

ENLISTMENT FOR WAR ON CANCER WILL BE SOUGHT

County - Wide Committee
Named—Booths in Med-
ford, Ashland to Register.

To launch the spring offensive against cancer in Jackson county, which will open officially Saturday, April 25, a tea, was held Wednesday afternoon at the home of Mrs. Ralph Boutelle, county chairman, who conducted last year's successful drive.

Special guests were members of the junior group of the Jackson County Public Health association, who will preside in booths to be opened in the banks and various business establishments of Medford and Ashland Saturday. These booths will remain open for the remainder of April. Directing the junior group in this particular phase of the campaign will be Mrs. I. E. Schuler and Mrs. Margaret Henry.

Would Enroll All
Assisting Mrs. Boutelle on the county-wide committee, with

the aim to enroll everyone in Jackson county in the army to fight cancer, are: Mrs. Harry Holmes, Mrs. T. E. Daniels, Mrs. Mary Simonds, Mrs. Porter J. Neff, Mrs. I. E. Schuler, Mrs. Moore Hamilton, Mrs. Horatio Gates, Mrs. Frances Cochran, Mrs. Harry Nordwick, Mrs. Margaret Fabrick, Mrs. Margaret Henry, Mrs. H. E. Sims and Mrs. C. E. Myers.

All service clubs, Parent-Teacher associations and the Granges will be contacted in the drive. Literature will be presented Saturday at the meeting of the Pomona Grange and a special effort made to get the facts before people, who were missed in the initial 1941 campaign in Jackson county, carried on by the Women's Field Army for the Control of Cancer.

Defense Measure
There will be no house to house canvass this year, Mrs. Boutelle stated yesterday, but dollar members, who enrolled for 1941, will be asked to renew for 1942. The United States government has designated this work of saving actual lives and saving the time of the two persons it takes to care for a cancer case, as a primary defense measure.

It is hoped that people will call at the booths and obtain their literature without hesitation. There will be boxes on the tables for receipt of money from those who have it to give. The literature, however, is available to all, free of charge. To help with existing cases of

cancer in Jackson county and for early diagnosis to cure and prevent other cases, one penny is needed from every man, woman and child in Jackson county, Mrs. Boutelle explained. The first weapon to be used in the war, however, is information, and the field army is eager to get information into the hands of all people.

Encouraged By Cases
One of the most important pieces of literature to be distributed is the Lay Primer of Cancer, written by a medical member of the American Society for the Control of Cancer. It is a brief, frank talk about cancer and its possible cure. It will be distributed at the booths in banks and various stores. If you get one and know someone, who didn't, the committee asks that you read it and pass it on.

Encouraged by the actual discovery "in time" of severe cancer cases through last year's drive, in Medford, the army goes into the field this year with increased faith and enthusiasm, Mrs. Boutelle stated.

Telegraph Offices In Postoffices Is Merger Proposal

Washington, April 24—(P)—Secretary of Commerce Jones submitted to a senate interstate commerce subcommittee today a proposal from President Roosevelt for leasing postoffice quarters where available for use by a consolidated telegraph company contemplated under pending legislation.

Jones told the subcommittee that both he and the president favored the objectives of the legislation which would provide for consolidation of all domestic telegraph companies in a single agency.

It also would permit international telegraph systems to merge.

Jones said the president had believed there were hundreds if not thousands of places in the United States where it would be an economy to the government, to the telegraph service and a convenience to the public to have the telegraph office in the post office.
