RUSSIANS EXPECT TO CONQUER NAZIS EARLY NEXT FALL

London, Jan. 24.—(AP)—Sir Stafford Cripps, retiring British ambassador, to Moscow, declared today the Russians hope to deliver the final blow to Germany next fall and winter and that the Soviets "intend to make the conquest of Germany absolutely complete and thorough."

In a lengthy press conference, the former ambassador declared that Joseph Stalin was "10 times as strong" with his people now as he was at the start of the German invasion last year.

In his only reference to Moscow-Tokyo relations, he declared that Russia and Japan had long standing difficulties which could never be satisfied except by force.

The former ambassador, who has just returned after 18 months in Russia, said the Red army now had 9,000,000 men under arms and in the spring would have twice the strength it had at the start of the Russian-German war last June.

He said the Russians hope to "deliver the final blow to Germany during the fall and winter of 1942."

Sir Stafford, while praising the Russian successes on the eastern front, warned "against the belief that the German army is routed, as losses on both sides are extremely heavy and the Germans are fighting to the last man."

He said Russian production in the Urals had been doubled since the German invasion and that many factories removed piecemeal from the front to the west now were coming into full production again. He expressed the conviction that Russia, with British and American aid, would be able to equip the Red army to resist any German attack during the spring and summer.

"The Russians are still sending equipment to China," he said.

EXTORTION LAID TO UTAH BOY, 17

Los Angeles, Jan. 24.—(AP)—Agents in Salt Lake City have arrested Oren William Haws, 17, on a charge of writing two extortion letters to Movie Starlet Linda Darnell, Richard Hood, FBI agent-in-charge here, reported today.

Hood said the second of two letters was traced to Salt Lake City and the arrest followed. Haws admitted sending one letter December 16 and another January 2 threatening Miss Darnell or her family unless he was paid \$2,000, the FBI agent said.

As is usual in such cases, a studio policeman was assigned to guard Miss Darnell but the young starlet went about as usual.

She left by airplane last night for Monmouth, N. J., to begin a series of appearances in army camps. She will be on tour until February 7. Constance Moore, another young player from another studio, was to have made the trip but became ill.

Miss Darnell volunteered and left with only an hour's notice.

CARS IN STORAGE ARE NOT TAXABLE

The new federal motor vehicle tax applies only to motor vehicles in use on the highways and does not include such vehicles when they are in storage or in use only on the owner's property. Postmaster Frank DeSouza said yesterday he had been advised in a letter from E. T. Hedlund, postmaster of Portland. The letter said Mr. Hedlund had received his interpretation of the law from the collector of internal revenue at Portland. It had been stated here previously by an internal revenue man that the tax embraced all motor vehicles whether they were in use have been received regarding this point about the law which becomes effective February 2, the tax stamps now being available at all postoffices.

Mr. Hedlund's letter to Mr. DeSouza said: "We have been informed by the office of the collector of internal revenue in this city that the motor vehicle tax stamp is required on all motor vehicles in use on the highways. \$1 PER YEAR MEN MAY BE TOLD TO QUIT FAT BERTHS

Washington, Jan. 24.—(AP)—Strong democratic support developed in the senate today behind an effort to force the government's dollar-a-year men to abandon any political activities or else give up their federal jobs.

Leading the effort was Chairman Truman (D-Mo.) of the senate defense investigating committee who declared that several members of the republican national committee and their political posts as well.

Truman named Cyrus McCormick, committeeman from New Mexico, as one of these and added that "I am told there are others." McCormick is price executive for the division of automobiles and trucks in the office of price administration.

The issue is expected to come to a head in connection with pending legislation to broaden and strengthen the government's war powers, which was to have been considered yesterday but was postponed temporarily. One section of that measure would exempt part-time employees, dollar-a-year men and persons working without pay from Hatch act restrictions against political activity by federal employees.

Truman disclosed that he had drafted an amendment striking this exemption from the bill. He told reporters that he was confident of enough support to win on the senate floor.

"There is no reason," he said, "why dollar-a-year men should be exempted from any of the rest of the government. What's right for the goose is right for the gander."

They never were asked to show credentials, the Police Chronicle and Constabulary World said, and only one telephone call to police was made about them.

RAILS AHEAD IN WALL ST. SELLING

New York, Jan. 24.—(AP)—Rails again held the buying play in today's stock market and enabled the lost to emerge from a desultory week pointing selectively upward.

At the best, gains for favorites ran to two points or so. Top marks were reduced in most cases at the close. Steel, motors, rubbers, aircrafts and mail orders did little or nothing and minor declines were plentiful.

The Associated Press average of 60 stocks was up 2.3 of a point at 37.6. On the week it showed a net loss of 1.1. Dealings picked up at intervals and transfers totaled 291,680 shares compared with 221,716 a week ago.

Baltimore County Police Chief Oscar M. Grimes said the man was booked as William B. Gilliam and was held without bail for further hearing.

State's Attorney Lawrence E. Ennor said Gilliam was charged on the police docket with murder.

Berlin, Jan. 24.—(Official Broadcast Recorded by AP)—German submarines operating for the first time in North American waters were declared by the high command today to have sunk 18 merchantmen totaling 125,000 tons and two naval units in an unspecified period.

"Another ship and an escort vessel have been torpedoed," the war bulletin declared.
(Six vessels have been torpedoed in Atlantic coastal lanes of the United States since Wednesday, January 14, but a U. S. navy spokesman said only last night that some of the raiders had been destroyed. Other axis submarines apparently are operating off Canada.)

"In this fighting," the German communiqué said, "one U-boat commanded by Captain Hardegen distinguished itself. It sank eight ships totaling 53,000 tons including three tankers in the immediate vicinity of New York harbor."
