in the HITCHCOCK manner!

Saboteur is the story of a boy and girl who fell in love at the point of death—but heroically survived to gloriously fulfill their romance. Saboteur is an exceedingly exciting story enhanced by the touch of the master story teller, Alfred Hitchcock, who entertained you so magnificently with the hits "Rebecca," "Foreign Correspondent" and recently "Suspicion." Those who know pictures best always know that Hitchcock's name is the trade mark for excellent and generally different entertainment. Hitchcock with Saboteur has surpassed himself. You'll have a grand time when you see it.
