of the northern army of 35,000 men are traveling to the June war games on separate highways, the 41st moving down the east U. S. highway 99, and the 3rd division units moving down the west route of Highway 99.

### GRIFFIN CREEK BONDS BOUGHT

Griffin Creek School District No. 2 bonds in the amount of \$8,000 were sold last night to Atkinson, Jones Co., investment firm of Portland at a premium of \$6.40. The bonds will pay 1 1/2 per cent interest. Announcement of the sale was made today by F. P. Farrell, attorney for the district.

The amount realized on the bond sale will be used in enlarging and remodeling the White school in the district.

Members of the Griffin Creek school board are R. R. Childs, chairman, Henry Hukill and Ray Guches, directors, and John H. Darby, clerk.

### Aerial Attack on Crete Demonstration of New And Practical Technique

By DeWitt MacKenzie Associated Press Analyst

The battle of Crete, which is fantastic that it has existed here of romancers, is giving us an unconflict of the future—the immediate future—for the air will play an increasingly vital part in the European conflict until the end.

for, as this column has pointed out before, I believe the decision in the great engagement of the Near East which is now opening up will depend in no small degree on the air. Indeed, aerial operations may prove to be the decisive factor.

**Practicability Shown**  
Whatever may be the outcome of this daring Nazi descent from the clouds into the enemy camp on the mountainous isle of Crete, Hitler has demonstrated that this form of attack is practicable. Thus it is bound to form a powerful weapon of offense from now on, and it is notable that Germany is the only nation thus far fully equipped to wage this new type of war.

The heavy British Royal air force attack on the German expeditionary force in African Libya is a natural answer to the Nazi assault on Crete. The immediate purpose of the British command is to compel the Nazis to divert to Libya a part of the air fleet they are using against the Greek island. This in itself is an indication of the gravity of the threat in the German attack.

There also may be a double purpose in the British bombardment of the Nazi column in Africa. Allied Commander in Chief Wavell may be ready to inaugurate a land offensive against the axis forces which are standing close to the Egyptian border, ready for a thrust towards the great naval base of Alexandria and the Suez canal. As the chessmen sit on the board now, that would seem to be General Wavell's next move.

**Syria Important**  
With the swelling of the conflict in the Near East, French mandated Syria has become a point of vast importance to both sides in the conquest. The first

present a new phase of war so before only in the imaginations forgettable picture of the armed ediate future—for the air will n the European conflict until the

belligerent to occupy Syria with military forces will have secured a key position.  
Recognition of this is seen in the reported advance of Free French forces into Syria from Palestine. It is seen, too, in Britain's warning to Vichy that French collaboration with Germany will force the allies to strike back—a warning which is directed at least in part to the fact that Nazi warplanes are using Syrian airdromes in transit to Iraq to support the revolt there against the British.

It wouldn't be surprising to see Syria become one of the big battle grounds of the Near Eastern battle because of its strategic position. For the Germans its possession would be invaluable not only for operations against Egypt and the Suez canal, but as a weapon with which to force Turkey to grant passage of German troops through her territory.

**Barrier to Advance**  
For the British, Syria would form a barrier against advance to the canal through Palestine, which is in many respects the most logical route. British control there also would relieve the German pressure against Turkey—a matter of the utmost concern to the allies at this moment.

Should the Germans gain possession of Crete they presumably would make an early assault on Britain's great naval base of Cyprus off the Syrian coast. However, it would be logical for them first to try to establish themselves in Syria.

**MISSIONARY PROGRAM**  
SUNDAY AT EAGLE PT.  
Eagle Point, May 23.—(Spl.)—A special missionary program

will be given Sunday at 8 p.m. in the Highway tabernacle here. There will be songs and special by the orchestra. The Sunday school children will take part in an exercise entitled "Beams from the Lighthouse". At 11 a.m. Rev. M. R. Brunwick, pastor of the tabernacle will speak on "The Life of Moses." The public is cordially invited.

### PINBALLS CAUSE BEER SUSPENSIONS

Portland, May 23.—(P)—Clackamas and Yamhill county campaigns against pinball machines that pay off caused the state liquor control commission to suspend 24 beer licenses for 10 days each yesterday.

The suspensions were on the ground that licensees had been convicted of a misdemeanor committed on the premises.

Cy Stocum's distributing company, Corvallis, and Clyde C. Stocum, owner, were prohibited by the commission from selling to five retail licensees for the remainder of 1941 as a penalty for mentioning their names over radio station KWIL, Albany.

The commission held that mentioning names of the licensees on a radio program constituted financial assistance.

### ROOSEVELT CLASS ENJOYS PROGRAM

The 6-A class of Roosevelt school was presented in a short promotion program in the school auditorium Thursday. The program was followed by a party in the lunch room given by a group of mothers with Mrs. Peter Bateman as chairman.

## In the lively old City of PILSEN men learned to brew the King of Beers

Beer from the pleasure-loving City of Pilsen had a brilliant clarity—a liveliness that came from long-lasting tiny bubbles rising continuously in your glass.

It possessed a flavor neither strong, bitter nor sweet. A light, mellow taste—marvelously satisfying.

A new appetizing smack that refreshed the drinker as no beer had done before.

at SAFEWAY

## Brown Derby Pilsner

Made by Salvo Brewery for Safeway

Will you accept an invitation? Will you taste at our risk a true-to-type Pilsner brewed in America?

We will leave it to you, after that, whether our Brown Derby Pilsner is twins with imported Pilsner.

We believe you will find in Brown Derby the sparkling lightness of Pilsner. The remarkably keen taste. The depth of flavor.

But you decide. After you've set lips to a cool glassful—after you've rolled Brown Derby Pilsner on your tongue, and tasted it in company with your favorite food—you judge Brown Derby for us.

WHEN you come to taste Brown Derby Pilsner, study the golden color, the crystal-clarity of the beer itself. Notice the tiny bubbles that race up to join the fragrant "collar." These are true Pilsner signs. Then drink... and judge! Unless you find Brown Derby Pilsner all we claim here—unless it satisfies you in every way—return it to the store where you bought it and they will refund your full purchase price.
