(At least one marine aboard the ship and some nurses were feared lost. Rescue of the others was reported by the United States navy.)

TIME LIMIT SET TO AVERT STRIKE

By The Associated Press.
The defense mediation board today set a time limit, 3 p. m. PST tomorrow, for the management of Western Cartridge Co., Alton, Ill., to accept or reject the board's recommendation to it recognize the AFL Chemical Workers union for its smokeless powder workers, and thus avert a strike set for next Sunday. Ralph Seward, board secretary, served notice on John Olin, vice president of the firm which holds about \$100,000,000 in defense orders for small arms ammunition. The board's recommendation was made Saturday. The board had declared that the sole issue is whether the company shall recognize the AFL union as bargaining agent for some 550 employees in Alton's plant's smokeless powder division. There are 6,800 workers in all at the plant.

The county equipment will also oil a mile section of the road near Memorial Park cemetery for the city.

County Engineer Paul B. Rynning said he hoped the oiling would be completed before it rains again. On previous occasions the start of the work has brought showers.

RIVAL UNIONISTS FIGHT IN 'FRISCO

San Francisco, July 2.—(AP)—Fists swung wildly as almost 1,000 men and women battled in a jurisdictional dispute between two hotel employees' unions last night.

AFL hotel and apartment employees had met to vote upon acceptance of a recently negotiated closed shop agreement with San Francisco hotel and apartment house operators. CIO United Hotel Employees, who had met nearby, adjourned and moved in a body to the AFL meeting.
