HEALTH TALKS By DR. A. R. HEDGES Chiropractic & Naturopathic Physician Phone 3170 128 E. Main St

HEALTH Health is the greatest blessing we can have. With it we can gain money, friends, and the joy of living. The joy of living is one of the greatest normal stimulants, invigorators, moralizers, and tonics to the vital organs. It sends a throbbing impulse of life and energy out over the normally functioning nerves throughout the whole system. Are you trying to fight your way back to health? Then accept Nature as your ally. Believe her of added burdens by freeing the nerves the Chiropractic way. Have you indigestion, stomach nerves, heart, liver, bowel, kidney or bladder troubles? Have you rheumatism, lumbago, sciatica, pleurisy, asthma, bronchitis, tonsillitis, gonorrhea, or diabetes? If any of these are interfering with your joy of living it is certain that there is a cause for their being. It is also certain that there is an abnormal functioning of the nerves supplying the area involved. The science of Chiropractic is particularly adapted to aiding Nature in the restoration of normal function through the nervous system. Nature plus Chiropractic is your ally in your fight for health. Why not accept Nature's invitation to a return to health and enjoy the pleasure of living?

He said Rumanian and Hungarian hospitals were choked with German wounded from eastern front hospital trains and asserted the German people and soldiers alike were sickened by Adolf Hitler's assumption of personal command of the German army. "German fortunes definitely are declining," he said, but added that "the death throes may be unprecedentedly violent." Earle arrived with his entire legation staff after being hustled mysteriously out of Sofia after Bulgaria's declaration of war upon the United States. Members of his staff said they thought the Bulgars had gotten wind of a Nazi plot against them to create an incident.

Japs Try Trickery In Shortwave Casts To Panic Filipinos San Francisco, Dec. 29.—(AP)—The navy, disclosing that Japanese broke in upon an American shortwave broadcast to the Philippines with false reports of a bombing attack on San Francisco, asked radio listeners today to be watchful for such enemy activities. "This was the first evidence of an apparent new propaganda technique by the Japanese—an effort to create panic by means of the direct lie," the 12th naval district declared. An announcement by the navy said listeners in Manila were astonished Sunday morning when the regular broadcast from San Francisco's station KGEI was interrupted by announcements that "a fleet of Japanese planes" had bombed San Francisco, leaving much of the city in flames. Naval intelligence officers at Manila reported that KGEI's regular early morning far eastern broadcast was cut into three or four times.

Two Days Left for Auto Plate Buying

With two days left to procure license permits for operation of autos after January 1, there was something of a rush at the sheriff's office today, with three clerks busy filling out the blanks. Close to 3,000 permits have been issued here, not counting those at Ashland, and other points in the county. Many autoists have procured their license plates direct from the secretary of state at Salem and are displaying them.

DUKE, OSC GAME MYSTERIOUS, IS BELIEF OF WADE

Second-Hand Information All Either Team Knows of Other, Duke Coach Says

By Sid Feder

Durham, N. C., Dec. 29.—(AP)—The governor of North Carolina may have told the governor of South Carolina the answer, and a couple of hundred thousand Dixie fans probably agree, but to Coach Wallace Wade this Rambler Rose Bowl game is all a mystery.

In fact, the slim soft-spoken sage of the south wouldn't feel at all hurt right this minute if a competent swami gave him the low-down on the collision of his Dukes and Oregon State's Beavers in Duke stadium Thursday.

To Dixie partisans who figure Duke goes along with death, taxes and fried chicken as sure things, this stand of Coach Wade is just so much of that stuff you slice thin and put between two pieces of bread, but Wade says the whole picture just doesn't add up.

"I don't see how it can be anything else than a mystery," he pointed out today as the vanguard of a sell-out crowd of 58,000 poured into tobacco town. "After all, whatever we know about Oregon State, and whatever they know about us is all second-hand information. We're both playing a guessing game."

No Act Now this is not a crying towel act. Coach Wade just can't make a prediction, although you can plainly see that if his boys don't win this one, he's going to be mighty surprised.

"Yet," he went on, "the Pacific coast champion has beaten the eastern representative in the Rose Bowl three straight years now. And I can't see that there's so much difference this year that they're making us 1 to 3 favorites to change the east's luck. "You know, this game reminds me of the 1926 game, when my Alabama team beat out Washington, 20 to 19. Oregon State is somewhat the same type of club as that one, even to a left-handed passer."

But that as it may, no one around this football-wacky belt shares Coach Wade's mystification, and those who saw this Duke team sweep its season point out that the chief reason the Blue Devils are a cinch is because of their ends. Of course, there's Steve Lach carrying the mail, but the local experts talk about hit the jackpot—and the enemy defense—in game after game this year.

Tops among these flying wings are Jim Smith, who carried 10 times on end-around plays and averaged 14.3 yards per carry, and Bob Ganit, a six-foot-three 217-pound all Southern Conference performer.

Wife Bowls 714 After Accepting Hubby Challenge Omaha, Dec. 29.—(AP)—Challenging his wife to three bowling games was a mistake, Glenn Pratt admitted today. Joe Louis Voted Fighter of Year in Ring Magazine Poll

New York, Dec. 29.—(AP)—Joe Louis, who defends his heavyweight title for the twenty-first time a week from Friday night, is the "fighter of the year," an honor that has been awarded him four times during the past six years.

Louis won by a 5 to 2 margin in the balloting of 202 fight writers from all parts of the world by Ring Magazine.

The same experts placed Buddy Baer, Louis' ponderous opponent in the Naval Relief society benefit in Madison Square Garden on January 9, as the fourth best contender in the heavyweight class.

Billy Conn of Pittsburgh, Lem Franklin of Cleveland and Bob Pastor, Saratoga Springs, N. Y., all were ranked ahead of the younger Baer.

The voters rated the fighters in all the various divisions, placing only Louis and Chalky Wright, featherweight boss, in the championship class.

Four other titleholders—Light Heavyweight Guy Lesvenich, Middleweight Tony Zale, Welterweight Fred Cochrane and Flyweight Jackie Paterson of Scotland—were put at the top of their classes but alongside several challengers.

In the lightweight and bantamweight divisions, the champions didn't even get that much consideration. Sammy Angott of Washington, Pa., newly crowned undisputed holder of the lightweight championship, was placed behind Bob Montgomery of Philadelphia, while two leather pushers, Kui Kong Young of Hawaii and Manuel Ortiz of Los Angeles, were graded better than Louis Salica.

FOOTBALL SCORES BIGGER IN 1941

Seattle, Dec. 29.—(AP)—If you thought those 1941 collegiate football scores looked bigger, you were right—but by less than a point after touchdown.

The 1941 collegiate average, with only the Bowl games to go, was 13.86 for each team per game, the highest in more than a decade. The average a year ago, the American Football Statistical bureau reported in its year-end analysis, was 13.32 points.

The compilation involved 238 teams in 3,700 games. The tendency toward higher scores, listed in a sports writers' poll as the outstanding trend of the year in athletics, has been credited to the free substitution rule and the rule change to allow an incomplete fourth down pass into the end zone without the ball going back to the 20-yard line.

The bureau listed another contributing factor. The sure-footed lads who toe the ball after touchdowns were sharper shooters. The average of conversions after touchdowns reached a new high of .638, compared with .607 a year ago and .623 in 1939.

COACHES TO TALK ROLE IN WAR OF COLLEGE SPORTS

Detroit, Dec. 29.—(AP)—The role of collegiate athletics in the nation's war effort topped the agenda today of four administrative conferences headed by the American Football Coaches association.

Consensus of early arrivals who gathered in hotel lobbies yesterday was that spring football practice sessions will be scheduled in 1942 despite the advancements of June graduation dates at many schools.

D. O. (Tuss) McLaughry of Dartmouth, association secretary-treasurer, said most coaches would probably start drills earlier with indoor workouts.

The National Collegiate Athletic association's track group and members of the American Association of Track Coaches were told to prepare for the 1942 Pan-American games at Buenos Aires.

The N. C. A. A., which began its 36th annual meeting today, will hold a joint session with the gridiron coaches tomorrow to discuss the contribution of competitive athletics in the war crisis. Also scheduled to meet Tuesday is the college physical education society.

SPEED CLASSIC HALTED BY WAR

New York, Dec. 29.—(AP)—Suspension of the Indianapolis 500-mile automobile race for the duration of the war was announced today by Capt. Eddie Rickenbacker, head of the \$100,000 speed classic.

"Tradition and priorities demand that we again voluntarily abandon the race in the interest of a full-out victory effort," said Capt. Rickenbacker. "The 500-mile race calls for the expenditure of rubber, fuel, oil and many intricate motor parts as well as mechanical brains and we believe that such an expenditure of men and motors can better be applied toward our ultimate victory."
