

Order Numbers Listed For Draft Registrants Who Live in Medford

Selective service board No. 1, which serves Medford only, yesterday completed fitting the order numbers to the serial numbers for men who registered February 16. According to board officials, the registrants, whose ages run from 20 to 44 years, will receive questionnaires as fast as they can be prepared by the board's clerks, the first batch going out this week.

It is expected that classification of the registrants will be completed in May or early June, and the first men will be called probably in July.

Work of fitting order numbers to serial numbers by board No. 2, serving Jackson county outside of Medford, is expected to be completed Monday and the Mail Tribune will publish the list as soon as possible after its release by the board.

In the following list the serial number appears first, the order number next.

THE VITAMALT WAY
is a natural way to reduce. VitaMalt contains your glands and nerves as your body consumes its excess fat. It is not a drug, does not contain thyroid nor anything else the least bit harmful. Take the juice of a lemon to which you have added VitaMalt Compound and 2 teaspoonsful of VitaMalt every three hours in place of food. Many tell us that they have lost as much as 10 lbs. in 3 days and that they feel better and look better than they have for years. If you miss the habit of eating the first day or two eat a few stalks of celery or a small head of lettuce. A cup of bouillon made from beef cubes also satisfies.

STA-OFF CORN REMOVER

Gives instant relief from pain and post-ure removal band corns, soft corns between the toes, callouses, warts, pedicures, stub nails. It contains several different oils that soften, loosen and does not cause the irritation as do strong acid mixtures. When all others have failed by this one. Sold on money back guarantee.
