Moore of 31 Elm street drove cars involved in a slight mishap at Main street and Central avenue this morning, a report on file stated. Cars operated by Wilma V. Simmons of 4 Catherine court and Martin S. Rice, no address listed, were involved in a minor accident at Main and Grape streets this morning, according to a report on file. Neil Iven of Route 1 and J. H. Jaynes of Route 1 drove cars involved in a slight collision on Stewart avenue a half mile west of Medford last night, according to a report on file today.

Wants Sgt.—There is just one thing Sgt. George Rohrer wants — another crack at the Japs. So Sgt. Rohrer of the 804th engineers at Schofield Barracks, Hawaii, declared in his latest letter to his parents, Mr. and Mrs. Warren Rohrer of 217 Beatty street, thus indicating that he already has had at least one crack at them. In his latest letter, received Monday, Sgt. Rohrer said he would probably be back in the United States soon to enter training in the air corps. He recently passed examinations for admission to the air corps. After being graduated from Medford high school in 1939, Rohrer joined the 29th engineers at Portland and was transferred last August to the 804th engineers in Hawaii. His letters home since the outbreak of war have stated that he has been in good health.

CAMP BOARD FILES APPLICATIONS FOR GOVERNMENT HELP

Frank J. VanDyke, coordinator of the cantonment civilian coordinating board, left by train last night for Portland to file a number of applications for federal aid in increasing and extending public services and housing to meet the additional demands to be created by the establishment of an army camp near here.

Mr. VanDyke planned to go first to the district U. S. engineer's office in Portland to get approval of the plans from Col. Cecil R. Moore, district chief. He was then to proceed to Seattle to file the applications with the regional offices of the proper federal agencies.

In his portfolio Mr. VanDyke had applications for trailer camp and other temporary housing facilities for cantonment construction workers, for extensions to Community and Sacred Heart hospitals, for augmented water and sewer systems in Central Point and Eagle Point, for expansion of the Medford sewage disposal plant and for additional fire-fighting facilities for Central Point and Eagle Point.

PAY ADJUSTMENT FOR EDUCATORS HELD STATE NEED

Salem, Jan. 14.—(AP)—Public education in Oregon may be placed in a precarious position because of the war with its advances in living costs and salary increases in business and industry, State Superintendent of Public Instruction Rex Putnam wrote today in his department's monthly publication.

"No shortage of certified teachers exists in Oregon, but there is a definite shortage of public school teaching positions paying salaries large enough to attract and hold teachers. This condition operates to give the same effects as an actual shortage of teachers.

"Unless something can be done in the near future to effect salary adjustments on a reasonable scale, Oregon will be faced with a serious loss of efficiency and economy in the conduct of public elementary and high school programs," Putnam wrote.

WORK UPON LABOR TEMPLE STARTED

Construction of a labor temple to cost \$3,000, according to a permit issued by the city inspector, was started this week at 1306 North Riverside avenue by Carpenter's Local 2067 (AFL).

The hall, whose dimensions will be 36 by 80 feet, will provide facilities for an assembly room and six offices. It will be a one-story frame structure with rustic finish.

ARGENTINA MAIN OBSTACLE IN PAN AMERICAN PARLEY

Rio De Janeiro, Jan. 14.—(AP)—Twenty-four hours before its first official session, the Pan-American conference of foreign ministers appeared to have struck two obstacles today—Argentina's reluctance to commit herself to any military alliances or "acts of belligerency," and Ecuador's determination to settle her 100-year old boundary dispute with Peru before entering into any general discussions.

In the behind-the-scenes diplomacy aimed at creating a United Western hemisphere front against the axis, Argentina was considered the chief obstacle. Its policy was reaffirmed at Buenos Aires last night by President Ramon S. Castillo, who said his government could not assent to any "measures of belligerency" which might come before the conference, and earlier had been laid down along the same lines by Foreign Minister Enrique Ruiz Guinazu.

BRITISH CABINET SHAKE-UP LOOMS

London, Jan. 14.—(AP)—A reshuffle of the British cabinet as a result of criticisms over war management and changes in ministerial assignments were described as imminent today in parliamentary circles.

It was stated that announcements might even precede the return to London of Prime Minister Churchill from his conferences in Washington with President Roosevelt.

Some informants said the changes likely would involve appointment of a new minister of supply not because of dissatisfaction with Lord Beaverbrook, who now holds the post, but because he is expected to be kept in Washington to help co-ordinate allied problems.

COMPANY ADOPTS INSURANCE PLAN

Announcement was made here today of the adoption by the Medford Corporation of a group life insurance program to provide security for about 450 employees.

The group plan is underwritten by the Metropolitan Life Insurance company on a basis whereby employees are insured for \$1,000 and contribute fixed amounts and the employer bears the balance of the entire net cost. The plan also includes distribution of pamphlets on health conservation and disease prevention.
