

Tigers' Title Hope Dashed by 42 to 29 Defeat by Corvallis

By BILLY HULEN
Mail Tribune Sport Editor

Salem, March 14.—(Sp.)—Medford's dream of a 1942 state basketball championship was shattered by Frank Ramsey's Corvallis high quintet in the Willamette university gym here Friday night, 42 to 29, in a game that belonged to the Spartans from beginning to end.

So, blasted out of the championship running, the Tigers slipped into the spot to face Hank Anderson's Baker Bulldogs Saturday evening for third place.

At no time were the Bengals in the lead as the surprising Spartans, led by the 12-point performance of 200-pound Bob Reiman and the 11-tally output of Jason Widmer, the red-haired forward, passed, dribbled and shot the locals dizzy. Corvallis led at the end of the first period, 9 to 7; at halftime, 17 to 11 and at the end of the third quarter, 27 to 20.

Nip Tiger Rally
A 15-point spree in the last quarter kept the Corvallis club safely in front, despite the best efforts of the Tigers to stage one of their comeback rallies. Captain Hank Herman, from a scoring standpoint, was the one bright spot in the Medford activity. He potted five field buckets and two free throws for 12 points to tie with Reiman for high point honors, and played a grand floor game. His good work went for naught, however, in the face of the Spartans' relentless driving tactics and their zone defense.

Herman set tournament observers buzzing with a spectacular field goal in the fourth period. There was a jump ball between him and a Corvallis player on the foul mark, and Herman leaped high and sent the leather soaring into the basket.

MODEST GAINS IN COST STATE FOOD

Portland, March 14.—(P)—Food prices are high in Oregon but still considerably under the peaks of World War No. 1, a survey of March 10 prices from 1916 to the present, compiled by the Portland Journal, showed today.

Butter, for example, was listed at 36¢ cents per pound whereas it reached 53¢ cents in 1918 and jumped to 62¢ cents in 1919 and 67¢ cents in 1920 before dropping off to a mid-48¢ cent average in the 1920's and a 30-cent and lower average during the depression.

Eggs were listed at 28¢ cents a dozen compared with 41¢ cents in 1919 and a high of 32¢ cents during the 1920's.

Potatoes stood at \$2.85 cents per hundred pounds compared to 1917's \$3.50 and 1920's \$6.00.

TURKEY RANCHERS TO BOOST HATCH

Seattle, March 14.—(P)—United States turkey ranchers intend to buy or hatch about eight per cent more pouls than last year, but in the western states, the increase will be about 24 per cent, the federal division of agricultural statistics reported today.

The western growers, particularly in the coastal states, specialize, however, in eggs for hatching, and their production per hen is the largest in the nation, Senior Statistician H. C. R. Stewart said.

Of the turkeys raised last year, about 44 per cent were sold in November and 40 per cent in December, the report added. Average weight was 15.9 pounds, the heaviest on record for live birds.

SPEED LIMIT CUT TO SAVE RUBBER

Washington, March 14.—(P)—President Roosevelt has written state governors asking their cooperation to conserve rubber by limiting the maximum speed of all motor vehicles to 40 miles an hour and requiring frequent checking of tires for possible repair or retreading.

The White House announced today that identical letters had been sent to the governors of all 48 states.

"Reduction of speed limits and regular inspection of tires," the president said, "constitute another important means of federal-state cooperation in the war effort."

Dillon, Mont. (U.P.)—Richard and Ronald Nelson, 4-year-old twins, gave chase to a skunk. Unfortunately, they caught it. Gasoline proved the most effective deodorant.

DUTCH FIGHT ON IN JAVA, REPORT

Melbourne, Australia, March 14.—(P)—Dutch troops still are carrying on a large scale fight against the Japanese in Java, Sumatra and the Celebes, Lieutenant Governor Hubertus J. Van Mook of the N. E. I. declared here today.

"We are still in radio contact with Sumatra and hope to establish additional communication with Java," he said in an interview.

The Dutch resistance might continue indefinitely, the lieutenant-governor said.

Van Mook said he had learned from a flier who escaped as the Japanese arrived in Bandoeng that the invaders had been delayed an entire day by the unexpectedly successful delaying tactics by Dutch troops.

F. R. URGED TO ACT, PEORIA VIOLENCE

Peoria, Ill., March 14.—(P)—Three trainmen were shot last night in strike violence climaxing a day during which a senator demanded that President Roosevelt take over operation of the 239-mile Toledo, Peoria and Western railroad.

Senator Mead (D-N. Y.) urged presidential intervention unless George P. McNear, president of the short line, immediately stopped what Mead described as his "defiance of all authority." He said McNear had had defied all attempts of authorities to settle the 76-day-old controversy over a new union contract.
