The Better Way to Treat Constipation

One way to treat constipation is to endure it first and "cure" it afterward. The other way is to avoid having it by getting at its cause. So why not have yourself those dull headache days, plus the inevitable trips to the medicine chest, if you can do it by a simple common-sense "ounce of prevention?"

If your trouble, like that of millions, is due to lack of "bulk" in the diet, "the better way" is to eat Kellogg's All-Bran. This crunchy, toasted, ready-to-eat cereal has just the "bulk" you need. If you eat it regularly—and drink plenty of water—you can not only get regular but keep regular, day after day and month after month! All-Bran is made by Kellogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.
