

MENDING SERVICE FOR SOLDIER BOYS AT USO QUARTERS

A representative of the Navy Mother's club will be on hand daily at the United Service Organization center, 234 East Main street, to do small jobs of mending for the soldiers stationed in southern Oregon. It was announced yesterday.

Mrs. Helen Small, USO director, said today that letters of regret had been received from Earl Snell and Leslie M. Scott, state secretary and state treasurer, stating their inability to attend the USO opening Sunday. Florence Boester, regional director for the Pacific coast for USO in San Francisco sent congratulations to the USO on the opening.

Decorations for open house Sunday were in charge of the Medford Garden club with Mrs. R. T. Nichol as chairman assisted by Mrs. J. R. Woodford and Mrs. Allen Arnsperger. Also assisting in decorating were members of the Zonta club, who had charge of flags, and Bernice Reames, Mignon Phipps, Allison Aya, Wanda Burch and Ina Goldsmith.

Refreshments were arranged by Mrs. John Boyle and the information desk was handled by Mrs. Effie Kurtz, chairman assisted by Mrs. Zola Sims and Mrs. Etta Robertson. Miss Vera Humphrey took charge of the switchboard. Mimeographing for USO is in charge of M. T. Edwards, who volunteered her service for this work.

Several vocal selections were presented Sunday afternoon by Miss Mary Ann Gates, accompanied at the piano by Elsie Carlton Strang.

A 24-hour telephone service will, however, be maintained at the armory, phone 3688, where telephone calls and messages may be sent for the commanding officers of Camp White and where the location and telephone numbers of the billeting office may be obtained at any time.

BUSY BEE LOAFED
Great Falls, Mont. (U.P.)—The traditional busy bee let Montana apirists down this year by producing only 10 per cent of the state's demand for honey. Montana beekeepers are depressed because the war has increased the price of honey.

SOL WARMS UP; 95 TOP SUNDAY

Summer blitzed southern Oregon Sunday when mercury zoomed to 95 degrees, the warmest day registered this month by the U. S. weather bureau at the Medford municipal airport. Minimum temperature for the month was 50 degrees.

However Sunday's tepid weather was merely a shadow of the 102 degrees which scorched Medford June 11, 1941. Medford's temperature yesterday is still a military secret. And today? The sun is still shining.

AUXILIARY BOARDS FOR SUGAR SOON

Five auxiliary rationing boards to accept applications for canning sugar are being set up in Jackson county. The boards are to be located at Rich, Gold Hill, Shady Cove, Prospect and Butte Falls. Scattering of the auxiliary stations about the county is expected to be of considerable value to county residents, who have found it necessary to come to Medford to receive their applications.

Rationing board members said today that volunteers are being contacted to work on the registration of canning sugar and as soon as the boards can be set up the applications will be received. It is expected that the boards will be at work by the close of the week.

JUNE BUSY TIME FOR CITY POLICE

It has been a busy month of June at the city police station with 124 individuals charged with being drunk in a public street or place or for disorderly conduct. Many of these violators received jail sentences, others paid fines or forfeited bail. During June, 1941, only 39 were charged with the same violations.

The books showed 133 sentenced during May, 1942, as compared with 22 for May, 1941.

This month's record also bested April when 111 were charged with being drunk as compared to 20 during April, 1941.

Only two were charged in city police court today with being drunk in a public street. John DeWitt McMahon forfeited \$10 bail and Claude E. Edmonds received a 10 days' suspended jail sentence. Robert Albright, charged with failure to stop at a stop light, paid a fine of \$5.

YOUR STANDARD SERVICE MAN

Yessir - We Want Everything Except Rubbernecks!

Ten more days to get your rubber in, but don't wait another day. I know you've looked already, but search again for old tires, old tubes, hot water bottles, garden hose, rubber mats and floor covering from your cars, bathing caps, rubber soles shoes, and dozens of other things made of rubber.

Bring them in to us or to any other service station. Every penny of profit we make will go to the Red Cross, USO and the Army and Navy Relief Societies. Uncle Sam needs your rubber, and needs it badly. Make one last check of attics, basements, garages. Do it before its too late.

Don't Be a Headliner in Monday's Paper!

This weekend, unless I miss my guess, some of us Americans will celebrate our Independence by falling out of boats and arguing the right-of-way with trees.

But one way you can keep out of the headlines Monday morning is to roll in this week and have one of us Standard Service Men give your car a free safety check. Here's what we'd like to do for you:

1. Check your headlights, tail-lights and stoplights to see they're working right.

2. Clean all your windows and rear view mirror.
3. Fill your tires to the right war-time pressure, (with especial attention to your spare), and give them a quick inspection for defects.
4. Clean out your ash tray, to make plenty of room for matches that might go out the window and start forest fires.
