F.D.R. HINTS U.S. AT WAR NEXT YEAR

Kelly's Comment

From Washington
Seek Compromise On Power Chief
McNary Serving As Go-Between
Knut Hill For Ickes as Chief

By John W. Kelly
Washington, D. C., Nov. 29.—In the executive office last Friday Harold Ickes, secretary of the interior, sat down with President Roosevelt and shared the latter's lunch, which was rolled in on a tray, piping hot. Between bites the two discussed something very important to the people of the Pacific northwest—the appointment of an administrator for all of the power generated by the government projects at Grand Coulee and Bonneville. It was, they believed, a compromise which would meet with approval of the various factions in Washington, Oregon and Idaho who are at loggerheads; appease the advocates of "home rule" as well as the free-power-for-nothing group.

As Secretary Ickes walked in for his lunch and conference, Oregon's Senator McNary walked out with a commission from the president to see Washington's Senator Bone and learn whether the compromise would be satisfactory to that legislator. The Washington legislator, who has a power authority bill of his own, left Walter Reed hospital last week and as soon as able will return to his office on the floor of the senate. The Bone bill wants no part of Ickes in the power policy of the northwest; opposes any direction of the government-owned plants in the Columbia river from the national capital 3000 miles away; favors home rule.

THE compromise proposed by President Roosevelt and the bill of Senator Bone have just one (Continued on Page Nine)

War Bulletins

Cairo, Nov. 29.—German and Italian forces trapped east of Tobruk have reassembled "their remaining tanks" and, in a mighty effort to escape from their encirclement, have smashed head-on into a British wall and become a deadlocked in a new major tank battle, the British announced today.

London, Nov. 29.—(AP)—At least eight German transports and supply ships carrying reinforcements to the Marmara front, near the Soviet Arctic port, have been sunk by British submarines, the admiral announced late today.

With the British Eighth Army in Cirenaica, Nov. 29.—(AP)—The Germans began to use heavy artillery today in the Libyan desert battle, possibly indicating that their tank strength is nearing its end.

Batteries of their big guns suddenly appeared on the battlefield. We can hear cannonading of a spirited battle to the north of us.

Berlin, Nov. 29.—(AP)—The German high command acknowledged today a partial withdrawal from Rostov on the Don but on the Moscow front, according to DNE, three strong points on the capital's defense line have been wrested from the red army.—Klin, Solnetschnogorski and Volokolinsk.

New York, Nov. 29.—(AP)—The German radio reported today that the Crimean port of Balaklava, just southeast of the Russian-held naval base of Sevastopol, had been occupied by axis troops.

CHIEF EXECUTIVE SOUNDS WARNING AT WARM SPRINGS

Belated Thanksgiving Dinner Occasion To Review Nation's Danger.

Warm Springs, Ga., Nov. 29.—(AP)—President Roosevelt said tonight it was always possible that "our boys in the military and naval academies may be fighting for the defense of American institutions" by next Thanksgiving. Then he conferred with Secretary Hull by telephone, and considered rushing back to Washington because of the latest turn in the Japanese situation.

Mr. Roosevelt made his ominous statement about the possibility of fighting at a dinner at the Warm Springs Foundation for Returning to the "little white house" on Pine mountain, he found a call from Hull awaiting him, and reached the opinion that he might have to leave here tomorrow afternoon, and arrive in Washington Monday morning, in view of a statement by Japanese Premier Hideki Tojo.

He spoke of people in other lands overrun or attacked and those even in countries which are attacking. Then he added solemnly: "I think we can offer up a little silent prayer that these people will be able to hold next year a Thanksgiving more like an American Thanksgiving. That is something to dream about, perhaps."

"In days like these, our Thanksgiving next year may remind us of a peaceful past; it is always possible that our boys in the military and naval academies may be fighting for the defense of these American institutions of ours."

The president, who twice postponed trips to Warm Springs, where he had planned to observe Thanksgiving, said he could not help thinking of those things and the dangers overhanging the country while he was in Washington contemplating his journey a week and a half ago. And he said he might have to go back tomorrow or the next day, but he did not know.

Whimsically, the chief executive noted that he had been unable to be present here either on the Thanksgiving date he proclaimed or on the traditional date a week later. Tonight's dinner was something of a "third Thanksgiving" for him.

And, he said, this was a year for Thanksgiving especially because the people in the Warm Springs dining room, in the community, the state and the United States were in a very unique position today. The United States is one of the largest nations in the world, Mr. Roosevelt remarked, and nearly all the other large nations are involved in a war of some kind or normal lives within them are almost completely blotted out or controlled by a dictator.

Leading up to his remark that men from the military and naval academies might be fighting for defense in a year, the president said he had listened to broadcasts of two football games this afternoon, between Georgia and Georgia Tech at Atlanta and the Army and Navy at Philadelphia.

"They were great games, run in the spirit of peace," he said. "And the right kind of national spirit of peace is necessary for the right conduct of either the Georgia game or the Army-Navy game. In how many other countries in the world could there be things like that going on?"

RUSSIANS RETAKE ROSTOV, KEY CITY, NAZIS FLEE ARMS

Menace To Caucasus Oil Ends—No Decision In Battle Near Tobruk.

London, Sunday Nov. 30.—(AP)—The Moscow radio announced today German forces had been driven from Rostov, and were being pursued by the Soviet toward Mariupol.

(By Associated Press)
The climactic struggle over the Libyan desert sands began Friday morning southeast of Rezegh, 10 miles from Tobruk, and was reported still raging in full violence "without either side having given or gained ground."

A British spokesman said the Italian Ariete ("battering ram") division had managed to join the German panzer forces for a concerted smash at the walls of the British trap.

With the clash of steel monsters, the heaviest infantry fighting of the 12-day-old campaign was reported raging around Tobruk as the British sought to broaden the Rezegh-Tobruk corridor while axis troops attempted to maintain their seven-months-old siege lines around the Mediterranean port.

Moscow, under the direct threat itself, proclaimed tonight (Saturday) that Rostov on the Don had been delivered, its German captors routed from their week-old prize and plunged into westward flight by one of the most startling counter-offensives of the war.

The sharpest menace to the oil rich Caucasus thus apparently had been shattered, for Rostov is the northern gateway to that vital region.

Premier Joseph Stalin sent a message of congratulations to the southern commanders for "deliverance of Rostov from the Fascist invaders" and "raising again our glorious Soviet flag in Rostov."

Declaring the southern army of Field Marshal General Ewald von Kleist smashed, the Russians said four divisions—the 14th and 16th tank divisions, the 60th motor division and the S. S. Viking division—were in full flight toward Taganrog, 40 miles west of Rostov.

The Moscow radio said red troops recrossed the Don and invested Rostov from the south in their major assault while other troops broke through to the northeast. The Germans were said to have lost 5,000 killed.

Adolf Hitler's high command already have acknowledged a partial withdrawal from the city.

London, Nov. 29.—(AP)—Two British submarines have sunk at least eight axis troop transports and supply ships carrying reinforcements in men and material to the German and Finnish forces on the Murmansk front in the Arctic, the admiralty stated today.

Two of the ships sunk were known to have been troop ships, a communique announcing the actions said.

In addition five other vessels were damaged by torpedoes and gunfire, four of them "so seriously damaged that their destruction is considered probable," the admiralty said.

WIFE MADE BOOZE, KEPT HUSBY HOME

Milwaukee, Nov. 29.—(AP)—Mrs. Helen Kazar, 58, testified in federal court that the reason she made illicit liquor at home was to keep her husband, Anton, 60, out of taverns.

That way, she said, she could put Kazar to bed when he had drunk too much.

Federal Judge Duffy fined Kazar \$50 and his wife \$250 on charges of possessing an unregistered still and illicit liquor.

INDIAN FIGHTER TO LAST REWARD

Spokane, Nov. 29.—(AP)—John Walker Lloyd, 82, who often spoke of seeing scalps dangling from poles on the long freight route between Lewiston and Walla Walla in the region's early days, died today.

OREGON STATE TO REPRESENT COAST ROSE BOWL GAME

Oregonian Says Fordham Picked As Opponent In New Years Classic.

Corvallis, Nov. 29.—(AP)—Oregon State's Beavers, the far west's Cinderella team, will represent the Pacific coast in the Rose bowl football game next New Year's day.

President C. V. Rusek announced tonight OSC had been selected for the game by a majority of conference faculty representatives.

Not all votes from members schools had been received at the time Rusek made the announcement, but the outcome was assured.

The Beavers won the undisputed conference championship today by defeating their traditional rivals, University of Oregon, 12 to 7, while California was upsetting the defending titleholders, Stanford's Indians, 18 to 0.

It was the climax of the dizziest conference race in history in which all other teams suffered at least three defeats. Until today, Stanford and Washington still were in consideration for the bowl.

OSC's two losses were at the hands of Southern California, 13 to 7, and Washington State, 7 to 0. The Beavers blanked Stanford, Idaho, UCLA, California and Montana. Washington and Oregon, both defeated, could score only 13 points.

Fans credited the stout Beaver defense with carrying OSC into its first championship since the conference was organized in 1915. OSC is the only one of the original members never before qualified for the Pasadena classic.

Portland, Ore., Nov. 29.—(AP)—Oregon State college tonight selected Fordham college as its football opponent in the Rose bowl New Year's day, the Oregonian said tonight.

The newspaper said it had learned of the selection from "an unimpeachable source."

"The official announcement from school authorities is not expected until late Saturday night or Sunday," the newspaper added.

Fordham, defeated only by Pittsburgh this year, has met the Beavers twice in previous intersectional games. Each team won once.

VICHY REPORTED YIELDING BASES
London, Nov. 29.—(AP)—Advices from foreign sources said today that France has yielded to Germany the important north African air bases of Rabat, Meknes, Sfax and Gabes and the naval base and port at Bizerte. The reports could not be confirmed in British or American circles here.

According to these reports German ground crews, officers and personnel already are arriving at the bases in French Morocco and Tunisia along the Atlantic and Mediterranean coasts of northwestern Africa.

Small groups of Germans also were said to be filtering into France's old line of fortifications between Tunisia and Tripoli.

REPORTERS CAUGHT
Rome, Nov. 29.—(AP)—Six additional war correspondents and radio reporters with British forces in Libya were disclosed by Italian authorities today to have been captured by Fascist troops, raising the total number of news-men-prisoners to eight.

STRONGER PRICE CONTROL ACT IS SEN. McNARY'S AIM

House Bill Called 'Toothless And Timorous'—Move To Include Wages.

Washington, Nov. 29.—(AP)—Senator McNary (R., Ore.) called the administration's price control bill "toothless and timorous" today as indications multiplied that bi-partisan efforts would be made in the senate to rewrite the much-amended measure passed by the house yesterday.

Joining with McNary, the minority leader, in criticism of the bill, Senator George (D., Ga.) said that if there was to be effective control of prices the senate would have to write a much more drastic measure than that approved by the house.

"I am afraid the measure passed by the house is toothless and timorous," McNary continued. "I am certain no price fixing bill will be effective until we remove flagrant waste in defense expenditures, decrease non-defense expenditures and improve the pattern of our defense and domestic program."

"The senate is charged with the duty of passing a more effective measure, one at least that has some practical means of enforcement and that has regard for the neglected and often forgotten consumer."

McNary indicated his objections to the measure centered on the elimination by the house of proposed licensing provisions by which price orders would be enforced. However, Senator Taft (R., Ohio) said he was glad to see that the house had not given the price administrator power to take away summarily the right of a merchant to do business because he might have violated a price order.

The house approved measure provided no control over wages, but Senator George said it was his belief that all factors of cost, including wages, ought to be taken into consideration in any price fixing orders that were issued.

Washington, Nov. 29.—(AP)—Alertly waiting for Tokyo's next move in the acute Japanese-American crisis, President Roosevelt warned other nations today that America is united behind his foreign policy of opposition to aggression anywhere on earth.

"That there is debate, or that there are statements of conflicting opinion prior to the decisions should not be taken by persons abroad as an indication of lack of cohesion among our people, though that mistake is sometimes made," he said. "While there have been expressions of different views in regard to our foreign policy, I have always felt that those differences were of degree but not of principle."

The president made these statements in a letter to Senator Gillette (D., Iowa). The senator has consistently opposed the Roosevelt foreign policy and voted against the legislative measures designed to implement it. Recently, however, he wrote to Mr. Roosevelt saying that the majority had spoken and offering his "support and services" in carrying out the policy which the majority had laid down.

JAPAN IRKED BY CERTAIN POINTS OF YANKEE NOTE

Tokyo Reply Heard On Air—Special Cabinet Session—Premier Promises Purge.

New York, Nov. 29.—(AP)—Dowry, Japanese news agency, quoted authoritative Tokyo sources today as declaring that if the United States were to institute an air patrol over the Burma Road it would be regarded by Japan as a "directly hostile action."

New York, Nov. 29.—(AP)—Japan has replied to the United States note setting forth America's position in the Far East and expressed dissatisfaction with certain points, the British radio said tonight in a broadcast relayed from a Tokyo broadcast. The BBC was heard by NBC.

Tokyo, Nov. 29.—(AP)—Premier Hideki Tojo solemnly and publicly declared tonight the determination of Japan to purge British and American influence from east Asia "with a vengeance—for the honor and pride of mankind."

As the Japanese cabinet met in special session for a second day to consider the United States note outlining America's policies in the Orient, Tojo broadcast this message to the people of Japan, China and Manchoukuo.

"The fact that Chiang Kai-shek is dancing to the tune of Britain, America and communism at the expense of able-bodied and promising young men in his resistance against Japan, is only due to the desire of Britain and the United States to fish in troubled waters of east Asia by pitting east Asiatic peoples against one another and to grasp hegemony in east Asia."

"This is the stock in trade of Britain and the United States. For the honor and pride of mankind we must purge this sort of practice from east Asia with a vengeance."

The premier stressed the historical ties between Japan, China and Manchoukuo and the necessity of nations of east Asia to work together for mutual prosperity without outside influence.

Many countries, he said, were indulging in actions hostile to Japan.
