

BRITAIN TO BAN JOY RIDING AND OTHER FRIVOLITY

Restriction of Sports Events Also Planned—Greater Production Is Sought.

London, March 13.—(AP)—All unessential motoring will disappear this summer from England's roads under a new rationing system which will withhold gasoline from everyone except those proving "genuine need," it was officially disclosed today as the government clamped down on wartime frivolities with sharp new measures to restrict sports events.

One spokesman said replacement of the present basic gasoline ration, which allows motorists fuel for 200 miles of driving a month, by more rigorous controls would be gradual. He explained the purpose of the change was "to end pleasure motoring for the present" and ultimately to take "all unessential cars" off the road.

To Cut Sports Events A second spokesman said restrictions on sports events, such as racing and boxing, also would conserve gasoline and, further, reduce the number of hours lost in vital industries.

Beginning with the April-May period, supplementary gasoline allowances will be reduced and the purchasing power of basic gasoline ration coupons will be cut in half.

On July 1, the basic ration will cease to exist and the only way to get gasoline will be to make a specific application with satisfactory proof that it is necessary.

J'VILLE FACULTY ALL RE-ELECTED

Jacksonville, March 13.—(Sp)—All teachers of Jacksonville public schools were re-elected at a regular meeting of the school board March 8. Following are the teachers re-elected: A. L. Beck, superintendent; high school—Warren Adams, Mrs. A. L. Beck, Donna Kerner, Leonard Patterson, Jessie Ruhndorf; grade school, Leonard Warren, principal; Raymond Cooke, Alma Penrod, Daisy Lewis, Mary Norvell.

All in the faculty received an increase in salary. Leonard Warren was contracted to drive the Griffin Creek and Warren Adams the Applegate school buses.

CCC CAMPS URGED AS FIRE FIGHTING BASES Washington, March 13.—(AP)—A group of west coast congressmen discussed today plans to utilize 83 civilian conservation corps camps in California, Washington, Oregon and Arizona as bases from which to fight forest fires and prevent sabotage in the forests.

Chairman Hill (D., Wash.) of a subcommittee on forests, said he had urged that youths from 18 to 20 years old and men over 45, who will not be called for army duty, be used. Hill said forest service officials had testified the CCC camps gradually were being closed and were not up to full strength.
