Metzger Talks On Duties Of Food Department

A. W. Metzger, Salem, chief of the food and dairy division of the state department of agriculture, discussed activities of the bureau inspection of dairies, restaurants and meats markets as carried on by the bureau and the way League of Women Voters could assist the bureau by reporting violations of health and sanitation.

The speaker pointed out that the agriculture department is divided into various sections, among them administration, grain, plant industry, animal husbandry, foods and dairies.

Mr. Metzger said that the state is divided into seven sections, each section having a food inspector. Jackson and Josephine counties are in the same section and it is expected that a second man will be added to this section to take care of the growing need for strict sanitation with the expected increase in population and food dispensary in Medford and community.

The speaker explained that the inspector keeps a record of each establishment visited and sends a duplicate record to the state office where it is available at all times. In many instances Mr. Metzger said it is necessary to carry cases to court in order to get proper action in correcting a violation of sanitation.

A display of food picked up throughout the state by inspectors and sent to Salem for examination in the foods laboratory because of their adulterated nature or misinterpretation of labels were shown. Later Mr. Metzger answered questions asked by league members regarding phases of food bureau activities.

During this round-table discussion time it was brought out that typhoid fever and tuberculosis were the two most prominent diseases in connection with food dispensing; discussion of pasteurization of milk was included; inspection of dairies and that it is not necessary for food dispensaries to display inspection charts; hot and cold meat inspection was questioned and the subject of physical examinations for those participating in food and dairy businesses.

Preceding Mr. Metzger's talk Mrs. Carpenter stressed the declaration of the national league board in urging a careful investigation and understanding of candidates and voting for the next congress which, in all probability will be an important feature in winning peace after the war. The importance of the league was stressed and the watchword, "an alert and informed citizenship" brought again before the members that a vigilant citizenship is regarded a necessity in time of crisis.

What the Girl Scouts Are Doing

Gold Hill, Jan. 29.—(Spl.)—A court of awards was held by the Girl Scouts on January 12th, in the W.R.C. hall, with several mothers and friends in attendance. After several games and folk dances, tribute to the flag was observed, after which the presentation of awards was made by scout leader, Mrs. Paul Holderness, assisted by Miss Ailene Inlow. Those receiving their first pins were: Janie Marsden, Geneva Smith, Betty Jean Chisholm, Evelyn Bates, Alva Jean Cook, Joan Cameron, Vada Wright, Donna Center, and Gloria Kilgore. Other badges were awarded to Lillian Gascon, Marcia Centers and Beverly Kenyon, who received the senior girl scout award.

Red Cross Notes

Volunteer workers at the American Red Cross office are working on garments, pressing, sewing on labels, counting into bundles and packing for the quota which is to be shipped out in the near future.

Mrs. W. A. Gates, chairman of the war relief department, asked today that volunteer workers who have taken out garments, prior to Jan. 1, 1942 return them completed as soon as possible in order that they may be mailed to headquarters.

It's interesting to note the response of Jackson county women to volunteer Red Cross duties. Have you noticed yourself the increase of knitting at club, public meetings, in fact any place women have a few spare moments? Much knitting is through the American Red Cross office and in many instances when yarn has not been available, clubs have purchased the yarn themselves and are knitting for the local boys in army camps. No matter how it is done the answer is still the same—help national defense.

MOFFATT REVIEWS CREDIT PROBLEMS IN COMING CAMP

Medford Retail Credit Assn. Told of Study Made in Other Cantonment Areas.

"Effect of the cantonment on retail credit," was the title of a talk given by John P. Moffatt, guest speaker at the regular bi-monthly meeting of the Medford Retail Credit association at the Hotel Jackson Wednesday noon.

Mr. Moffatt, manager of Mann's department store, recently returned from California where he studied merchants' problems in cantonment cities. In his talk yesterday Mr. Moffatt brought out several interesting facts learned during his investigation. Merchants in cantonment cities told him that their total sales have increased from 20% to 40%. These merchants also told him that their credit problems increased during construction but after the army moved in business ran along smoothly.

Workers Flock In

Cities in the vicinity of cantonments reported that the arrival of the soldiers brought a great influx of civil employees. Mr. Moffatt reported that all restaurants and amusement places near cantonments were crowded.

Annie Bateman, of the Southern Oregon Credit Bureau, read several letters from bureaus in cantonment areas outlining the problems confronting bureaus and merchants, brought on by sudden gains in population.

Paul L. McDuffy, credit manager of Mann's department store and president of the Medford Retail Credit association, presided at the meeting. Dorothy Eads, credit manager of Montgomery Ward, is vice president of the association and Annie Bateman is secretary-treasurer.

World Methodist Will Speak Here Friday Evening

The Rev. William C. Poole, D. D., a "world Methodist" who has held important pastorates on three continents, will be guest-speaker at the First Methodist church at 7:30 Friday evening. The choir will furnish special numbers.

Dr. Poole's 30 years of ministry began in California where

Rev. Wm. C. Poole

for seven years he served charges in San Francisco and vicinity; then for three years in Boston, Mass.; followed by war service for two years in Europe under the Young Men's Christian association. He is now on a short furlough in the United States and has been called back for further ministry in the Buenos Aires church.

In addition to the unique opportunities that have come to Dr. Poole in far-flung pastorates, he has had a term of service as president of the World Sunday School association, and has been active in other internat-

RELEASE FLOW OF LIVER BILE

And You May Enjoy Life More—Sleep Sounder—A Wake Refreshed—Ready for a Good Day's Work. Normally your liver should discharge about a quart of precious digestion-aiding juices every 24 hours. A scanty flow—stomach up may mean Sick Headaches, so-called Biliousness, Poor Digestion with that "half sick" depressed feeling. Stir yourself! Probably all you need is a gentle laxative: take half a teaspoonful of Kruschen Salts (a famous blend of six salts) in three-quarters of a glass of hot or cold water every morning, half an hour before breakfast. Don't miss a morning! This simple sensible prescription that has worked wonders for thousands should do the same for you. Try Kruschen—a famous English formula—for 30 days to shake off that "run down" feeling and get a real "lift." Keep it up for 30 days. You must feel 100% better, or your money back.
