New Plymouth Special Deluxe On Display

Here's the first photo of the new Plymouth being presented by Humphrey Motors, local DeSoto-Plymouth dealer, this week. Greater lowness and width keynote this new Plymouth design, while both performance and economy are better through use of a new, thrifty, 95 horsepower engine. Increased power at lower engine speeds, permits a lower rear axle ratio, thereby saving on fuel. Running boards are enclosed and concealed by the wide, low sweeping body lines—and riding comfort is further increased as the whole car is lower to the road than before. This is the special Deluxe 4-door Sedan.

"God grants liberty only to those who love it, and are always ready to guard and defend it..."

Liberty is something that we give too little thought to. We're apt to take Liberty for granted. We often forget that the privilege of reading and writing and saying and thing and doing as we please is a God-given right—one that is ineffably valuable—one that we should love and be always ready to guard and defend.

The Mail Tribune and the Free Press of a Free America are as much guardians of our Liberty as are those boys who are training for the guardianship of it in camps throughout our country. . . .

As long as America's Newspapers print the words and thoughts of America's free people, just so long will America's people BE free. Your newspaper loves Liberty—it is prepared to guard and defend it.
