Local Boy Weds Seattle Girl In Army Chapel

Colin Gould, son of Mr. and Mrs. Oliver J. Gould of 1318 West Main street, and Miss Yvonne Paris of Seattle, Wash., were quietly married at the Camp Murray chapel February 21 by the army chaplain.

Mrs. Gould will make her home in Seattle. Mr. Gould is well known in this city, having graduated from Medford high school and before his departure with the national guard for Camp Murray was in the showcard business. He is now stationed with the regimental service company at Camp Murray.

Mr. and Mrs. Oliver Gould were visitors at Camp Murray February 28 and March 1 when they visited with their son and daughter-in-law.

Club To Meet At Thompson Home

F. L. club will meet with Bessie Thompson, 1232 North Riverside avenue, Friday at 8 p. m.

School Circle To Hear Talk

Roosevelt Home and School Circle meeting is scheduled for Friday at 2:30 p. m. in room 11. E. W. Carlton will be speaker, his topic being "Contentment and the Resultant Problems Which Confront the Parents of Children." Miss Lois Spinning's students of 2-A will sing several selections. The circle also will be entertained by musical numbers on the electric guitars by Mrs. C. R. Alexander and Mrs. Ival Settler. A group of mothers of Mrs. Allie Maxwell's room will be hostesses for the social hour.

World Times Inspire Styles In Fashion Revue

Spring styles reflected the trend of the times yesterday when Sunny Sisters of the First Presbyterian church presented their annual Pre-Easter style show at the church recreation hall. Patriotic styles, colors and the good neighbor policy were evident in the suits, afternoon dresses, slacks and evening gowns.

The revue opened with a Parade of the Allies with models costumed in attire of China, Egypt, Holland, England, Mexico, South America, Russia, Guatemala, the Red Cross and America. The gay costumes formed a colorful and appropriate opening for Styles of Today. They were grouped on the stage set in a patriotic theme, while hanging from the ceiling miniature model planes by Allan Buckingham, reminded the audience that America was on the watch.

Mark Boyden and Ralph Burgess, from senior high school, were color bearers and as the American flag was held at attention the audience sang the national anthem.

Two buglers, Naomi Hubler and Polly Hoffard, from junior high school, announced the approach of the models from the following stores: Adrienne's, Patsy Barr, Ione Kindred; Albertella Hat Shop, Iris Pierce, Deane McDonald; Evans Shoe and Sport shop, Gloria Williams; Jacques, Mrs. Orin Schenck and Mrs. Maude Codding; M. and M. department store, Dorothy Edwards, Mrs. Gertrude Winningham, Floyd and Jimmy Bishop; Mann's department store, Barbara Ann Bauer, Susan Bagley, Thelma Moore, Vera Lange; Mode o' Day, Mrs. Allen Drury, Mrs. Louis Underwood, Doris Clark; Montgomery and Ward, Juanita Slead, Kathleen Edwards; J. C. Penny, Vera Shaver and Ernestine Charley.

Colors played an important part in the revue, solid, pastel shades being matched with prints, colorful combinations of accessories highlighting a costume with patriotic red, white and blue in the front. Some spring colors include California gold, sonnet blue, whipped cream, primrose, Peruvian pink, wave green, cherry red, sunshine yellow, Persian rose, salad green and the ever favorite and flattering soldier blue. Slacks tended toward the easy one piece type and the two piece long jacketed model, some with a bright floral, print long-sleeved shirts topped with a vest or jerkin. Wash dresses were styled simply in prints and stripes.

Afternoon dresses were popular in jersey, printed with daisy patterns, or two-piece silk models, redingotes for the matron, stylish black and white numbers and the long torsoed print silk also held its place in the fashion parade.

Topcoats and hats reflected a feminine touch with rich fur collars, veils, pompadour hats and for the tiny miss the favorite polk bonnet with streamers. The plaid topcoat also proved popular. Evening gowns turned military thoughts to romantic ideas as billowing taffetas, full skirted floral prints and organdie bid for first place. For the matron cool blue with a flattering soft girle and V neckline

Circle Buys Defense Bonds

Chrysanthemum Circle, No. 84, Neighbors of Woodcraft held advance night last evening with Sadie Gill presiding as elective guardian neighbor. During the meeting the group made plans for the purchase of four defense bonds.

Following the business session an evening of bridge and pinocle was enjoyed and later refreshments were served. The next meeting is scheduled for April 8 at which time Mr. and Mrs. William Swartz and Anna Crank will be in charge of arrangements. New residents in Medford who are affiliated with the organization are invited.

What the Girl Scouts Are Doing

Girl Scout Court of Honor will be held Saturday at Girl Scout headquarters from 10:30 until 11:30 a. m. Each intermediate troop is requested to send two representatives, those in charge said today. Girls attending are usually elected patrol leaders or presiding officers of their respective troops. At this court the girls will plan the spring court of awards and summer activities, including plans for both day and established camps.

Troops represented will be Jackson school, Lincoln school, Roosevelt school, Washington, Oak Grove, West Side, Jacksonville, Central Point, Phoenix, St. Mary's Academy and junior high school troops, 3, 20 and 22.

Residents Attend Grants Pass Meeting

Motoring to Grants Pass Tuesday evening to attend the meeting of the Grants Pass Business and Professional Women's club were seven members of the local organization. A canteen dining was enjoyed followed by a motion picture sponsored by the extension service and square dancing. Attending from this city were Eva Judd, Gladys York, Nina Moore, Vina Celura, Edith Serier, Jacques Lenox and Lunetta Bussey.

President Benjamin Harrison was an enthusiastic stamp collector.

Ellsworth G. O. P. Aspirant For Congress Nomination

Roseburg, Ore., March 12.—(Sp.)—Harris Ellsworth, state senator from Douglas county and editor of the Roseburg News-Review, announced today he will be a candidate at the primary election in May for the Republican nomination as congressman from the newly-created fourth congressional district.

Prominent in the newspaper field for a number of years, he also has taken an active part in the state program of fish and game conservation, has been a leader in the field of higher education and has served in important civic posts in Roseburg and Douglas county, where he makes his home.

Graduated from University of Oregon with the class of 1922, Mr. Ellsworth was employed in the lumber industry and on a lumber trade journal. He was made secretary-manager of the Oregon Newspaper Publishers' association in 1928. He resigned from that office to become editor of the Roseburg News-Review in March 1929. He was elected president of the association in 1933 and served as president of the Oregon Press conference in 1940.

He is currently president of the U. of O. Alumni association.

Mr. Ellsworth served as president of the Roseburg Rod and Gun club and as a vice president of the Oregon Wildlife Federation.

In other civic capacities he has served as president of the Roseburg Chamber of Commerce, Rotary club and country club. He is a member of the Elks and Eagles lodges and of Umpqua post of the American Legion.

Politically, he has been active in the work of the Republican party and was appointed by the Douglas county court to fill the unexpired term of the late Senator C. W. Clark who died during the last session of state legislature.

Mr. Ellsworth was married June 21, 1923, at San Jose, Cal., to Miss Helen E. Dougherty, also a University of Oregon graduate, and is the father of two daughters, Mary Margaret and Patricia Jane Ellsworth.

POLICE RESERVES QUIT
Salem, March 12.—(P)—Fourteen members of the Salem police reserves resigned last night in protest against suspension of their captain, Malcolm Mitchell.

Mitchell was suspended because he failed to order his men off the floor at an army dance last Friday night. There are 60 men in the reserve.

GLAD TO SEE HIM
Klamath Falls, Ore. (U.P.)—Hugh McNeerney found the jailer enthusiastic when he went to the Klamath county jail to visit a friend. Once inside, McNeerney was served with a warrant for cashing a non-sufficient funds check.

RATIONING IRKS DINER
Philadelphia (U.P.)—A large Philadelphia restaurant, now rationing sugar, reported that one disgruntled patron, denied three teaspoonsful, threatened to toss his cup of coffee into the huge sugar rationing bowl.

Here is the sugar beet making sugar.

From the soil the beet draws water into its leaves. Within the leaves, hydrogen and oxygen (of which water is made) meet carbon dioxide from the air. When this happens in the presence of sunlight a union of these elements takes place—and sugar is created.

That is why sugar is sometimes called "crystallized water and sunshine"

PURE BEET SUGAR is as sweet and fine in grain—as any other top-quality sugar. It tastes the same. It behaves exactly the same in cookery.

The only difference is that beet sugar needs no ships.

At the time of World War I American farmers produced 764,811 tons of beet sugar annually.

Today our sugar beet industry turns out nearly a million and three-quarters tons of sugar every year. Present production of American beet sugar is nearly as large as the total tons of sugar formerly brought from Hawaii and the Philippines... almost as large as our normal yearly importation from Cuba.

Because sugar in wartime is vital, our supply of sugar must do more than take care of our own needs. We must send sugar to our allies. And in addition, we

may have to distill thousands of tons of sugar into raw material for explosives.

This three-way division of our sugar is why sugar has to be rationed.

Our 1942 ration, however, will be a liberal ration. It will probably allow every man, woman and child in America more sugar than did the 1918 ration. Under this ration and with present price control, nobody in our land will be deprived of adequate sugar.

Let's remember that. Let's waste no sugar and use no sugar unnecessarily.

We say again, America is never likely to go without sugar. And one reason is the sugar beets that this spring will grow green and lush over thousands of acres of western farms.

The sugar beets that will create, from air and water and sunshine, the sugar that needs no ships.

Yoo-Hoo General for Keeping Strikers Out Of Combat Regiments

Cleveland, March 12.—(P)—Those who won't work aren't good enough to serve in the army, Lieut. Gen. Ben Lear declared today.

"I do not appreciate, nor does any soldier, the remarks we sometimes read when there is a strike: 'Make them work or fight,' the second army's commander said.

"The individual who is unwilling to work we don't want picked up and sent to us to join combat troops. He isn't good enough. We don't want his spirit, and we don't want his presence."

An aide said the general's remarks—in a speech to the Cleveland Advertising club—should not be interpreted as "passing judgment upon strikes in general," but rather as an expression of resentment against the "work or fight" slogan as derogatory to the army.

"If you want to discipline and make useful those who have refused to work faithfully

with the team, let labor battalions be formed for them," Lear added.

**BRAZILIAN CREW
ADRIFT 3 DAYS**

New London, Conn., March 12.—(P)—Fourteen crewmen of the torpedoed Brazilian vessel Cayru died during a three-day ordeal in one of the ship's lifeboats, the navy reported today after landing six others, greatly suffering from exposure, at this port. Also brought ashore was the body of a passenger.

Two of the survivors were able to stand with the aid of sailors; the others were carried ashore on stretchers, and all were taken immediately to a hospital.

Their lifeboat was sighted last night by a naval vessel searching for survivors with the aid of aircraft. The navy said 38 men and women from the Cayru still were unaccounted for.

GIDDYAPI
Bend, Ore., March 12.—(Sp.)—Jim Van Huffel bought a horse and buggy because his tires were wearing thin. Now he giddyaps to work each day and parks a horse at his place of business—an automobile garage.
