Spirit of Revolt Grows in Norway

Stockholm, Sweden, Sept. 12.—(AP)—Reports from Oslo today said a spirit of revolt against the German-supported Quisling government was growing rapidly in Norway and a gigantic conflict was indicated in the next few days with the trade unions leading the opposition to the nazis.

The unions have about 350,000 members.
A great many persons were reported arrested at a number

of places in Norway Thursday. Ludvik Buland, vice president of the labor federation, was sentenced to death and then paroled by Josef Terboven, nazi Gauleiter for Norway, as official accounts said "labor peace was restored and there were no episodes of any kinds."
New York, Sept. 12.—(AP)—The B. B. C. said in a broadcast today that a German munitions depot in Norway had been stormed by a group of Norwegian "patriots" and that seven airplanes had been destroyed and many German soldiers killed at an adjacent airbase.

Wall St. Report

New York, Sept. 12.—(AP)—Equilibrium was the word for most markets today in the wake of the president's sea-defense warning to the axis powers.

Commodities put on another burst of strength in the forenoon, with soybean and world sugar futures at record highs and cotton hitting a new 12-year peak. Profit selling on the recent run-up in this department was an unsettling influence at the last.

Transfers were around 550,000 shares.
