"No Child of Mine will ever get WORMS!"

Don't be so sure, Mother! Anybody, anywhere, can have roundworms, tapeworms, pinworms, and the ugly creatures may be living inside your child right now, starting trouble without your even knowing it. If your child is pale, underweight, nervous, has an uneasy stomach, picks at nose or seat—these ugly roundworms may be at work.

Pinworms! Get Jayne's Vermifuge at once. It acts very gently, yet expels stubborn worms. And if no worms are there, it acts just as a mild laxative. Jayne's is America's best known proprietary worm medicine, used by millions for over a century. Demand Jayne's Vermifuge! At all drug stores.

MISINFORMATION GIVEN TRAVELERS

A hardship is being worked on travelers, Emil Mohr, manager of Hotel Medford stated today, by local residents who come in contact with travelers and report that local hotels are filled to capacity every night.

Due to this erroneous information concerning local hotels travelers in many cases continue further north or south in search of sleeping quarters when they could be cared for in this city. Mohr said that from time to time his hotel has been full and presumed that other hotels are also. It was urged that local residents refrain from passing on erroneous information to out-of-town visitors, when as a rule they could secure sleeping quarters in the local hotels.
