

OFFICER STAFF IN NATIONAL CAPITAL WILL BE REDUCED

Members of Army Specialist Corps To Replace Men Able To Serve In Field.

Washington, June 18.—(P)—The war department announced today that it would reduce the number of officers assigned to duty in Washington, replacing many of them with members of the new army specialist corps, but made it plain that the new organization was no haven for job hunters or draft dodgers.

In a directive to Dwight F. Davis, director general of the specialist corps, Secretary Stimson outlined the policy for its selection of professional or technical personnel for administrative duties, primarily to release army officers for service with troops.

Must Be Qualified

"All political or personal considerations will be rigidly excluded," said Stimson, "and care will be exercised to insure the appointment of men who are fully qualified and specifically needed."

"Any attempt to provide employment for men seeking a job, or pay at a higher rate than received in civil life, is contrary to approved policies and, of course, cannot be tolerated."

"Moreover, it will be necessary to insure that every reasonable measure is taken to avoid use of the army specialist corps as a means of evading active military duty under the selective service act."

GERMANS OUSTING CONQUERED FOLK

Moscow, June 18.—(P)—A German plan for the transfer of 3,000,000 Dutchmen to Nazi-occupied districts of eastern Europe is part of a vast scheme for resettlement of the conquered peoples with the aim of opening choice areas for Germans and weakening resistance to the forces of occupation, Tass reported in a Geneva dispatch today.

The Soviet agency said German colonists were to be sent into large sections of Holland, Alsace-Lorraine, Luxembourg, and the Baltic republics.

The population of these areas would be moved, it was said, to sections regarded as less fit for mass German colonization.
