FOUR AUTOISTS IN TANGLE WITH LAW; TWO GIVEN FINES

The police drive on violators of the traffic laws gained additional momentum Wednesday with the arrest of four automobile drivers, two of whom appeared in city court this morning and were each fined \$25 by City Judge Allen D. Curry on charges of reckless driving.

Lewis H. Durst, of 309 East Jackson boulevard, city police charged, drove a car that collided with a machine operated by the Brack of Hill, Cal., in the 1300 block on North Riverside avenue about 10 o'clock last night. Durst was traveling south, Brack in the opposite direction.

Lloyd W. Silver, of Medford was also fined \$25 on a reckless driving charge, following an accident at Bartlett and Ninth street yesterday morning. Silver, police said, was traveling south on Bartlett street, and turned sharply east into Ninth street, striking a car operated by Warren S. Morgan, of 429 South Central avenue, who was driving west on Ninth.

Elvin Babcock, of 401 South Riverside avenue and Wray L. Shimfessel of the Crater Lake highway both were cited to appear in city court this afternoon on charges of violation of the basic rule, after their cars tangled in a mishap at McAndrews road and North Riverside ave. shortly before 1 a. m. today.

Police said both cars were traveling north on Riverside avenue at a high rate of speed, and at the McAndrews road intersection the machine operated by Babcock attempted to pass the Shimfessel auto just as both of them tried to turn into McAndrews road.

Following the crash, the Babcock car struck the street sign and the telephone pole at the northeast corner of the intersection, police said. Babcock's car was badly damaged.

The arresting officer said that he was pursuing the two machines, which were apparently racing, at the time of the accident.

TOKYO DISCOUNTS U. S. AID TO REDS

Tokyo, Friday, June 27.—(A)—Since United States aid to Soviet Russia will be directed against the axis, Japan cannot "take it lightly," the influential Tokyo newspaper Asahi said today.

Such help, however, will be "largely abstract" because of geographical and other factors, Asahi said, adding:

"Britain, Russia and the United States now have a common enemy, so cooperation may be expected."

British Mail Lost

LIBRARY PROWLER GETS \$4.68 FOR NIGHT'S EFFORT

Small change amounting to \$4.68 was stolen from the Medford public library by a burglar who ransacked every desk in the place Tuesday night but failed to find a hidden money sack containing \$35, city police reported today.

Entrance to the library was effected by prying open a small window just to the left of the main entrance, police said, which gives in to a small kitchen on the inside of the building. There, police discovered two jars of canned fruit, part of which had been eaten.

From the kitchen the burglar gained entrance to the main hall inside by removing a pane of glass from the connecting door, after which the prowler walked into the children's library room downstairs. In this room a desk drawer was pried open and two envelopes containing the \$4.68 fine money were removed, police stated.

The main inside door leading to the upstairs was pried open, police reported, and the burglar then ransacked the main desk, scattering 50 cents worth of stamps on the desk, and went through the desks in the library's office. Nothing except the money was reported missing, police stated.

The two jars of canned fruit were taken to the police station for fingerprints, and other articles also were examined for prints, police stated.

The Aleutian islands take their name from a Russian word meaning "bold rock."
