

Reception for Divines To Mark Termination Of Local Pastorate

Rev. Sherman Landon Divine, D. D., will be tendered a public reception in the social hall of the Presbyterian church Wednesday evening, in recognition of the termination of his six year's pastorate here.

A native son of Michigan, Dr. Divine was born in Holly, October 17, 1876, took his B. A. degree at Alma College in 1898 and his B. D. at McCormick Theological Seminary in 1901. He has held pastorates in Morgan Park and Chicago, Ill., Marinette, Wis., Detroit, Mich., Bozeman, Mont., Spokane, Wash., Rochester, N. Y., Sacramento, Cal., Olympia and Seattle, Wash., and Medford, Oregon.

As a builder of churches Dr. Divine is nationally known. While still a student pastor in Michigan he built churches at Omena and Suttons Bay and during his important pastorates in Detroit and Sacramento, new edifices were erected through his tireless and skillful efforts.

Dr. Divine married Mary Inez Nye of Detroit in 1901. They have two sons and a daughter.

He was a member of the executive committee of the General Assembly of the Presbyterian church of the U.S.A. (1916-20), and a member of the Washington Arbitration board in 1936. He was chaplain of the senate of California (1931-32) and held the similar position in the senate of Washington State (1933).

Among his outstanding secular activities have been: Conservation director of the national (1916-18); intermountain chairman of the Near East Relief food administration under Hoover in the state of Washington, (1918-23); chairman of the Near East Relief Commission to Russia, Turkey and Greece, (1921); active membership in the Rotary clubs of Spokane, Rochester, Sacramento, and Olympia; president of the Oregon State, and of the local chapter of the Society of the Sons of the American Revolution (1940-41); trustee of Whitworth College (1915-26).

Dr. Divine has long been active in Masonry and has also received the thirty-second degree in the Scottish Rite branch with the honorary degree, the Knights Commander Court of Montana. In 1916 the College of Montana conferred upon him the honorary degree of Doctor of Divinity, and Whitworth College gave that of Doctor of Laws in 1923. He was trustee of the latter college from 1915-26.

Twice Dr. Divine has been around the world; once as the guest of his Detroit parishioners in token of their appreciation of his labors in financing their new church building, and a second time in connection with the Near East Relief Commission.

Dr. Divine came to Medford when the church was heavily in debt and leaves it with a debt of only \$12,000 in bonds. Under his leadership membership of the church has been greatly increased. He has been Moderator of the Presbytery of Oregon and a faithful worker. Having reached the age of retirement from active ministry he has tendered his resignation from the pastorate of the church, effective April 17, and it has been accepted with a sincere expression of appreciation for his excellent and faithful work here. Dr. Divine and his wife will be greatly missed from the life of the community. It is expected that many Jackson county friends will attend the farewell reception next Wednesday evening.

SWIFT APPROVAL ARMY PAY BOOST

Washington, April 11—(P)—Swift house approval of a bill doubling the \$21 a month basic pay for army buck privates was forecast today as the military affairs subcommittee prepared to open hearings on it Tuesday. The measure, already unanimously approved by the senate, would grant pay increases for all enlisted men in both army and navy.

There were indications that an effort would be made to attach a rider to the bill, making financial provision for dependents of men in the service.

Getting Service that Conserves Your Car?

Come in for service by Authorized Factory-trained Mechanics who know how to make cars last longer

THERE'S a big difference between servicing a car and conserving it.

The first simply takes care of needed matters—the second attends to them in a way that prolongs car-life.

For example—now's the time to change to spring and summer oil and lubricants. But if you want longest car-life, it's also the time to check up on motor efficiency, gas mileage, wheel alignment, clutch and brake condition, battery condition and general tightness.

Buick Spring Servicing includes many of those things—then goes farther.

Every car brought to a Buick dealer for regular seasonal service also gets a complete check-up by a factory-trained mechanic ABSOLUTELY WITHOUT COST.

This check-up helps Conserve Your Car by showing its exact condition, and uncovering any special attention it may need in the near future.

Why not get Spring Servicing that includes this EXTRA safeguard of long life at no extra charge?

SALES TAX SEEN IF MORE REVENUE REQUESTS FILED

Washington, April 11—(P)—House ways and means committee members said today that any administration request for an increase in its seven billion dollar tax program would make some form of a sales tax certain. Discussing reports that President Roosevelt might revise sharply upward his tax request as a means to help control inflation, the committee members said that in that case some kind of consumer tax—already endorsed by a majority—could not be avoided.

Secretary Morgenthau said recently he was standing by his request for \$7,610,000,000 more revenue, "until there is a public announcement by the president" of a change in the estimate.

"Any increase would make a sales tax inevitable," said Rep. Knutson (R., Minn.) and he was joined by Representatives Treadway (R., Mass.) and Disney (D., Okla.).

Most of the committee members have said that in no event could congress take more than \$3,000,000,000 additional from individuals and an equal amount from corporations. Those two proposals formed the basis for Morgenthau's program presented to congress on March 3.

Chairman Doughton (D., N. C.) has expressed preference for a manufacturers sales tax, if any such levy were to be made. But witnesses have testified that such a form would lead to endless pyramiding of the tax, with the ultimate consumer price much higher than the amount imposed.

AGED MAN SOUGHT IN MURDER PROBE

Port Orchard, April 11—(P)—The Kitsap county sheriff's office today issued a state-wide request that James S. Williams, 70, be detained for questioning in connection with the slaying of his daughter-in-law, Mrs. Lillian Williams, 57, at the Williams home at Fragaria.

An autopsy disclosed two rifle bullet wounds, in the chest and back. Her husband, Winston Williams, Puget Sound navy yard shipfitter, who found her dead in their home early yesterday, identified a note nearby as having been written by his father.

The note said the elder Williams would be found dead, but a widespread search failed to disclose his whereabouts.
