## Violet Firestone, Ernest Fieguth Wed in Astoria

Of interest to friends in southern Oregon is announcement of the marriage of Miss Violet Lois Firestone of Ashland, daughter of Mr. and Mrs. James Firestone to Sgt. Ernest Walter Fieguth, son of Mrs. Elizabeth Fieguth of Talent.

The ceremony was read in the rectory of Grace Episcopal church in Astoria Dec. 23 at 2 p. m. Miss Nancy Firestone lighted the candles in front of the fireplace. The bride was given in marriage by her father.

A banquet followed at the Imperial hotel in Astoria with the bride cutting the wedding cake. Attending the ceremony were the bride's parents and sister and the bridegroom's mother and sister, Miss Jean.

Mrs. Fieguth is a graduate of the Ashland schools and Southern Oregon College of Education. She plans to continue teaching the primary room of the Pinehurst school. Sergeant Fieguth is stationed with Battery B, Fort Stevens, Wash.

## ECONOMY EFFORT IN AID TO FARMER ENCOUNTERS SNAG

Plan For Sharp Reduction Rapped by Bouse Agriculture Committee, Pierce.

Washington, Jan. 1.—(AP)—A joint congressional committee's preliminary recommendation for sharp reductions in farm appropriations and expenditures drew fire today from house agriculture committee members.

They were virtually unanimous in their criticism of suggestions for savings made in a report by the joint committee on non-essential expenditures, especially regarding possible cuts in the farm program.

Approximately \$400,000,000 of the \$1,300,000,000 the joint committee said could be shaved from the federal budget during the emergency would come from the department of agriculture or agencies operating through that department.

**Strong For FSA**  
The committee's recommendation for abolition of the farm security administration was unanimously opposed by agriculture committee members who remained in the capital during the holidays. The FSA has a direct appropriation of \$70,500,000 and authority to borrow \$120,000,000 additional.

Representative Pierce (D-Ore.) a high-ranking member of the agriculture committee, said he would vigorously resist abolition of the FSA and the farm tenant program.

"We have done a great deal to rehabilitate the farmer in recent years, and we must not allow the farm program to be

thrown back to where it was in 1933," he said.

**Would Drop NYA**  
Pierce said substantial savings could be effected by abolishing the national youth administration and by sharply curtailing the operations of the civilian conservation corps, the WPA and the public building administration.

Representative Hook (D-Mich.) said some of the recommendations indicated that the economy committee had not gone into the problem of expenditures thoroughly, and declared it was erroneous to class agriculture expenditures as non-essential.

## PORTLAND QUIETED BY WAR AND COLD

Portland, Ore., Jan. 1.—(AP)—A quiet Portland greeted the new year last midnight, street crowds being thinned by wartime regulations and cold weather to proportions of an average Saturday night.

Only scattered cheers and an occasional automobile horn marked the year's advent.

Police said accidents and arrests were nominal.

## Egg a Day to Keep Japs Away—Slogan

Owatonna, Minn., Jan. 1.—(AP)—"An egg a day to keep the Japs away" is the Red Cross county drive slogan.

Farm women are to contribute one egg a day for 30 days to aid in raising the county's \$5,000 quota. Farmers and junior farmers will deposit corn and other marketable produce in a centrally located bin to assist the womenfolk.

## DOGS KILL SHEEP

Eugene, Jan. 1.—(AP)—Killer dogs are sought by A. J. Flint, county dog control officer, following the death of 35 sheep in the Jack Goodman flocks.

## New Face

New faces will be pushed toward screen prominence in the coming year by movie makers, hopeful they'll find new stars on their hands. Prominent among those the public will see a lot more of during 1942 will be Janet Blair (above).

United States, British Commonwealth and Netherlands Indies have always been Japan's leading sources of supply, the Department of Commerce says.

## FAG TAX START EXPECTED SOON

Salem, Jan. 1.—(AP)—Collection of the state cigarette tax of two cents per package might begin within two or three weeks, the state tax commission advised Governor Charles A. Sprague yesterday.

Collection will be made by means of stamps or meter cancellations. The tax would raise \$1,200,000 a year, five-sixths of the revenue to be used for old age pensions and one-sixth for vocational education.

The Oregon Retail Grocers association, however, is expected to seek a court order overruling Attorney General I. H. Van Winkle's opinion that the measure should not be referred to the people. If the association is successful, collection would be delayed until after the November election.

## VASSAR'S CUPID SLOWER

Poughkeepsie, N. Y.—(UP)—Cupid's bow hit fewer Vassar graduates this year. The college reports that only 28 of the June graduates are engaged or married. Last year's class was smaller by 13, but 46 of the young women were engaged or married by December, 1940.

## SEE HISTORICAL SPOT

Sea Island, Ga.—(UP)—Some bishops of the Methodist church who met here recently, visited for the first time the scenes where the American pioneers of Methodism, John and Charles Wesley, carried on their work 200 years ago. During their visit the bishops traveled to nearby Fort Frederica, where they saw the "Wesley Oak", historic spot where John Wesley is believed to have preached to the Indians and early Georgia settlers.

The first "navy department" was the marine committee appointed by the continental congress November 2, 1775.

## OREGON HIGH ON RECRUITING LIST

Portland, Jan. 1.—(AP)—Recruiters for the armed services here said that on the basis of totals available late yesterday, Oregon might be leading the nation in per capita enlistments.

In December, 2793 men volunteered and were cleared through the offices, 1366 by the navy, 1075 by the army and 353 by the marine corps.

Recruiting offices are far behind in examinations and final enlistments and long lines of applicants wait to be signed up.

## POLICE CRACK DOWN ON UNLICENSED CARS

Salem, Jan. 1.—(AP)—State police began today to stop automobiles which do not have their 1942 license plates. Only 162,000 sets of the plates have been sold, while the total should be 450,000.

## SPIES AT SWITCHBOARD

London.—(UP) Some telephone supervisors spend their days making written record from a central listening post of all that girl operators have to say to one another. One recorded: "Adjacent telephonist offered telephonist peppermint. Telephonist accepted and ate." These reports lead to disciplinary action against the girls.

## IGNORES TRAFFIC LINE

San Francisco.—(UP)—Robert L. Bragg, 42, in traffic court, charged with straddling the white line across the San Francisco and Oakland Bay bridge, was asked by the court whether or not he knew the line was there. "I ought to," replied Bragg, "I painted it." He was fined \$5 for his lapse of memory.
