MILK WITH MUSIC
San Jose, Calif.—(U. S. Dept. Agr.)—By providing cows with music during the milking hour, Eddie Berryessa is convinced the nation can meet its goal of 125,000,000 pounds of milk for 1942. With a radio in the milking barns, his 180 cows have increased their production 30 gallons daily.

WANT USED TIRES TO AID TRANSPORT OF WAR WORKERS

Portland, Ore., June 11—(P)—Used tires, suitable for re-treading, will be purchased from motorists from June 15 to July 4, Robert F. Strong of the RFC's loan agency said today. Strong, who will head the program in Oregon, said the aim was to obtain all tires in excess of five owned by individual

motorists and make them available to war industry workers. OPA ceiling prices, less reconditioning costs, will be paid.
The tires may be taken to the nearest railway express agency or to warehouses now being established in towns including Grants Pass, Medford and Ashland.
Local civilian defense officials and those connected with the county salvage program said today they had received no information concerning the establishment of a warehouse here to receive used tires suitable for re-treading and re-sale to war industry workers.
Puerto Rico is planning to establish a modern, large-scale commercial fishing industry.

ROQUETTES HOME FROM FESTIVAL

Mr. and Mrs. Sebastian Apolo and Mr. and Mrs. Herman Purucker have just returned from Salem where they presented their Roguettes, accordion band, in the first state accordion festival. The girls played their numbers standing behind large painted peaches and pears and red "Delicious" apples, advertising Rogue valley fruits.
The Roguettes also appeared at the Chamber of Commerce banquet at which Governor Charles A. Sprague was a special guest. Robert Lee Fisher and Lloyd Heath, two small boys, were presented in a solo of being the youngest student in a solo number.
