

Blankets, Comforts, Bedding Practical, Luxurious Gifts

"Kirkland." St. Mary's new gift blanket featuring a deep binding of Dress Stuart clan plaid. Blanket in 100 per cent pure virgin wool in white or cream.

Style and quality are stressed in gift blankets, which range all the way from part wool and rayon mixtures up to finest virgin wool. . . all clearly marked as to fiber content . . . many pre-shrunk and moth resistant.

Solid color blankets are the best sellers . . . medium or French blue, dusty rose, green, gold, peach, wine or white . . . plaid blankets in light or dark colors.

Ombre toned woven border effects featured in some of the better blankets.

Rayon satin or taffeta binding in self color or two tone satin binding are most popular. Plaid or floral patterned binding, a new style detail on the higher priced gift blankets, all of which offer lasting comfort.

Monogrammed blankets for the girl or boy away at college are offered in darker practical colors as well as the lighter tones. Monogrammed blankets for the home in the usual solid colors or white with monogram 12 inches high in color to match the binding. Monograms may be stitched or applied.

Comfortables
Wool or down filled comfortables are the preferred gift types in medium and high priced brackets. The more luxurious types of down filled comfortables, in shimmering satin or rayon taffeta. Soft pastels or jewel tones, many with simple

or elaborate trapunto type embroidery.

More practical and less expensive gifts are the wool filled comfortables or quilts with covering of lustrous rayon taffeta or satin in pastel or high shades. Straight lines or scroll quilting, trapunto embroidery or scalloped sides are some of the interesting style details of wool filled quilts.

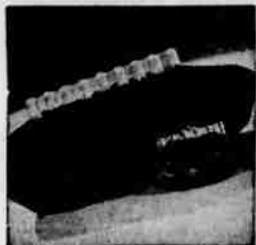

Bedspreads
Beautiful styling and exquisite colorings have placed chenille tufted bedspreads on the preferred list of both practical and luxurious gifts.

One of the newest developments in styling is the use of uncut chenille combined with regular tufting.

Chenille tufted bedspreads combined with punchwork in elaborate pastel center or border bow knots or bouquets have remodeled designs of flower medallions, inline gift appeal.

As a diversion, King Gustaf V of Sweden does embroidery work and makes presents of his handiwork to members of his family.

Handbags Ideal Gift For Young and Old; Many Styles Shown

A Lewis bag with matching change purse in draped broadcloth with clear-as-crystal lucite frame.

There's a merry Christmas "in the bag" when the giver remembers handbags, for young and old.

There are plushy little bags, in muff or animal shapes, for the little miss who found pennies in the toe of her stocking, and needs a purse for her wealth. Other "little girl" delights are miniatures of grown-up handbags, complete with slide fasteners and pocket mirrors, in either fabric or leather.

For old sister there are plaids and pigskin, wools and wonders in smooth leather that borrow their colors from Christmas itself—holly red and brightest green.

Grown-up gift lists, for sister, mother, aunt or sweetheart, can be checked off with a minimum of fuss and worry, at any smart hand-bag counter. Muff bags in fur fabric, or coating fabric trimmed with fur, are a welcome gift for most any woman. Leather bags, with multiple compartments, and a generous sprinkling of zipper-pockets, are a delight to older women—particularly those who take their budgeting seriously. And for lighter moments, the assortment of evening bags is dazzling, and quite the answer for her gift—in glitter versions of rhinestones or sequins; and lovely heirloom types in tapestry or metallic fabrics.

Fog Landing Beam Sought For Ports

Portland, Ore., Nov. 26.—(P)—The federal government has recommended that the Portland Columbia airport be equipped for instrument landings during fog. W. A. Cuttings disclosed yesterday.

A similar recommendation has been made for the Everett, Wn., airport, the federal airway communication aide said.

The equipment, used only experimentally to date, provides a descending radio beam on which pilots can glide to landings.

Congress is considering a bill to authorize a sailor's medal for distinguished service "not involving actual conflict."
