

ASHLAND PICNIC HIGHLIGHTS USO WEEKEND ACTION

The U. S. O. reports a varied and successful program of weekend activities at the club house and outlying points. Ashland's second Sunday outing was held at the home of Doctor and Mrs. Charles Haines, host and hostess, assisted by Mr. and Mrs. Charles Fortmiller. One hundred service men, Senior and Junior hostesses, and Medford guests gathered on the shady lawn for a happy day of relaxation, games and good eats. Cold watermelon and delicious youngberry and cherry punch, contributed by Dr. and Mrs. C. C. Dunham and Mrs. Grace McCulloch, was served upon arrival of the three army trucks in charge of Major Crowley and Chaplain Porter.

Ladies of the Trinity Guild of the Episcopal church and other members of the War Recreation committee, served a delicious outdoor supper. Oregon apricots, a new discovery to eastern boys, and contributed by E. C. Gardner, were served to the young people. Assisting host and hostess for the day at the picnic were Mr. and Mrs. Hal McNair, Mr. and Mrs. O. G. Crawford, Mr. and Mrs. Earl Leever, Dr. and Mrs. Clyde Dunham, Mr. and Mrs. Paul Fennell, and Mrs. V. G. Barnhouse. At 7 o'clock the young people went to the skating rink for a skating party. Host and hostesses for the evening were Mr. and Mrs. Gene Eberhart, Mrs. Grace McCulloch, Mrs. W. E. Bartlett, and Mrs. Meyers.

The Junior Hostesses have equipped a small lounge above the skating rink with reading materials, cards, radio, rubber horseshoes, and ping-pong for use of service men.

Guests besides the 60 service men included Mrs. Helen Small, director of Medford U. S. O., Chaplain and Mrs. Rein and daughter, Evangeline, Chaplain and Mrs. Johnson and son, Bryan, and Ashland Junior Hostesses Helen Olson, Madge Mitchell, Marie Mitchell, Alice Grossman, Judy Silver, Donna Frazier, Jo Curtis, Dorothy Allen, Barbara McLean, Nancy Firestone, Mildred Bowerman, Jeanne Drake, Helen Westfall, Betty Danford, Edna Fehige, Ruth Foster, Frances Atkins, Kay Bergstrom, Leslye Jensen, Babs Cary, June Carlton, Margarette Barnhouse, Jean Fridger, Nina Hess, Letha Coulter, Velma Brower, Florence Wood, Patsy Collins and Marie Gibson.

The home of Mr. and Mrs. K. M. Neill of Ardencraig, Grants Pass, was scene of a second successful service men's party. Swimming, tennis, and badminton were followed by an evening of songs. The Neills, in co-operation with the Grants Pass War Recreation committee and the U. S. O., plan a swimming and boating party for 20 boys next Sunday.

Philip Henselman's initial "Listener's Hour" of famous musical recordings was held at his home, 415 Edwards street, Saturday night. A social hour, in music lovers are urged to sign up including refreshments, followed, for the next Saturday program with the U. S. O. program director, Mrs. Penny Fontaine, or ca. Philip Henselman, 3039. This club is limited to 15.

Over 200 service men and Junior and Senior Hostesses, as well as sidewalk spectators, attended Mr. Bauman's Saturday night amateur hour at U. S. O. club house. Major part of the successful program was contributed by Mrs. Alexander's Hawaiian string orchestra. The Duval sisters with their western songs and yodels made a hit with the service men. Camp White's negro quartet, who have sung their way from southern camps to Southern Oregon, were applauded enthusiastically.

The U. S. O. extends appreciation to the many kind friends who have sent in cherries, cookies, flowers, magazines, books and puzzles during the week.

Threshing started today in many sections of the county, along with cutting and binding of grain. A combine thresher started Sunday on the Wilbur Ashpole place on McAndrews road. Hay baling is also underway.

Apricots are now ripening, and most of the early crop has been picked and sold, according to Assistant County Agent C. B. Cordy. He said there was a strong demand, with rather a short crop. Harvesting of the

main apricot crop is due the coming week.

Gold Hill

Gold Hill, July 20—(Sp.)—Mrs. Rose Gay and Miss Alice Harper of Crescent City, former residents, were guests of Mrs. Ella Patrick on Friday. They were en route home after several days visit in Medford.

Amethyst Rebekah lodge held a regular meeting July 15, preceding joint installation of officers. Mrs. Rita Carter's team won the attendance contest, by one point, over Mrs. Nellie Winn's team. Mrs. Elmer Mae Gail, chairman of the good of the order committee, announced that teams would be chosen for another contest, at next meeting.

Mrs. Nellie Evans of Yreka has been visiting her son-in-law and daughter, Mr. and Mrs. Bernard Christensen.

Garden club met in W. R. C. hall July 17 for the final meeting of the summer. Meetings are expected to be resumed in September. A special committee to outline the programs for the coming year was named and they are Mrs. Willie McLane, Mrs. Hazel Holderness and Mrs. Eva Smith.

Guests of Mr. and Mrs. Henry Naumann are their two daughters from San Francisco. Mr. Naumann is a plumbing contractor at Camp White and he and Mrs. Naumann are living in the Cecil Johnson house.

Ronald Biles, son of Mr. and Mrs. Bedford Biles, is staying with his uncle and aunt, Mr. and Mrs. James Cornutt while his parents are engaged in defense work.

Recent guests at the home of Mrs. Hannah Houth were her niece, Mrs. Joe Bush and Mr. Bush of Parker, Arizona. After a visit here, Mrs. Bush returned to Arizona with Mrs. Bush, accompanied by Mrs. Houth, went to the summer home of the Bushs, located on the Cheato river, for a few days vacation.

Mr. and Mrs. McMichael and two grandchildren returned to Tigard last week after spending a couple of weeks here with their son-in-law and daughter, Mr. and Mrs. Dennis McGuire and Jo Ann.

Lloyd Governor, stationed at Camp Haan, Calif., is visiting his wife and parents here, on a short leave of absence.

Mrs. Gilbert Lantz left Wednesday for Spokane, where her husband is stationed with the air corps. She has spent the past several weeks here as a guest of her mother, Mrs. Tom Chisholm and also with Mr. Lantz's parents, Mr. and Mrs. Carl Lantz.

Take Japan Out of Rice

Sacramento, Cal. (AP)—State agricultural director W. J. Cecil lost no time in giving Americanized designations to three classes of rice which formerly contained the word Japan. At the request of the rice industry the classes have been renamed American Pearl, Southern Pearl and California Pearl.

SALEM ALSO HAS HOUSING TROUBLE

Salem, Ore., in the vicinity of Camp Adair, is having housing trouble much as is being experienced here, according to the following story in Friday's issue of the Salem Capital Journal:

"Two telephones at the Salem Chamber of Commerce are busy almost constantly with persons inquiring about house rental opportunities. Telegrams and letters are being received every day, mainly from army officers,

or others connected with the military service, and who have assignments for duty either at Camp Adair or the Salem airport.

One young woman at the chamber is doing practically nothing else but handle inquiries and listings.

Today came a telegraphic communication from Lieutenant Melvin B. Sellers at Oakland, Calif., saying he had been assigned to Camp Adair and would be here July 20 with his wife and one-year-old son. He gave the chamber authority to rent him a 5 or 6-room house, furnished and offered a maximum of \$65. Lieutenant Sellers is just one of many.

"The demand is at an acute stage for fair. It's practically impossible to get ordinary business done at the chamber these days."

CONDITION FAIR
Salem, July 20—(AP)—The condition of Lowell Reiners, 14, son of L. Reiners of Salem, who was shot accidentally yesterday while removing his gun from the family car, was described as fair today by hospital authorities. The bullet went through his hand, went below his heart, and lodged in front of his spine.

FORMER TEACHER TOKYO UNIVERSITY WILL SPEAK HERE

Professor I. J. Fisher, for many years associated with the University of Tokyo but who returned to this country before the war, will speak in this city Tuesday, July 28, under sponsorship of the Medford Rotary club. The enlightening address dealing with Prof. Fisher's observations covering a period of 23 years in Japan, will be delivered in the Medford high school auditorium and the public is invited to attend as guests of local Rotarians.

Prof. Fisher was the only foreigner on the teaching staff of the Japanese naval college at the University of Tokyo. At present he is a member of the staff of St. George's school in Vancouver, B. C. His speaking tour through the northwest has been made possible through the interest and co-operation of the Seattle Rotary club.

For more than 20 years the Japanese have prepared for war

with this nation, Prof. Fisher claims, and in his address he will outline some of the steps taken by the Nipponese in building for the present conflict and preparing the people through carefully planned propaganda.

English-speaking people get quite a jar when Prof. Fisher gives his authoritative analysis of the Asiatic war, spokesmen of the Medford Rotary club said today. It was emphasized that the lecture will be free and the public will be urged to hear a firsthand description of post-war Japan without propaganda frills.

An Emergency Statement to the People of the United States

How can you help? The answer is on this page. I hope every American citizen will read it and act on it.

W. R. Nelson
W. R. NELSON, CHAIRMAN, WAR PRODUCTION BOARD

A crisis exists in our war production program which can be solved only by the patriotic cooperation of the American people.

We are faced with a serious shortage of steel scrap, rubber and other vital materials.

This shortage must be filled.

By "scrap" we mean the ordinary Junk which today is lying in the barnyards and in the gullies of farms; in the basements, attics and garages of homes and stores throughout the country.

The steel industry operates on the basis of half-and-half—about 50 per cent metal from pig iron and 50 per cent remelted scrap metal.

Therefore, about 50 per cent of every tank, every ship, every submarine and every gun is made of scrap iron and steel.

The steel industry has been rapidly stepping up its production—from 67,000,000 tons in 1940 to a record-breaking 83,000,000 tons in 1941. Production in 1942 is already ahead of 1941, but we need to get production up to the industry's full capacity of 90,000,000 tons—a total equal to the output of the rest of the world combined.

This volume of production cannot be attained or increased unless an additional 6,000,000 tons of scrap iron and steel is obtained promptly.

We are faced with the fact that some steel furnaces have been allowed to cool down and that many of them are operating from day to day and hand to mouth, due only to the lack of scrap.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber.

We are collecting every possible pound of scrap from the factories, arsenals and shipyards; we are speeding up the flow of material from automobile graveyards; we are tearing up abandoned railroad tracks and bridges, but unless we dig out an additional 6,000,000 tons of steel and great quantities of rubber, copper, brass, zinc and tin, our boys may not get all the fighting weapons they need in time.

Fortunately, the material exists in America's great "mine above the ground."

HOW SCRAP IRON AND STEEL GO TO WAR

The steel used in our war machines is made by melting together

1. Pig iron (about 50%)
2. Scrap generated in the steel plant in the process of steelmaking (about 25%)
3. Scrap purchased from outside Junk sources (about 25%)

We have plenty of iron ore to make the pig iron needed. But our furnaces operate faster when there is plenty of scrap to mix with the pig iron.

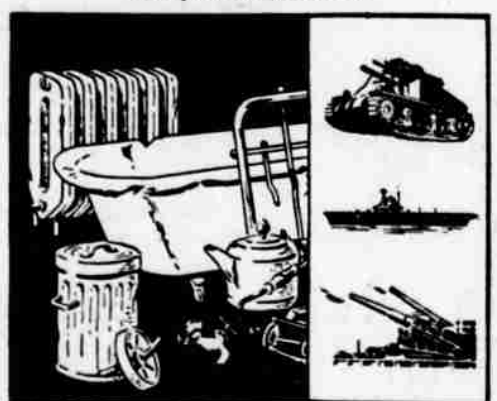

This so-called "scrap" which goes into the furnaces to make the steel for tanks, ships and guns is actually refined steel—with most impurities removed. Some of the finest quality steels are made 100% from scrap.

The iron and steel scrap which you collect is bought by the steel mills from scrap dealers at established government-controlled prices.

Throw YOUR scrap Into the fight!
