

PARK WILL OPEN WITHIN FEW DAYS ROTARIANS TOLD

E. P. Leavitt, superintendent of Crater Lake national park, outlined plans for park travel this season at a meeting of the Medford Rotary club Tuesday noon at Hotel Medford. The importance of recreation as a morale builder was stressed by Mr. Leavitt in calling attention to the present plan of keeping the park open and facilities available.

The park will open within the next few days, Leavitt said, and hotel and dining room accommodations will be maintained, the park staff will be on the job, and boats operating on the lake for the convenience of fishermen. Forest protection will, of course, be emphasized in the park service plans for the season.

While tourist travel to Crater Lake national park will be limited, due to tire and gasoline rationing, those who live in this area should enjoy the recreational facilities of this scenic attraction as a means of lessening the tension of war work, Leavitt suggested.

Chief Electrician's Mate Jack Carpenter, local navy recruiting officer, outlined for the benefit of Rotarians and guests the qualifications and opportunities of the U. S. navy.

Blister Rust Fight Will Be Resumed by O-C Administration

The O. and C. administration is again conducting the blister rust control program in the vicinity of Soldier's camp, 15 miles southwest of Galice. Fifty men will be employed for about three and one-half months. The work is conducted under direct supervision of Ross A. Youngblood.

The O. and C. administration is also planning a six-man reconnaissance camp to examine additional pine timber areas to ascertain areas which will justify blister rust control work.

In addition to the regular blister rust control work the men at these camps will also be available for emergency fire control work.

SCHOOL WARRANT FORGER IN TOILS

Floyd M. Zimmerman entered a plea of guilty yesterday in circuit court to forging and passing of school district warrants and was scheduled to appear for sentence some time today.

Zimmerman, according to a signed statement made to the sheriff's office, cashed a half dozen spurious warrants in this county the past month. He also admitted doing the same in Lane county and in eastern Oregon.

According to the sheriff's office Zimmerman is a stove repairman who travels over the state doing work for school districts. By a subterfuge he would obtain school warrants, fill them out for various amounts with the correct names of school district officials, and cash them. Forged warrants of the Ashland, Eagle Point, and Brownsville districts were issued locally. It is estimated he thus obtained between \$100 and \$150, authorities said.

The department of commerce reports that New Zealand claims to have the lowest infant mortality rate in the world.

Midway Chief

Commander Cyril T. Simard (above) commands the naval air station at Midway, focal point of the great sea and air battle in which the U. S. Navy partly avenged Pearl Harbor by inflicting heavy damage on a Japanese force. Simard was recently decorated by Admiral Chester W. Nimitz for his work in beating off the initial attack on Midway at the start of the war.

CROWDED FRONT SEAT BRINGS \$2.50 FINE

James C. Clark, a cantonment worker charged with driving an auto with more than three persons in the front seat, entered a plea of guilty in justice court yesterday, through his wife, and was fined \$2.50 and costs.

James L. O'Connor of Central Point, charged with operating an auto without a tail light was fined \$1.50 and costs.

AID STAMP SALE
Portland, Ore.—(AP)—American insurance men have already sold more than \$200,000.00 in defense bonds, according to John A. Witherspoon, president of the National Association of Life Underwriters.

The O. and C. administration is also planning a six-man reconnaissance camp to examine additional pine timber areas to ascertain areas which will justify blister rust control work.

In addition to the regular blister rust control work the men at these camps will also be available for emergency fire control work.

SCHOOL WARRANT FORGER IN TOILS

Floyd M. Zimmerman entered a plea of guilty yesterday in circuit court to forging and passing of school district warrants and was scheduled to appear for sentence some time today.

Zimmerman, according to a signed statement made to the sheriff's office, cashed a half dozen spurious warrants in this county the past month. He also admitted doing the same in Lane county and in eastern Oregon.

Forged warrants of the Ashland, Eagle Point, and Brownsville districts were issued locally. It is estimated he thus obtained between \$100 and \$150, authorities said.

The department of commerce reports that New Zealand claims to have the lowest infant mortality rate in the world.

Land Bank Loans to Continue Available For Farm Financing

Land Bank commissioner loans will continue to be available to farmers and ranchers of Jackson and Josephine counties under terms of legislation signed last week by President Roosevelt, Warren Patterson, secretary-treasurer of the Jackson and Josephine National Farm Loan association, announced this week. Original authorization for these loans expired June 1.

Land Bank commissioner loans usually are written as second mortgage loans in connection with Federal Land bank loans, thus permitting loans of as much as 75 per cent of the appraised agricultural value of farms. Under certain conditions, they may also be written as first mortgage loans.

Interest rate on Land bank commissioner loans is five per cent, and usual term is 20 years, semi-annual payments on the principal retiring the loan by the end of its term.

"Originally authorized in 1933 as an emergency measure, Patterson said, 'commissioner loans have filled a real need in farm financing.'"

The Grange

Griffin Creek Grange Regular session of Griffin Creek Grange was held June 2 with Master Clyde Sturgill presiding. Five applications for membership, submitted by Myrtle Wilson, were reported on favorably by the investigating committee.

The following are to receive first and second degrees June 16: George and Bonnie Ferland, Mrs. Rupert Maddox, John Wheeler, Hazel Kime, Norman and Sarah Judy.

Salvage committee reported \$12 from sale of scrap iron and Roy Le Vander was given a vote of thanks for his efforts in collecting same. It was asked that everyone get out in their neighborhood to collect more as in so doing we will be helping ourselves as well as our government.

Flag committee presented a Flag day program. Refreshments were served by Harold Tolle and Rufus and Grace Faun.

An interesting Father's day program is to be presented at next meeting, June 16. H. E. C. meets Thursday, June 11, at 10:30. Members please wear work clothes and bring sandwiches. Dessert will be furnished by Bertha Croft and Sarah Tolle.

Closing time for Classified Ads 9 a. m.—Too late to classify 12:30 p. m.

Eagle Point Firemen Construct New Hall Near 'Phone Office

Eagle Point, June 10.—(Spl.)—A few of the "old faithfuls" met last Sunday at the site where the Eagle Point fire department is building a new fire hall adjoining the telephone office on the north, laid the form 24x30 feet and poured cement for the floor. The new hall will have a room for the fire truck and equipment, a meeting room and rest room.

As the labor is donated and as everyone living here will receive the same benefits, the fire boys will greatly appreciate it if others will also cooperate by turning out and doing their bit in its erection.

Mrs. Beatrice Galbreath bought the building being used by the department at present and all who are concerned are anxious to make the change at the earliest possible date, so come on Eagle Point, show the laddies we appreciate their efforts.

A machine used by the standards bureau, department of

commerce, to test wearing qualities of floor coverings makes

as many as 48,000 simulated foot steps during a test period.
