NOW IS TIME TO STOCK FUEL OIL FOR WINTER USE

Seattle, July 11—(P)—Lifting of the government's order which restricted fuel oil deliveries to Oregon and Washington consumers, effective today, should be the tip-off for every household and commercial user to stock oil tanks as soon as possible, the Washington state defense council urged today.

The war production board's suspension of the restrictions, announced at Washington yesterday, made no changes in the present one-third reduction in gasoline deliveries in the two states, which has been in effect since April 16. Fuel oil deliveries had been cut 50 per cent since May 15.

"If people act now to 'fill 'er up' so their tanks will be full at the end of summer," the council said, "the companies will gain storage space, can bring in more tanker loads from California, and we will be in much better shape to face the uncertainties of next winter."

3 OF FAMILY DIE BUS-AUTO CRASH

Pendleton, July 11—(P)—Three members of a family of six from Washougal, Wash., were killed five miles west of Pendleton on U. S. RUMANIANS AID HITLER
Ankara, Turkey, July 11—(P)—Reliable reports today said eight Rumanian divisions are taking positions on the Russian front under an agreement with Germany but that two of seven divisions previously in action there had been withdrawn because they were riddled with great losses suffered recently.

New York, July 11—(P)—Foreign exchange unchanged.

AIRCRAFT LABOR TOLD WAGE RISE DEMAND TOO HIGH

Los Angeles, July 11—(P)—The government today told labor that its demands for an estimated \$125,000,000 a year pay increase to warplane factory workers are too high and that migration from one industry to another must stop for duration of the war.

Paul R. Porter, wage stabilization chief of the War Production board, told a wage stabilization conference of aircraft management and labor: "... it is the opinion of the War Production board that the wage increases requested are inconsistent with the seven-point program to control the cost of living as stated by the president in his message to congress on April 27.

"Wage advances to this extent and at this time would not only contribute to an upward spiral in the cost of living, but would destabilize employee relations in other war and essential industries, especially on the Pacific coast."

The AFL and CIO, in a joint statement, requested that current minimums of 60 cents an hour for unskilled labor be raised to 95 cents and that other classifications be increased. Top demand was a boost for skilled workmen from \$1.52 to \$1.60 an hour. The 60 cent minimum applies for a limit of 30 days, with a five-cent raise each of the first three months to boost pay to 75 cents.

GOLD BEACH AUTO CRASH TOLL, THREE

Gold Beach, Ore., July 11—(P)—Death of Mrs. R. F. Kinmont, 57, brought the toll of a crash of a Los Angeles family's car near here Tuesday to three today.

Her husband was killed outright as their car crashed into trees bordering the coast highway. A daughter-in-law, Mrs. Bill Kinmont, died enroute to a hospital. Bodies of the three were being forwarded to Los Angeles.

Jean Blodale, granddaughter of the R. F. Kinmonts, still was in serious condition at a hospital.

HEAT KILLS CHERRIES
The Dalles, Ore., July 11—(P)—Virtually all of Wasco county's 500-ton pie cherry crop was ruined by last week's high temperatures, it was learned today.

MOVIE DRIVE HEAVY
New York, July 11—(P)—A total of \$2,077,900 has been collected in the motion picture industry's drive for army and navy relief, Nicholas M. Schenck, national chairman reported today.

ARMY JEEP THIEF, ABSCONDER GIVEN 10 YRS. SENTENCE

Seattle, July 11—(P)—Federal Judge John C. Bowen today sentenced Harry Charles Savage, of Rochester, N. Y., 25-year-old army private who absconded with a jeep and \$6,000 payroll last March, to 10 years in the McNeil Island prison.

Judge Bowen commented that Savage, who pleaded guilty, had had fine home surroundings, good religious influence and splendid educational advantages.

"It would be easier to grant extreme leniency if he had not had these wonderful advantages in life," the judge said.

Allan Pomeroy, assistant United States attorney, informed the court that Savage's immediate superior, Second Lieut. Robert L. Cummings, had been found guilty at a court martial of dereliction of duty and was ordered to repay the government the money spent by Savage, totaling about \$5,000.

TIRE SUBSTITUTE SPRINGS TESTED

Washington, July 11—(P)—The army is testing springs as a substitute for tires. It was disclosed today in testimony heard by a senate appropriations subcommittee.

The device, as explained by Dr. Vannecar Bush, director of the office of scientific research, consisted roughly of a wheel within a wheel connected by springs.

"There are an enormous number of such devices," Bush told the committee, "but they (the army) seem to feel they have now found one that will warrant careful testing."

GRAIN PRICE EBB ON CROP REPORT

Chicago, July 11—(P)—Government forecast of large 1942 wheat, rye and oats crops depressed prices of those cereals today but corn rose almost inasmuch as the outlook for harvest of that grain is not as good.

Wheat closed 34-1c lower than yesterday, July 11, 1942, September \$1.22 1/4-1.22 1/2.

Besides the crop forecast, depressing factors in the wheat pit included profit taking, which shaved the week's net gains from Monday's lows to about 5 cents, and hedging sales in connection with the new crop movement. Anticipation that larger receipts in the southwest next week might fill the small remaining terminal and sub-terminal storage space available also was an unsettling factor.

The government forecast of 902,228,000 bushels of wheat, third largest on record, suggested total supply, including carry-over, will exceed 1,534,000,000 bushels, by far the largest on record and more than double normal annual requirements.

HINT RAIL TRAVEL BAN
Washington, July 11—(P)—Prospect of continued civilian travel on railroads is "none too good," Joseph B. Eastman, director of defense transportation, has told a senate appropriations subcommittee, it was disclosed today.
