BLAZING RUBBISH PERILS BANDSTAND

A small stand on the junior high school athletic field was scorched by a rubbish fire last evening but firemen kept the flames from the grandstand nearby.

Chief Roy Elliott thought the blize might have been started by children playing on the field but no one was around when the firemen arrived in response to a ward alarm. The firemen found a small pile of straw and other material on fire.

About 7 a. m. yesterday the firemen were called to the home of Kameichi Shimoda at 227 South Ivy street where it had been reported the residence was on fire. There was no fire but firemen found Mr. Shimoda dead, apparently stricken by a sudden heart attack. Mrs. Shimoda's call for help had been misunderstood by neighbors.

DAMAGE BY RAIN BELIEVED LIGHT

Rains of last week did some damage to cherry and strawberry crops, according to County Horticulturist C. B. Cordy, but the extent, regarded as small, will not be definitely known until a more complete check is made. It is figured the strawberries, past their peak, suffered most.

Picking of Bing cherries is scheduled to start today and tomorrow, and will be followed by the Royal Annes and Black Republicans. The Bings were reported bringing five cents per pound on the local markets.

Considerable hay down during the week-end rains is not believed to have been damaged much.

13 SCOUT TROOPS HAVE CAMPORALL NEAR PINEHURST

Boy Scout troops 4 of Medford, 31 of Weed, and 36 of Yreka were three among the four top winners of the Scout Camporall held last Saturday and Sunday near Pinehurst. The week-end camp, attended by 135 men and boys, was for scouts of Crater Lake Area council consisting of Josephine, Jackson counties, Oregon, and Siskiyou county, California; and the Modoc area council consisting of Klamath, Deschutes, Crook and Jefferson counties, Oregon, and Modoc county, California.

Thirteen picked troops from these eight counties in Oregon and California earned the right to participate by having previously been picked as winners at various district camporees.

The four troops rated as "proficient" were troops 4 of Medford, under Dr. G. K. Goodrich, scoutmaster; troop 31 of Weed; troop 36 of Yreka, and troop 4 of Klamath Falls.

Rated as "standard" camporall troops were troops 32 of Weed; troop 38, Hornbrook; troop 7, Medford, under Ralph Hulbert, scoutmaster; troop 1, Klamath Falls; troop 7, Merrill; troop 13, Lakeview, and troop 6, Klamath Falls.

Rated as "participating" were troop 9 and troop 18, Klamath Falls.

Fifteen competitive events were conducted. First place winner was troop 31 of Weed, with troop 7 of Medford, second; troop 32 of Weed, third; troop 1 of Klamath Falls, fourth, and troop 38 of Hornbrook, fifth.

In addition to ribbon trophies, a felling axe went to troop 31 for first and to troop 7 of Medford for second went a combination pick and trench shovel.

Sunday morning witnessed a bugling contest won by Delmer Kolda, troop 31, Weed; Ernest Norton, troop 36, Yreka, second, and Elmer Bashaw, troop 7, Medford, third.

Archery competition was won

by England, troop 6, Klamath Falls, with Anderson, also of troop 6 of Klamath Falls, second, and Burgess, troop 9, Klamath Falls, third.

Saturday night a campfire was conducted by Dwight Gilchrist, scout executive from Klamath Falls and in the morning a non-sectarian church service was held in camp. The entire camporall, which was the finale of a series of camporees held through the Modoc and Crater Lake Boy Scout councils during May was jointly conducted by Dwight Gilchrist of Klamath Falls and Kenneth Wells, scout executive of the Crater Lake area at Medford.

PATRIOTIC MOTIF IN CITY LIBRARY GARDEN

Thomas (Hungry) Higgins, city parks groundkeeper, has struck a patriotic note in his flower gardening on the public library lawn. At the West Main street sidewalk entrance, he has planted red geraniums, white lilies, and a blue border flower.

PROMPT PAYMENT of accounts builds a credit record of priceless value not only here at home but wherever and whenever credit is needed.

\$ PAYING by the 10th is a matter of keeping a promise because it is universally understood that the convenience of credit is granted on the promise TO PAY 10th of the month BY THE... 10th following purchase

\$ Each month, stores review their accounts to ascertain which customers keep promises and which do not—and the matter of keeping promises has a most important bearing on your future credit standing.

The CREDIT of a community reflects the THRIFTINESS of her citizens... A City with GOOD CREDIT is a good place in which to live!

THE SPIRIT OF 76

by JOHN CLINTON

When Mrs. C looks with longing at a new dress that the budget won't stand the she has a sure-fire cure. She goes down to ye olde beauty shoppe and has a hair-do!

Similarly when I hanker to trade in the Hispano-Plymouth on a new car with hydrophobic shift, I have an equally effective polioactive, which is to call the neighborhood Union Oil station to have them give the car a Stop-Wear Lubrication Job.

If you have passing pangs beyond your budget, I recommend this same treatment. Because Stop-Wear is no ordinary grease job. In the first place you can hear the difference in the way the old bus sounds quiet as a mouse.

Secondly, you can feel the difference in the smooth way the car shifts, steers and rides. And finally you can see the difference when the boys bring it back. The dust is wiped clean, the interior cleaned out, tires and running boards dressed, glass twinkling. You hardly recognize it as the same car.

But that ain't all, friends. For Union Oil Company and Stop-Wear dealers guarantee every Stop-Wear chassis lubrication against faulty lubrication for 1000-count em-miles! Not just a "promise"—but a written, signed guarantee, good at any Union Oil station in the west.

So, just for the fun of getting your car all fixed up for next to nothing, drive in to or call your nearest Union station and try it! If you don't like it, send your car to me, personally, because I do!

THE SMOKE'S THE THING!

The smoke of slower-burning Camels contains

28% LESS NICOTINE

than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!

MY CIGARETTE HAS TO BE MILD. I ALWAYS SMOKE CAMELS —THEY'RE EXTRA MILD

CAMELS ALWAYS TASTE SO COOL—SO GOOD!

SURE, THEY'RE SLOWER-BURNING—WITH EXTRA FLAVOR

It's Ralph Flanagan—swimmer of the world's fastest mile—lighting up that All-American mildness favorite, a slow-burning Camel

THERE'S only one Ralph Flanagan—only a limited few who can even give him a good race. But, as a smoker, he's no different from millions of others when he tells you: "Camel is the cigarette that is extra mild—and has a flavor that doesn't wear out its welcome."

Yes, in every walk of life—in the ranks of the Army and Navy, too—the brand that clicks is the flavorful cigarette that is extra mild with less nicotine in the smoke. Science confirms this advantage of less nicotine (see left, above), but get Camels and smoke out the facts about mildness for yourself.

HERE (closest to the camera) is Ralph Flanagan in action at Palm Springs. And they call that stroke a crawl! 5 times All-American—he swam the world's fastest mile in 20:42.6—and he still says: "I'd walk a mile for a Camel!"

BY BURNING 25% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to **5 EXTRA SMOKES PER PACK!**
