

Landlords Advised By Dist. Attorney

District Attorney George W. Neilson said today several com-

plaints had been received recently by his office, that transient workers employed at the cantonment had left without paying room and board bills. Landlords were advised to take proper provisions against this.

as once roomers are out of the state there is no way to bring them back. The offense is a misdemeanor and not extraditable, the district attorney explained. "There has been no trouble

with the majority of cantonment workers, but there are always a few in any large group who get out of line," the district attorney said.
