

PLAN AIR SIREN TESTS TOMORROW

If a horn for one of them arrives today as expected, two new air raid alarm sirens bought by the city will be tested twice tomorrow, at 11 a. m. and 2:30 p. m. Fire Chief Roy Elliott announced this afternoon. The public was asked not to be startled as the siren blast at these hours will be tests. If the horn should not arrive, the tests will be postponed until next week.

One siren has been installed on top of the senior high school and the other at McAndrews road and court street. These are tentative sites and others may have to be used to get the best results, Chief Elliott said.

Warren S. Barnes of the Nelson Equipment company, Portland, which is supplying the sirens, is here to help in the installations and tests. He said his company has been testing warning sirens in numerous northwest cities. In all, he added difficulty has been experienced in getting sufficient volume of sound for all parts of town.

AUTO STAMPS ON SALE, POSTOFFICE

Five thousand federal motor vehicle stamps arrived today and are now on sale at a special window in the Medford postoffice. The stamps, costing \$2.09 each for the period ending next June 30, must be procured by February 2, effective date of the new tax law.

The stamps received here have glue on them. They may be affixed to any part of the car where they may be seen, such as the instrument panel, and do not have to be stuck on windshields or car windows. Postmaster Frank DeSouza said. It is against an Oregon law to put any but authorized stickers on car windshields or windows.

Each stamp purchaser receives a self-addressed postcard to be sent, after a cent postage stamp has been put on it, to the collector of customs at Portland as evidence that the car tax has been paid.

AIR AND GROUND ATTACKS LISTED

Washington, Jan. 16.—(AP)—Japanese attack planes and dive bombers are being used incessantly against the front line and artillery positions of the American and Philippine defense forces on the island of Luzon.

The war department, reporting this today, said ground fighting of varying intensity also continued all along the front line, with Japanese shock troops attempting aggressive infiltration.

The department said in a communique that reports reaching General Douglas MacArthur, commanding the Philippine defenses, indicated the Japanese were looting and devastating the Philippine countryside systematically.

Wall St. Report

New York, Jan. 16.—(AP)—Drying up of bids, rather than any real selling pressure, brought a generally downward trend in today's stock market.

All in all, brokers said, the principal buying defect was due to the desire of many customers for a side-line position over the coming week-end as a precaution against untoward international developments. Transfers were around 500,000 shares.

That's why Safeway is always so careful to say exactly what it means in its advertising, to give information that is accurate and dependable. When we say ALL Safeway prices are consistently low EVERY DAY, and that, though we will not cut prices below cost, but will meet them item by item, and day by day, if others make such prices, we mean exactly what we say. Knowing this you can see why you can depend on saving money at Safeway—whatever day you do your marketing.
