

ELLSWORTH SEEKS AID FOR LOGGERS IN TIRE SUPPLY

Roseburg, Ore., April 24.—(P)—Harris Ellsworth, chairman of the industries committee of the Roseburg chamber of commerce was advised today that the plight of logging truck operators in Oregon had been placed directly before Price Administrator Leon Henderson. Responding to a telegram dispatched by Ellsworth last night to Senators McNary and Holman outlining the critical need for logging truck tires, Senator McNary reported he had personally discussed the subject with Henderson and the committee.

The message to the Oregon senators pointed out that 90 per cent of all sawmill production in the state now is on war orders and that a large part of this production will be halted within three months unless tires for trucks are provided.

Citing the situation in Douglas county where all log hauling is done by trucks, Ellsworth said that the requirement is 250 tires monthly but that the quota has been only from 55 to 60.

Ellsworth, who is seeking election to congress from the newly created fourth congressional district, left today to make a further inquiry into the situation with regard to logging truck tires.

EARLY DIAGNOSIS DRIVE PROGRESSES

The early diagnosis campaign of the Oregon Tuberculosis association is progressing well in Jackson county this month under sponsorship of the Jackson County Public Health association, it was announced yesterday. Boy Scouts will cooperate tomorrow by placing window cards in the various stores of Medford.

The junior committee of the Health association through Mrs. Chauncey Brewer and Mrs. Dwight Findley is placing posters around the county.

The whole campaign is put on in an effort to spread the knowledge that only through X-ray examinations can tuberculosis be discovered, and that its early discovery and treatment will save countless lives as well as time and money.

Quintuplet Marie Gets Clinic Check

Toronto, April 24.—(P)—Marie, smallest of the 8-year-old Dionne quintuplets, arrived at the Toronto hospital for sick children today for what was described as "a perfectly routine checkup" to supplement a previous examination for suspected muscular atrophy in one leg.

The original examination was made on January 25 and an announcement at that time said physicians found "no serious lesion."

Lela Rogers To Have Part In Picture With Daughter

This time it's going to be "like daughter like mother" for Mrs. Lela Rogers is leaving Rogers Rogue River ranch Saturday for Hollywood where she will embark on a Hollywood career. She is to appear in Paramount's "The Major and the Minor" in which she will play the part of Ginger Rogers' mother—a part that should be easy for Mrs. Rogers. She expects to be gone about 10 days.

Mrs. Rogers admitted yesterday that the Rogers ranch and dairy held more fascination for her than being a motion picture actress. This will be her first motion picture appearance for quite some time, she said, her motion picture activity having been limited more in the past to drama coaching and writing. She is a former drama editor of the Fort Worth "Record" and now is managing her daughter's ranch here.

Ranch activities are progressing rapidly Mrs. Rogers said and all the buildings are completed. She said that her actress daughter, Ginger had not been in Oregon since the first of February and that the new picture would keep her occupied in Hollywood at least another month.
