

URGENT NEED FOR HOLDING SOLDIERS SAYS ARMY CHIEF

Release at End of Year Would Be Fundamental, Tragic Error Is Assertion

Washington, July 17.—(AP)—General George C. Marshall, army chief of staff, testified today that there was an "urgent necessity" from a military standpoint for congress to declare a national emergency under which selectees, reserves and national guardsmen could be retained in service beyond the present one-year period.

From the strategic point of view, the army chieftain told the senate military committee, the efficiency of the war department and the military forces would be greatly improved if congress would act to clear away present prohibitions against longer service.

Would Be Tragic
To release the emergency soldiers at the end of a year, he declared, would be "a fundamental and tragic error" which would increase the chances of war. The present danger to the nation was "far greater" than when congress inaugurated the selective service program last fall, he said.

At the same time, Marshall told the committee it was absurd to believe he had an American expeditionary force in mind when he recommended continuing in service beyond a year the selectees, national guardsmen and reserves.

Testifying on legislation to lengthen the service of the emergency troops, the general said in reply to questions by Senator Austin (R., Vt.) that he would much prefer that congress declare flatly that the nation was imperiled, thus giving the war department more "elbow room" in which to work.

"The whole thing that remains," Marshall said, "is, 'is there an emergency?' I say

there is and the war department says there is. You gentlemen will have to settle it."

NORTH CALIFORNIA FIRED BY BOLTS

(By Associated Press)

Mountain thunderstorms started more forest fires almost as fast as others were controlled today in California. Nearly 3,000 men waged an unceasing battle on widespread fronts.

About 300 separate conflagrations were reported in 10 of California's national forests, but only a few were in valuable timber and no settlements appeared endangered.

The largest blaze was in the Modoc forest in the far northeast part of the state, where 90,000 acres already had been burned over. The fire was still burning today but had not spread appreciably, the U. S. forest service said.

Most of the 300 conflagrations were in the five national forests near the northern fringe of the state—Modoc, Shasta, Klamath, Trinity and Lassen. Others were in five east-central forests—Stanislaus, El Dorado, Tahoe, Sequoia and Plumas.

ALUMINUM MEET SLATED TONIGHT

The Jackson County Council of Defense sub-committee in charge of scrap aluminum collection will meet with representatives of various organizations at the Jackson County Chamber of Commerce at 7:30 tonight to arrange details of the campaign. Mrs. C. Reese Braley, sub-committee chairman, will preside.

The scrap aluminum, needed for defense purposes, will be collected throughout Jackson county July 21-29.

HANLEY UPHELD BY HIGH COURT IN WIFE'S SUIT

(Continued From Page One)

as entered may be amended accordingly.

No Conspiracy Seen
The high tribunal said the record is entirely devoid of testimony tending to establish Mrs. Hanley's theory that Most and Mrs. Bevan entered into a conspiracy to profit at the expense of Hanley or the community.

Mr. Hanley is still manager of the community, and he is the only one qualified to speak for it . . . and any request for removal of the trustee (Joe Most) must come from Hanley, the court said in answering another request by Mrs. Hanley.

As to allegations of the confession with respect to alleged invalidity of intermediary contracts between Hanley and Most, the court said the matters are separate and distinct from this appeal . . . and should be determined in a separate suit.

As to Hanley's case was remanded as indicated and as to the other respondents, Most and Bevan, the lower court judgment was affirmed.

After trial in lower court, which issued an injunction preventing disposition of property and restraining other defendants from further exercising any power under the voting trust agreements, the above referred to sale of stock to Most by Hanley was entered into.

After learning of the contracts Mrs. Hanley brought contempt proceedings against Most.

In a separate opinion, the court said it was of the opinion it would be better to defer the matter of punishment for contempt of Most for violating the provision of the order prohibiting transfers, until it is determined whether he also violated the gift provision. For that reason, the case was remanded to the superior court to proceed as the high court indicated.

All parties to the above proceedings are well known in Medford, Mr. and Mrs. Hanley being former residents and still owning a ranch here. The Pleasant Creek Mining corporation operates a bucket-line gold dredge near Wimer. Mr. Hanley is listed as president, and Joe Most as vice president, manager and treasurer. Mrs. Bevan has resided in Medford for a number of years.

13 UNION CREEK FIRES RECORDED

Rogue River national forest headquarters announced this afternoon that lightning last night set 13 fires, all in the Union Creek district. Crews had been dispatched to all and no serious trouble was anticipated. The fires were all described as small.

The state forest patrol reported that lightning set 23 fires in this district, ranging from the northeast corner of the district around Prospect and Butte Falls across the northern part into Josephine county. Sixteen of the fires were in Jackson county, seven in Josephine. None was considered serious. Crews of two to three men had been dispatched to the fires.

MANY BOYS GO TO AIRPLANE PLANTS

Thirty-seven local youths have left here in the past three weeks for employment in Pacific coast aircraft plants, the latest group being four who reported for work Monday at the Boeing Aircraft company in Seattle. They were enrollees of the local aviation sheet metal classes being conducted at the high school.

The boys were L. A. Hobbs, Sheldon Muir, J. E. Darling and Tommy Nutwick.

SUSPENDED SENTENCE FOR BT. FALLS YOUTH

Douglas E. Jones of Butte Falls, charged with burglary not in a dwelling was granted a suspended sentence in an order signed yesterday by Circuit Judge H. K. Hanna. Jones and another youth of the Butte Falls section were charged with robbing two cabins in the vicinity. Jones also entered a plea of guilty to a charge of dynamiting a fish pool. He was fined \$25 and costs on the latter charge. He has been in the county jail for about two months. The other youth has not been apprehended.

De-livered
Ketchikan, Alaska.—(AP) Deep down in the sea the search for vitamins goes on. Halibut livers, once discarded as waste, gave fishermen a steady source of income when processed for oil and now the fisheries laboratory here studies all sorts of livers. Cod, sharks, red snapper, even

the despised dogfish, are getting the once-over.

Wall St. Report

New York, July 17.—(AP)—A lazy downward trend was exhibited by most stock market leaders today although scattered favorites managed to contest the drift with modest advances.

Hesitancy was the rule at the start and losses of fractions to a point or so were widely distributed at the close. Lack of important offerings, however, was comforting to bullish opponents. Transfers of around 500,000 shares were the smallest for a full stretch since July 3.

BOOST FLOW OF LIVER BILE

Normally about a quart of these digestion-aiding bile juices should flow freely into your intestine every 24 hours. A scanty flow—a slowing up—may mean Sick Headaches, so-called Biliousness, Poor Digestion, that "half sick" sour feeling and most probably constipation.

Avoid Calomel or other drastic drugs. Get a bottle of Kruschen Salts tonight; start right in tomorrow morning and take half a level teaspoonful in three-quarters of a glass of water (hot or cold) half an hour before breakfast, and keep it up for 30 days. Now you'll know what it is to get up feeling fit and ready for a real day's work. Try Kruschen for the next 30 days and see what it means to you when Bile Flows Freely.
