

## Draft Registrants -Over 28 Years Old Put in New Class

After becoming familiar with all the original classifications, selective service registrants are having a little difficulty over the latest one cooked up by the government. It is classification I-H.

Headquarters of the two local selective service boards here said today that many registrants receiving cards designating their classification as I-H have called to find out what it means. Here is what board headquarters said it means:

"In class I-H shall be placed each registrant not a volunteer who on or before July 1, 1941, had attained the 28th anniversary of his birth and who upon classification is not classified in class I-C, class IV (other than IV-E), class III or class II."

If there is still any question in registrant's mind, board headquarters, open during regular business hours, are in the old Farmers and Fruitgrowers bank, West Main and Grape streets.

Exports of merchandise for relief or charity totaled \$21,883.753 in the January-June period.

## CLINE TRIAL SET IN SMASHUP CASE

A justice court jury trial of Stephen J. Cline, charged with passing another auto with insufficient clearance has been set for next Tuesday by Justice of the Peace Coleman.

The case arose from an auto accident last June on the Pacific highway near Central Point in which an auto driven by Cline collided with a Greyhound bus, resulting in injury to nine persons, including Cline, an airport employee.

In justice court yesterday Edward R. Paxton, Jacksonville, was fined \$1 and costs for failure to stop at a highway intersection; Otis M. Garrett, Talent, was fined \$2.50 and costs for passing another auto with insufficient clearance, and Charles F. Angle, Sams Valley, was assessed \$1 and costs for having no operating license.

## BEWARE of Unknown Brands!

No need to take chances . . .  
This is the brand you should select . . .

So-called "bargain price" foods, sold in "odd sized cans", at so-called "reduced prices" are really high-priced and frequently second rate. If you really like your stomach—if you are serious about health—follow the lead of experienced buyers—insist on Royal Club canned foods, spices and coffee. More local women prefer it day by day.
