tarian, regime compared with which the fore-runner European regime—fascist and nazi—will find themselves far surpassed and perfected.

Says F. R. Dictator

"When it is desired to recall a dictator in the pure classic meaning of the term, Sulla is cited. All right, Sulla appears a modest amateur in comparison with Delano Roosevelt."

The fascist chieftain accused Turkey of helping Greece in her war with Italy, but declared Italy was maintaining a policy of "comprehension" toward Ankara.

Japan's attitude, he said, "is in perfect line with the tripartite pact" and she would be loyal to the axis in the event of "American aggression."

ROSE PRESIDENT OF P. O. CLERKS

William S. Rose was elected president of chapter 342 of the National Federation of Post Office Clerks at the annual dinner-meeting in the Hotel Jackson last night. He succeeds Rupert Maddox.

SLEEP SICKNESS ATTACKS HORSES

Several cases of encephalomyelitis, or California "horse-sleeping sickness," have broken out in the county and Dr. G. A. Giltzen, county veterinarian, advises horse owners to keep their animals away from flies or have them vaccinated. The latter prevention is proving very satisfactory, Dr. Giltzen said.

The veterinarian said that the disease became prevalent every year when the weather turned warm.

CIGARETTE TAX PETITIONS SENT

Between 500 and 700 signatures of Jackson county residents were on petitions which have been mailed to the secretary of state seeking a referendum on the proposed two cents tax on each package of cigarettes, for old age pension, some of the revenue going to the vocational education fund, under the bill's provisions.

A number of the names were stricken from the petition here because the signers were not registered voters. The eligible signatures were sent to the secretary of state's office.

Ashland, June 10.—(Spl.)—Millard Grubb, assistant postmaster here, and Ted Guetzlaff of Bellview passed the examination they took last January for the Ashland postmastership, it was reported in usually reliable sources today. Both are Republicans. Postmaster J. H. Fuller is retiring from the position.

Six took the examination. It was reported in political circles here that the executive committee of the Jackson county democratic central committee would meet in Medford tonight to consider the situation. There was some talk that the committee would ask for the holding of another examination.

Mr. Guetzlaff formerly operated Ted's feed store here.

FARMER'S HEIRS WIN HIGH COURT APPEAL

Salem, June 10.—(P)—The heirs of N. J. Lambert, Jefferson county farmer who left his \$18,000 estate to Frank N. Ate, who had leased Lambert's farm, won their suit today to invalidate Lambert's will, the state supreme court holding that Lambert was mentally incompetent when he made his will.

The decision, by Chief Justice Kelly, reversed the late Circuit Judge T. E. J. Duffy of Bend.

MAJOR KILLED WHEN ARMY AUTO DITCHED

Camp Hunter Liggett, June 10.—(P)—An overturning army command car, forced off the road by a speeding civilian, fatally injured Major Frederick F. Scheffler, 37, of Olympia, Wn., anti-aircraft officer for the 9th army corps and former West Point football star.

Another officer and a soldier were injured. Major Scheffler died in the King City hospital last night of a skull fracture and chest injuries.

BRITISH COLUMNS NEAR DAMASCUS

By Associated Press

On the middle east war front, British columns driving into French-ruled Syria were reported less than 10 miles from ancient Damascus, the capital, last night.

Early capture of the city was predicted by the British, who said their advance was proceeding smoothly.

Axis war planes were reported to have violently and continuously assaulted the British-fortified island of Cyprus for the past 48 hours, indicating that Germany may be preparing a "second Crete" invasion of the Mediterranean stronghold, 65 miles off the coast of Syria.

Reports on the blitz bombing of Cyprus came from the German-controlled Jelcoy radio station of Norway.

ARREST TWO JAPS AS SPY SUSPECTS

Los Angeles, June 10.—(P)—Al D. Blake, 50-year-old former yeoman in the U. S. navy, is charged with two Japanese with conspiracy in an asserted espionage plot against the United States but a federal official called him a hero today.

Blake, said an investigator in the U. S. district attorney's office, obtained "first-hand, on-the-ground" information which led to the arrest of Itaru Tatabana, 39, a lieutenant commander in the Imperial Japanese navy, registered as a language student at University of Southern California, and Torachi Kono, 56, for many years major-domo in the home of Charles Chaplin, screen comedian, and known as the most prominent Japanese in Hollywood.

The information against Tatabana and Kono charges they sought confidential reports regarding the firing record of the U. S. S. Phoenix in Hawaiian waters. Palmer said, however, that more than a truckload of information about the U. S. navy was seized at Tatabana's quarters.

the stock market today and favored steels, motors, rails and specialties extended their Monday's advance by one to around three points on the liveliest dealings in a month.

Stiffening of the administration's attitude toward defense strikes probably was one of the major influences in lifting sentiment.

Other props were seen in a batch of pleasing dividends and earnings compilations, signs of improving business including U. S. steel's announcement that May shipments were the largest for any month on record, and growing hopes the congressional tax program would be to the liking of industry.
