

Melvyn Douglas, Ruth Hussey Stars Of "Our Wife" On Craterian Bill

ELLEN DREW WINS ACCLAIM FOR TOP WORK IN COMEDY

John Hubbard, Charles Coburn In Supporting Cast—Three Day Run.

Melvyn Douglas, Ruth Hussey and Ellen Drew come to the Craterian theatre today for a three-day showing of "Our Wife," praised by preview audiences as the "most exciting triangle that ever made a guy run around in circles."

Douglas, the "guy" in the case, is seen as a brilliant musician who doesn't even know he is the main prize in a romantic contest between his co-stars. Miss Hussey, abandoning her hitherto sedate and dignified screen characterizations, appears as a coldly scientific young woman whose interest in romance has been practically nil until she falls in love! An amateur in the fine art of man-hunting, she pits her brains against the more positive allurements employed by the curvaceous Miss Drew, only to learn with sudden and startling rapidity it's not a woman's brains that cause a man to yell "uncle!"

Armed with this knowledge and awake to her own beauty, she does her best to adapt the techniques used against her by the willer, wiser Miss Drew. The battle royal thereupon precipitated is said to provide the complications and the entertainment which makes "Our Wife" the top fun show. John Hubbard and Charles Coburn head the supporting cast.

"March of Time" On Craterian Program

"Thumbs Up, Texas!", the latest March of Time film opening today at the Craterian theatre, will give local movie-goers an opportunity to become acquainted with the biggest, most fabulous state in the U. S.

Portraying Texas and all she stands for more completely and dramatically than any film on the Lone Star state that has hitherto reached the screen, "Thumbs Up, Texas!" reveals in a unique manner the state's varied and extensive natural resources, its military preparations today, and the colorful institutions for which the Lone Star state has long been famous.

Gestapo's Role Is Revealed in Drama

Drama that a few years ago people would have called fantastic has been taken from newspaper headlines to make "Underground," which opens today at the Rialto theatre, one of the most exciting as well as illuminating films to have come from Hollywood. The underground movement, which is the bane of the Gestapo officials has been woven into a deft background for a story that is surefire dramatic entertainment, well cast with talented players.

Jeffrey Lynn has the role of an enthusiastic young soldier and in a featured role of a violinist who acts as an underground agent is beautiful and talented Kaaren Verne. Among a list of important supporting players are Philip Dorn, who played prominent roles in "Escape" and "Ziegfeld Girl," and Mona Maris, dark-eyed charmer of "Flight From Destiny."

Knights of Columbus Ask All to Pray For Peace Armistice Day

Crater Lake council of the Knights of Columbus suggested yesterday that at noon on Armistice day every one pause for a minute in prayer for "a just and lasting peace." Persons of all faiths were asked to join in this minute of silent prayer.

This idea, the council spokesman said, was suggested by the plan of the city of St. Louis to halt all activity at noon Armistice day for two minutes of prayer. In St. Louis the beginning of the period of prayer will be signaled by the peal of church bells. All churches and synagogues will be open for the convenience of persons who wish to enter for prayer. Persons not near a place of worship will be asked to stop whatever they are doing and join in the

Members of both of our orders feel deeply that AMERICA remains the bulwark of FREEDOM in the world—the freedom for which this great nation was founded. We should rejoice in the consciousness that this government is truly one, "of the people, by the people and for the people." We should humbly give thanks to God that we are AMERICANS—the most blessed of all the people of the earth! We should be willing to defend the AMERICAN ideals of government, to cherish them and hand them, unblemished, to those who shall come after us. Let us keep the torch of freedom burning on the altar of liberty.
