

GENEROUS GIVING NOTED IN DRIVE FOR USO FUNDS

Areas Being Canvassed By
Granges of County —
Teams Active in City.

Excellent cooperation is being given by Jackson county residents in the United Service Organization drive now underway according to C. E. "Pop" Gates, head of the county campaign. He said that volunteer workers were noting generous support in this worthwhile national campaign to raise funds for support of recreational facilities for men in the armed forces.

Through the capable organization of Mrs. O. M. Floyd, former lecturer for Pomona grange in Jackson county, the rural areas are being thoroughly covered by the Granges. Volunteer Women's Motor Corps, headed by Mrs. Jack Morrill, in their trim uniforms, have taken over solicitation of the west residential district south of Main street. The Sojourner club is handling the district north of Main street.

Four teams of solicitors are active in the business district, with many large business establishments and the chain stores taking care of their own solicitation. The professional men are being contacted by one group of volunteer workers.

Despite the fine manner in which the drive is being conducted Mr. Gates asked today for more solicitors to aid in the campaign. He said more volunteer workers would ease the task of those now serving and asked those interested to telephone or apply at the campaign headquarters at the Chamber of Commerce.
