

THE GRANGE

Talent Grange met Septem-

ber 18, at which time two members were added, the Rev and Mrs. C. W. Asseltorf.

Grange decided to support the Home Economics club rummage sale to be held in Medford Saturday, October 4. Each member is asked to bring to the next Grange meeting old clothes or other suitable articles or have them brought by someone.

Talent Grange had the honor of having one of its members, Marian Borg, appointed regional chairman of the T. G. A. for southern Oregon. This district includes Klamath, Josephine and Jackson counties.

The evening's program opened with group singing. The rest of the program was in the nature of a question box with each member asking a question and the one who drew it attempting to answer.

Booster night will be observed at next regular meeting, October 2. All old members who haven't been in regular attendance are asked to make a special effort to be on hand and every one is asked to bring any one they think would be interested in becoming a member. A suitable program is being planned and a good time is in store for all.

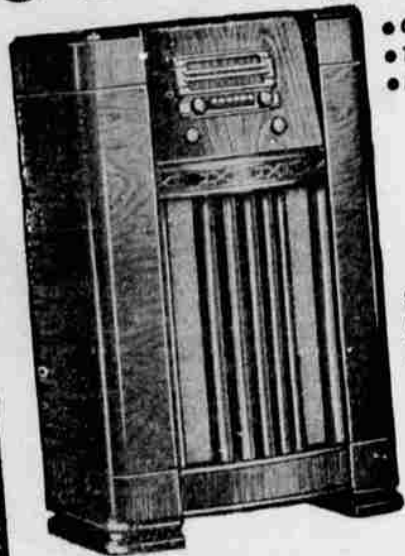

The U. S. S. Silversides is the first submarine to be built under the new defense program.
