

ASHLAND JOINS IN HOSPITALITY FOR ARMY MEN

Ashland War Recreation committee joined in southern Oregon hospitality to military men Sunday when a picnic, dance and swim were enjoyed in Ashland by three buses of service men, a group of Medford junior hostesses and Ashland junior hostesses. A free swim at Twin Plunges was followed by a picnic at Lithia park and later dancing with music by Mrs. Trimbell's orchestra. The affair was planned through the Ashland junior hostess league with Margaret Barnhouse as president and Marjorie Newton as secretary.

Senior hostesses assisting were Mrs. Gordon McCracken, Mrs. F. F. Whittle, Mrs. Jean Eberhart, who headed the swim committee; Mrs. Ted Norby, Mrs. Frank Van Dyke, Mrs. V. G. Barnhouse, picnic committee; Mrs. G. E. Newton, Mrs. Harker, Mrs. John Broady, dance. Executive committee is composed of Mrs. Rena McNair and Mrs. Earl Leever. Advisors to the junior hostesses at Ashland are Miss Virginia Hale and Miss Marian Ady.

Mr. and Mrs. W. J. Black of Grants Pass entertained four service men for a week-end at their home beginning Saturday evening followed on Sunday by a swim and picnic. This was arranged through the Grants Pass War Recreation committee with Mrs. C. J. Mosher as chairman.

A lawn party was enjoyed also during the last week at the Carlton home when Privates Bob Ray, Kenneth Oboe and junior hostesses Doris Stanford and Marie Jones were entertained.

Thank-yous during the past week are also expressed by USO to Mrs. G. R. Potts of Central Point for 50 phonograph records and a junior hostess for 35 records; Mrs. Margaret Fabrick, three typewriters and two cherry trees; Mrs. Effie Kurtz, home made cherry punch; Mrs. H. D. McCaskey, Bing cherries; Wednesday Study club for can-teen refreshments; ladies of the Victory Cookie club for cookies; Mrs. M. T. Edwards for mimeographing.

Those in charge of the USO in Medford said today that the service men are enthusiastic over the spirit of hospitality being shown by southern Oregon. Many are remarking that "they are going to get the war over and then come back to southern Oregon to live."

NEEDS TIRES
Sharon, Mass. (U.P.)—Because it is illegal to carry bacteria samples by railroad, Mrs. Guthrie Wilson, bacteriologist at Sharon Sanatorium, has asked the local rationing board for four tires so she can transport jars of bacteria to Boston in an Austin.

SITUATION WANTED
Twenty years with two firms. Wide sales, advertising and stock room experience. Familiar with purchasing and personnel. Middle aged, best of references. DIAL 6599.

Nobody Blames You, Sailor

Above we see Donald Dahlke, seaman first class, of Portland, Ore., having a button sewed on the cuff of his blouse by charming Dolly Kigallien, a hostess in a New York City USO clubhouse. What the picture does not show is how that button got off that sleeve. To be a seaman first class fellow has long since learned the simple operation of sewing a button on his midgy. Could it be that Donald deliberately pulled that button off? Could be, what with such an attractive young seamstress standing by to sew it on again.

LIVESTOCK

Portland
Portland, Ore., July 14—(U.S. Dept. Agr.)—Cattle 50, calves 35; around 100 calves held over, market slow, scattered sales about steady with Monday's slow time; grass steers Monday closed 25 lower; some light steers 50 below week ago; few common steers 9.00-10.50; medium light steers 11.00; good grain fed quotable 13.00-85; common heifers 8.00-8.50; canner and cutter cows 5.00-6.25; fat dairy type cows to 6.75; heavy beef cows 7.75-8.00; young cows to 8.50; strictly good quotable to 9.00 and above; medium-good bulls salable 9.75-11.00; good-choice vealers 12.50-13.50, odd head 14.00.

Wall St. Report

New York, July 14—(U.P.)—Stocks did better in today's market after an early light sell-off failed to dislodge many leaders. While the war news from Russia was far from comforting and tax matters at home still were regarded as a bit bearish, the lack of any urgent liquidation, as in the preceding session, prompted belated bidding for asserted favorites.
Transfers were around 350,000 shares.
Today's closing prices for 34 selected stocks follow:

FOREST REGISTRY HOURS LIMITED TO LIGHTEN LABORS

Registrations can be made and permits obtained to enter closed areas in the Rogue River National forest at any ranger or guard station between the hours of 7 a. m. and 8 p. m., or at forest service headquarters in the Federal building between 8 a. m. and 5 p. m. except on Saturdays, when the office will be open from 8 a. m. to noon, it was announced today by Karl L. Janouch, forest supervisor.

In the past, Janouch explained, permits have been issued at all hours of the day and night at the guard and ranger stations, but the limited manpower and lack of qualified persons available for positions in the forest at the present time has made it necessary to establish certain hours for the issuing of permits.

Pointing out the importance to the guards and rangers of being in good physical condition to promptly attack fires when they occur, Janouch called on the public to cooperate with the forest service in calling for permits and making registrations during the hours specified, instead of disturbing the sleep of the guards and rangers during nighttime. Janouch said that if this were not done, it might become necessary to place more drastic closures on the forest in order to carry out the forest service's fire control responsibilities with the manpower available.

The public was warned that failure to register or obtain permits because it was inconvenient to do so during the hours specified would not be regarded as an excusable violation of the law.

Four Die In Blast At Gasoline Plant

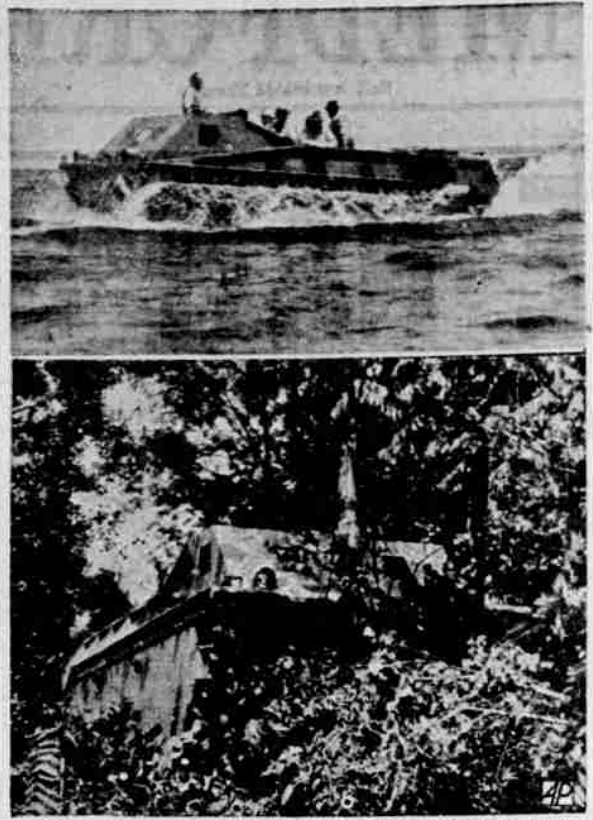

Waynesville, N. C., July 14—(U.P.)—A thunderous explosion early today at the distributing plant of the Standard Oil company of New Jersey killed at least four persons and hospitalized eight others. The condition of the injured was described as serious.

J. L. Stringfield, chief of police in this little mountain town, said the explosion occurred while a large gasoline transport was unloading. He said that indications were that a leak in the hose touched off the blast, igniting some 40,000 gallons of gasoline.

Efficient On Land Or Sea

Seaworthy in the best navy tradition an amphibious tractor on which the navy has begun to accept delivery plows the water of Lake Erie (top) in a test run near Detroit. Below the big craft shows it can be efficient on land, too, and pushes over trees and smashes underbrush like toothpicks.

NEGRO HANGED ON COTTON GIN WINCH

Texarkana, Tex., July 14—(U.P.)—Sheriff Monroe Watts said that Willie Vinson, 25-year-old negro suspected of the attempted rape of a white woman, was taken from a hospital by a group of men and hanged early today to a winch at a cotton gin outside the city.

Watts said the condition of the negro's body indicated it had been dragged behind an automobile before being hanged.

Vinson was captured early

Sunday morning in a cafe where he was employed.
Vinson had been tentatively identified by the woman involved.

PIE ACT NO LONGER FUNNY

San Diego, Cal. (U.P.)—Llewellyn C. Davis was granted a divorce decree on grounds that when he asked his wife how soon dinner would be ready, she plastered him in the face with a freshly baked pie.

ARRESTS HIT NEW HIGH

San Francisco, Cal. (U.P.)—Traffic arrests became a major industry in California in 1941. There was a record-breaking number of 572,222 traffic cases in the courts, with 566,194 convictions. Most of them were speeders.

M'DONALD USES BOSTON CRAB TO DEFEAT CORBETT

Sockeye Jack McDonald employed a Boston crab after 26 minutes of tough mat work to dispose of Australian Joe Corbett in the main event of last night's mat program in the Medford armory. It was the lone fall of the battle, and Corbett, after suffering for some two minutes in the throes of the maneuver, was unable to return for more action.

Cliff Olsen, slated to face Soldier Joe Buccola in the opening event, failed to show up, and Prince Mihalikis and Bob Kruse took care of the curtain-raising fireworks. Mihalikis copped the match by taking falls in the third and fourth rounds, with a Boston crab and a body press, respectively, after Kruse pinned him with a wrist-lock and press in the second heat.

Mihalikis then faced Buccola in a 30-minute or one-fall contest, and lost when Referee Jack McDonald gave the match to Buccola on a foul when the Prince failed to cease his rough stuff.

San Diego, Cal. (U.P.)—George B. Wright, honey refiner, estimates that it takes the nectar of 6,000,000 blossoms for bees to produce one pound of honey.
