NINE EMPLOYEES OUSTED FROM BREMERTON YARD
Bremerton, Wash., May 29.—(AP)—Puget Sound navy yard announced today nine employees were discharged yesterday "in accordance with instructions issued by the secretary of the navy." The announcement, issued under the name of Rear Admiral Charles Freeman, commandant, gave no further information.

Plane Warning Service Planned
Roseburg, Ore., May 29.—(AP)—Tentative plans to establish an aircraft warning service filter center for the southern Oregon area were announced here today by Major E. H. Lawson of the army air corps and Major H. G. Miller of the army signal corps the center will utilize approximately 75 civilian women, and a small nucleus of trained army personnel, the officers reported. Between 150 and 200 observers will be scattered throughout the area between Roseburg and the California line.

Washington, May 29.—(AP)—Secretary Stimson disclosed today that a far-reaching undertaking to train 8,000 British royal air force flyers in this country would start June 7.

I. E. U. DISBANDS, MANY SIGN WITH A. F. L. WORKMEN

Announcement Claims CIO Maneuvering Thru NLRB for Eradication in Vote

Portland, Ore., May 29.—(AP)—The career of the Industrial Employees' Union, Inc., ended yesterday with a plea by the board of directors that its 6000 members join the AFL Lumber and Sawmill Workers' unions.

Dissolution of the union was announced by E. N. Wightman, treasurer, who accused the CIO International Woodworkers of America of "maneuvering" through the national labor relations board for a series of elections in which ballots provided only for a choice of the CIO or no union.

The probability that workers would accept the CIO rather than abandon representation prompted the dissolution, he said.

Approximately 1000 IEU members already have switched to the AFL, Wightman added.

In line with the dissolution of the Industrial Employees' Union, Inc., members of the I.E.U. local met and disbanded at Butte Falls last night, according to E. H. Card, field representative for the dissolved I.E.U. local.

Immediately following, an A. F. L. meeting was held, a local was formed and application was made for a charter in the Brotherhood of Carpenters and Joiners, Mr. Card stated. Several former I.E.U. members signed with the AFL, Mr. Card said.

The I.E.U. local consisted of about 80 employees of the Medford Corporation engaged in logging operations in the Butte Falls district.

A. E. Edmondson presided at the meeting held in Carson's hall.

BLACKS ENSLAVED BY GEORGIANS IS FEDERAL CHARGE
Chicago, May 29.—(AP)—Two Georgians—William T. Cunningham, an Oglethorpe county planter, and Hamilton McWhorter, Lexington lawyer and former president of the Georgia senate—were named in federal indictments today charging conspiracy to "hold Negroes in a condition of peonage and slavery."

The rare action was brought under the civil rights statute and charged the defendants conspired to deprive six Negroes, now in Chicago, of their civil rights under the 13th amendment which guarantees freedom from slavery.

A statement from the district attorney's office said the indictment charged that "for many years Cunningham had enslaved Negroes on his plantations, including them to come to work by promises of wages and by getting them out of jail or off of the chain gang. Once on the plantations, the Negroes were no longer free. They received no wages and Cunningham instilled in them the fear of running away by lashing them with straps and causing them to be imprisoned or sent to a Georgia chain gang if they attempted to run away."

The three counts in the indictment carry a maximum penalty on conviction, of 14 years' imprisonment and \$25,000 fine.

HEARST'S PAPERS HIS BIGGEST AID BRIDGES ASSERTS

San Francisco, May 29.—(AP)—The government began cross-examination of Harry Bridges today in its efforts to deport the CIO labor leader to Australia.

"Now, Mr. Bridges," asked Government Counsel Albert Del Guercio, "don't you attribute your success as a great labor leader, at least in a small way, to the support given you by the Communist party?"

"No," Bridges replied. "I think I may attribute it more to the attacks made on me by the Hearst press."

"But you have received the support of the Communist party?" Del Guercio asked.

"I wouldn't doubt that is correct," Bridges answered. "And you have supported the Communist party in your career?"

"Yes and no. I've supported individuals and policies of all parties."

"When and under what circumstances did you support members and leaders of the Communist party?"

"I haven't said I had supported leaders of the Communist party."

Del Guercio then turned the questioning to Bridges' experience in Australia before his arrival in the United States.

NATIONAL GUARD NEEDED LONGER

Washington, May 29.—(AP)—Indefinite military duty for the national guard was considered a virtual certainty by army officials today because of the unlimited national emergency proclaimed by President Roosevelt.

An early request to congress for authority to retain the 291,000 guardsmen in service beyond the current single year of training was accordingly anticipated, although no final decision has been disclosed on the question.

In the light of the threat to American security pictured by the chief executive, an informal official suggested it would be "hardly logical" to demobilize 18 full divisions of trained troops, representing more than half the number of such major units under arms in all the expanding land forces.

Glittering Revue Heads Screen Bill Craterian Theatre

Old attendance records were given the blitzkrieg treatment at the Craterian theater with the opening yesterday of "Ziegfeld Girl," to the largest crowd seen here for many a day. One of the most spectacular musicals ever screened here, "Ziegfeld Girl" keeps alive the tradition of the master showman whose glittering revues were the toast of all America.

It has everything a musical should have for tops in entertainment—an all-star cast, a powerful dramatic theme, musical numbers produced on a lavish scale, gorgeous costumes and the world's most beautiful girls. You don't believe it? Then you've got a surprise coming!

Outstanding are its five principals, James Stewart, Judy Garland, Hedy Lamarr, Lana Turner and Tony Martin. With them are such names as Jackie Winninger, Edward Everett Horton, Philip Dorn, Paul Kelly, Eve Arden and many other fine players.

The story itself concerns the rise of three girls, Judy, Hedy and Lana, from obscurity to fame in the Ziegfeld Follies. Their lives and loves with James Stewart, Tony Martin and Ian Hunter form a strong thread through the musical background which intersperses the story throughout in true Ziegfeldian style.

Judy Garland and Tony Martin take care of most of the song numbers, of which there are many outstanding ones, and do it in highly satisfactory manner. Incidentally, this little Judy really knows how to "sell a number"—and make it stay sold!

Railroads in the United States handled an average of 850 tons of freight per train in 1940, the greatest total on record.

Western Stars

Gene Autry rides the range in a swift-moving story of the West—"The Singing Hills," which comes to the Rialto theater for tomorrow and Saturday as the companion feature with "Power Dive," a daring and thrilling story of young American wings, starring Richard Arlen and Jean Parker.

A holiday schedule will prevail tomorrow (Decoration Day) at the Main street showhouse, with two complete showings in the afternoon as well as the evening. Pretty Virginia Dale and comical Smiley Burnette are cast with Autry.

56,000 PLANES NEW FUND GOAL

Washington, May 29.—(AP)—A combined army-navy airforce of 56,000 warplanes, informed legislators disclosed today, will be provided by the funds which President Roosevelt has asked of congress. The full strength is expected to be reached by the fall of 1943.

Members of the house military appropriations subcommittee said Robert P. Patterson, undersecretary of war, had told them that with funds in the \$9,452,890,000 war department supply bill which the subcommittee approved late yesterday, the army air corps would be able to acquire a total of 46,000 planes.
