I hereby certify that the foregoing is a true statement of the proposed budget of expenses for the year 1942-43, as adopted by the Budget Committee of the City of Medford, Oregon, on June 10, 1942, and notice is hereby given to all persons interested therein, that the City Council will meet in the City Hall in said City on Monday, July 13, 1942, at 7:30 o'clock P. M. of said day and then and there discuss said budget and make the levy of the city taxes for expenditures for the year 1942-43, and at which time and place any person interested therein can meet with the Council and make his objection to said budget, and said proposed tax levy, if any he has.

M. L. ALFORD,
Recorder

Medford Woman Regains Health After Long Siege of Paralysis

The happy ending of a story which began nearly five years ago was told today by Mrs. Earl Gibson, of 723 Bennett street, when she took a bouquet of flowers to the office of the Timber Products company, and voiced her thanks for the aid which had made it possible for her to regain her health.

An invalid for three and one-half years, suffering from paralysis as the result of the dread disease beri beri, Mrs. Gibson saw nothing ahead but confinement to her bed. Then a Medford doctor suggested that she be sent to a specialist in Portland for a last effort to check the steadily growing paralysis. Mr. Gibson was employed at the Timber Products mill at the time, and his fellow workers learned of the doctor's recommendations. Times were not too good then and dollars looked larger than they do now, but the men and officials in the big plant quickly made up a fund of $210 which gave Mrs. Gibson her chance.

That was a year and a half ago. After five weeks in Honeyman hospital in Portland she was brought home where the treatments were continued. Gradually she regained strength and soon was able to walk a bit. A month ago she walked to town for the first time since she was stricken. Now she is able to do all the housework for her husband, who is employed at the cantonment, and her daughters, aged 11 and 5 years.

"I wish there was some more adequate way in which I might show my gratitude," Mrs. Gibson told the Timber Products employes. However, the men who aided her feel ample repayment in the knowledge of her remarkable recovery.

The Grange

Talent Grange

Austin D. McReynolds will be at the Talent Grange to lecture on civilian fire control on Thursday. All members are urged to be present.

Jacksonville Grange

Jacksonville Grange met in regular session Friday. Olive Floyd and Louise Brockway talked to the members relative to the U.S.O. drive. Mrs. Floyd urged the members to support Myrtle Arnold, chairman of this district. Members who offered their services were Ann Wendt, Nellie Niedermeyer and Leora Niedermeyer. Grange voted $5 toward this fund.

Nellie Niedermeyer, H.E.C. chairman reported a pleasant afternoon with Leora Niedermeyer at their last meeting. The quilt for the casualty station was completed.

Next hostess for the club will be Reva Henspeter. She will entertain at the hall, July 8.

On July 5, Grange will have a picnic on the old court house lawn. Dinner will be served at noon and all grange members and invited guests will be welcome.

Mrs. Carpenter sent thanks to the grange for the piano now being used at the Recreation center at the trailer camp.

During lecture hour Bernice Godley and Henry Conger gave interesting accounts of their recent trip to State Grange as delegates from Jackson county.

Refreshments were served by Kathryn Wendt and Bernice Godley.

Next serving committee will be Chet and Ann Wendt and Wesley Hartman, July 24.

The traveling gift provided by the ways and means committee was sold to Henry Conger.

Fugitive Murderer Traced by Prints

Seattle, July 1—(AP)—Detective Chief Ernest W. Yoris said today that George Howie, 57, picked up on a morals charge, was wanted by Mississippi authorities as an escaped murderer who had been at large for 18 years. Twice sentenced to death on the gallows, the sentence was commuted to life before he got away.

Circulation of his fingerprints over the country led to his identification.

He was convicted of slaying a 17-year-old girl after an assault in 1919 and escaped in 1924.

177 Convictions On Charge of Sabotage

Washington, July 1—(AP)—The FBI has reported 177 convictions in the field of sabotage and 5,246 complaints investigated in the 10 months beginning last July 1.

Clyde A. Tolson, assistant director, said some of the cases investigated were "aggravated cases of sabotage" but that up to early June there had been no foreign-inspired sabotage in this country.

TIRE INVENTORY IS NATIONWIDE

Washington, July 1.—(AP)—The office of Price Administration undertook a nationwide inventory of serviceable tires held by dealers, automobile companies and finance companies today, and announced that it would use the resulting information charting the future course of tire rationing.

The stock-taking, as of June 30, will cover new, used, retreaded and recapped tires. Reports will be filed with local rationing boards, and must show inventories of passenger car and truck tires and tubes, tractor and farm equipment tires, and all other types of tires not mounted on a vehicle.

SPRAGUE RETURNS

Washington, July 1.—(AP)—Governor Charles A. Sprague, absent from the state for two weeks during which he attended the National Conference of Governors at Asheville, N. C., returned this morning aboard the Union Pacific's streamliner. He left Portland immediately by automobile for Salem.

The Idaho fish and game department's census shows Idaho's 1942 deer population was 166,000.
