

Ann Sheridan in "Juke Girl" Headliner on Craterian's Screen Today

REAGAN PLAYS IN SUPPORTING ROLE WITH OOMPH STAR

Richard Whorf, Gene Lockhart Have Prominent Roles In Thrilling Show.

A hardy film that packs plenty of excitement and romance will make its local bow at the Craterian theatre today. The title of the picture, "Juke Girl", in itself speaks of the warmth, color and excitement of the story. The film features one of the most dynamic acting trios in Hollywood—Ann Sheridan, Donald Reagan and Richard Whorf.

The setting of the film is a little town known as Cat Tail, Florida, made up of itinerant fruit and vegetable pickers. The largest packing plant is run by a man who, because of his position, rules the town. The role is played by Gene Lockhart. He sets prices; he gives jobs and takes them away; his word is law.

Ann Sheridan works as a waitress in the town's only tavern and it is there that she meets Reagan and Whorf who have come to find work. Reagan and she immediately strike it off well together, but Whorf makes it plain that he hasn't much time for women.

George Tobias, who plays the role of a friendly vegetable farmer, is prevented by Lockhart from getting a good price for his product.

Reagan goes into partnership with Tobias and things go along smoothly until they try to sell their stuff in Cat Tail. Lockhart's attempts to stop them fail. Tobias, in celebration of his good luck, wants to shake hands with Lockhart and forget the past bitterness. But the meeting ends in a brutal fight and Tobias is killed.

The stirring climax is said to make one of the most thrilling hits to show in Medford in many a moon.

Bond Purchases About \$400,000 Is June Report

Jackson county's patriotic showing in purchase of war bonds and stamps during June totaled \$351,000, incomplete returns showed yesterday. W. A. Gates, county chairman of war bond sales believes complete returns should boost the figure over \$400,000, or the cost of two bombers to the U. S. forces fighting on scattered fronts about the world.

Gates said he doubted if any other place in the "country" had done any better. If all did as well our boys will have all the guns, tanks and ammunition that they need.

Figures on the amount of purchases of series F and G bonds are yet to be received from the Federal Reserve banks but local banks and post offices in the county reported sales to be slightly more than \$351,000. This brings the average to more than \$11 per capita for the fixed population. Gates said that Uncle Sam asked for 10 per cent of each individual's salary and Jackson county responded 100 per cent.
