P.T.A. OF COUNTY SOLICITS HELP IN CARRYING BURDEN

Effort To Create Calm, Stabilizing Influence On Young, Cited In Drive.

(By Mrs. John Bohnert)

Local Parent-Teacher units throughout Jackson county are participating this week in a state wide membership drive.

With defense efforts being stressed in every field, the P.T.A. goal of a 10 per cent increase in membership is another phase of this effort. Upon the home and school rests the important task of creating a calm and stabilizing influence in the lives of young people during this period of unrest, and in building strong citizens for an uncertain future.

From the national congress down to the smallest local unit, P.T.A. will strive to retain, in the face of the emergency, the essential services for children in health, recreation and education, and to strengthen home defenses by increasing stress on nutrition, education and happy home environment.

Increased membership means increased influence as new members carry information to friends and neighbors. Complete success of the form of defense effort outlined by P.T.A. can be assured only if the various phases of education reach those whose need is greatest.

So, every member is urged to turn in his dues now, and to do his part in interesting others in P.T.A. activities. Membership week ends October 6 and reports should be sent to county membership chairman, Mrs. H. H. Elhart, Ashland, on or before October 8.

Rogue River Valley Chorus Plans Programs for Season

The Rogue River Valley Teachers' chorus and Rogue River Valley Men's chorus met in the senior High school Monday night and organized and made plans for the coming year. The new chorus will be called the Rogue River Valley chorus and will be under direction of Miss Marjorie Burton, Medford music supervisor. Miss Olive Curry was elected president and Miss Helen Leach secretary-treasurer.

The chorus, composed of men and women of the valley interested in chorus singing, will rehearse each Monday at 7:30 p. m. in the music room of the senior High school. Best access to the music room will be through the back door of the south wing of the high school.

A series of programs is being planned throughout the valley and an interesting year is looked forward to under the direction of Miss Burton who is a new personality in the Medford community and who brings many new and interesting ideas in regard to chorus singing. A well attended rehearsal was held at the first meeting and it is hoped that future rehearsals will be well attended.

It is particularly emphasized that the chorus is composed of both men and women and is not restricted entirely to teachers or members of the teaching staff in the county. It is the only independent chorus in the valley and it is hoped that it will be able to contribute much to the music programs in which the public will be interested.

WIN OR LOSE

JOE DI MAGGIO

KIRBY HIGBE AND MILLIONS OF FANS AGREE—"THERE'S NOTHING LIKE A CAMEL"

PITCHING versus POWER. That's the story of the classic to come. And in the blazing speed and skill of Brooklyn's Kirby Higbe is all the pitching prowess so traditional in the National League. Carolina-born, Kirby Higbe likes his cigarette "milder, but with plenty of honest-to-goodness flavor." Naturally, he smokes the cigarette of costlier tobaccos—Camels.

JOLTING JOE of the "BOMBERS"
He's more than a symbol of American League power at bat. Joe DiMaggio is power itself. Game after game, for 56 consecutive games, he came through with at least one hit. And day after day, he chooses Camel cigarettes—because, in his own words: "They're milder."

I PICK CAMELS EVERY TIME. THEY'VE GOT THE WINNING FLAVOR

SAYS KIRBY HIGBE: "When you've been in there throwing everything you've got, there's nothing hits the spot like a Camel. No matter how much I smoke, Camels never wear out their welcome. And I like knowing there's less nicotine in the smoke of Camels."

SAYS JOE DI MAGGIO: "Camels have been my cigarette for years. There's less nicotine in the smoke and that extra mildness is important to a smoker like me. On top of that, Camels just always taste better. They're a cigarette that's really fun to smoke."

YOU BET I SMOKE CAMELS. ALONG WITH ALL THAT SWELL FLAVOR, CAMELS ARE EXTRA MILD

THE SMOKE OF SLOWER-BURNING Camels contains 28% LESS NICOTINE

than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!
