Pencil Industry To Help Defense

Washington, Sept. 12.—(AP)—The lead pencil industry agreed today to curtail its use of brass bands on pencils to help the armament program.

JOBLESS BENEFITS AT LOWEST LEVEL

Salem, Sept. 12.—(AP)—The State Unemployment Compensation commission paid out only \$109,590 in benefits during August, lowest monthly total in the commission's four-year history and only half the amount paid in August, 1940. There were only 1,937 checks mailed during the month, and only 1,343 last week.

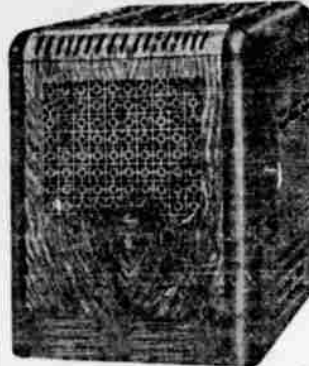

Benefits are expected to be still lower in September and October.

The commission paid out \$2,037,234 during the first eight months of 1941, compared with \$3,210,513 and \$4,728,632 in similar periods of 1940 and 1938, respectively.

With the commission's reserve fund now standing at \$13,984,258, the commission said the \$14,400,000 "ceiling" would be reached by December 31, thus doing away with payroll tax rates above 2.7 per cent. The rate now ranges from one to four per cent.

Activity in Sweden's shipyards is being maintained at a relatively high level, the department of commerce reported.
