

MEDFORD BRANCH OF STANDARD OIL JOINS BOND ARMY

Ten Per Cent or More of Income Is Pledged By All Workers in Four Counties

Less than 48 hours after formation of a Standard Oil of California "War Bond Army" employees of the Medford branch of the company had pledged themselves to invest ten per cent or more of their income in war bonds, L. T. Nygaard, branch manager, said today.

The local "War Bond Army" contingent includes one hundred per cent of the personnel of Standard Oil of California and of Standard Stations, Inc. The branch embraces all of Jackson and Josephine counties and portions of Klamath and Douglas counties, Standard Stations, Inc.,

is managed by O. A. Lowderback, whose headquarters is also located in Medford.

Glenn Jackson, assistant state administrator in charge of the southern Oregon counties for the Oregon war savings staff and William A. Gates, Jackson county chairman, expressed satisfaction in the 100 per cent payroll reduction program of the Standard organization in this area. Payroll deductions in some instances amounted to 20 per cent for some individual investors, according to Nygaard, and the example of the Standard is offered as a pattern for other concerns locally whose personnel recognize the importance of this vital war financing effort.

Aides Lauded

Mr. Nygaard paid special tribute to three members of his sizeable organization who personally contacted all employees and arranged for the payroll deduction pledges. These men were Norman Kerr, Ernest Saunby and Grant Todd. In arranging for participation of Standard Stations, Inc., John White of this city was cited by Lowderback for his personal contact of all personnel.

Hospitable Soul Shares Bed With Sleepy Prowler

Albuquerque, N. M., June 15—(AP)—A. J. Malchar woke up in the night and found another man in bed with him.

broadcast by President H. D. Collier. The response to President Collier's appeal has been outstanding, Nygaard said, and reports from all areas show interest similar to the local branch.

In discussing the current "War Bond Army" program of Standard, Nygaard said:

"Every man and woman has enthusiastically joined the War Bond Army and the drive has been concrete evidence of the all-out way our employees are backing the government's war effort and the efforts of 1800 Standard of California men who are now in the Armed Forces."

FOOD PRESERVING DEMONSTRATIONS IN SECOND WEEK

The series of food preservation demonstrations being offered by Miss Marian Farrell, home demonstration agent, started off on the second week with a meeting at Talent today when she showed the approved methods of canning, drying and freezing.

According to Miss Farrell the war ration of sugar, that is one-half cup to a quart of fruit, makes a very satisfactory product. Although this is not as sweet as the housewife usually cans her fruit, the flavor is good, and the shape and color also are retained.

Miss Farrell suggests that housewives can their berries with the war ration sugar making the syrup with the juice of berries rather than water so as to take advantage of the natural sugar present in the fruit.

Demonstrations will continue throughout the week in the following communities:

June 16—Rogue River, at Mrs. Grizel's with a picnic lunch.

June 17—Medford, at the courthouse auditorium with a covered dish luncheon.

June 18—Lost Creek, at Mrs. William Hoeft's with a covered dish luncheon.

June 19—Prospect, at Mrs. Tubman's with a picnic luncheon.

Everyone is welcome to attend these meetings and further information may be received through the office of the home demonstration agent in the courthouse.

TRAPPED MINERS BROUGHT TO TOP

Renton, Wash., June 15.—(AP)—Nearly 56 hours after they were trapped 350 feet below the surface by a cave-in in a coal mine gangway, Archie Skiver, 40, of Auburn, and Robert Stonack, 20, Tacoma, were rescued last night without having suffered any harm worse than being chilled.

Trapped Friday morning by the cave-in from which three others narrowly escaped, the pair was freed through the unceasing efforts of fellow miners who dug a small tunnel around the slide in the Renton Mining company shaft at Talbot, two and one-half miles south of here.

Hurry "Fag Bags" Is Word to Girls

An urgent plea has gone out to Girl Scouts of Jackson county from Miss Esther Ansel, Portland regional Scout executive, urging all Girl Scouts, both individuals and troops, who have been working on the "fag bag project" to have all their quota of fag bags ready and delivered not later than June 20.

In making her appeal to local Scout leader Mrs. Marjorie Pena, Medford, Miss Ansel pointed out that the bags must be ready for distribution starting with the week end of July 4, as that is a time when fire hazard in the forests is greatest.
