

HUSBAND WOUNDS WIFE AND BROTHER IN TRIANGLE CASE

Munger Creek Family Fray
Puts Two in Grants Pass
Hospital—Husband Held.

Grants Pass, July 21 (Sp.)—A triangle shooting in which Charley Franklin Young, 51, of- ficers said, admitted shooting his wife and his brother sent the two victims to Josephine Gen- eral hospital early Sunday morn- ing and put Young in police custody.

Severely wounded were Beat- rice May Young, 44, and her brother-in-law, Levi Young, 41. District Attorney Orval J. Millard and State Police Ser- geant Lyle Harrell questioned the husband and wife in an ef- fort to determine what charges might be brought.

The shooting took place at 4 o'clock Sunday morning at the Young residence four miles from Williams postoffice on Munger creek.

Levi was wounded in the wrist as he lay on a bed, and again through the pelvis as he fled from the man with the gun. Mrs. Young was wounded in the fleshy part of both hips, also as she fled.

Charley's story, as recounted by Millard and Harrell, was that he had been working at Castle- rock, Wash., for several months, where his stepson Richard was also employed. He returned to Grants Pass Saturday night and went to his home where he was- tached and waited for some hours. Then he slipped into the house, equipped with a wrist flashlight to see and fired four shots. Two of them struck his brother and one his wife. It was the first time he had seen his brother in many years, officers said he reported.

In another bedroom was Mrs. Minto Schuler, whose husband was away working at the can- tonment while sleeping close by outside the house were her son John Schuler, 18; Levi's son Dick 14; Dale Rockwood, 7, grandson of Mrs. Young; and Mrs. Schu- ler's daughters Margaret, 16, and Dorothy, 14.

Officers said they were told Mrs. Young is Charley's first wife. She is the mother of four children by a former marriage, they said. Levi has three chil- dren, they reported.

The wounded pair were still under hospital treatment Mon- day and the husband was held in the county jail.

UNUSED JALOPIES TO BE SCRAPPED

Milwaukee, July 21.—(AP)—Merrill Stubbs, chief of the automobile salvage section of the WPB conservation division, said today that in war time a jalopy must either provide trans- portation or be scrapped.

In an address prepared for a convention of the American as- sociation of Motor Vehicle Ad- ministrators, Stubbs appealed to every owner of an automobile which is not providing transpor- tation to lose no time in turning it into scrap reclamation chan- nels.

avoid week-end travel

Travel is always heaviest on week-ends. By starting your trip on a Tuesday, Wednesday or Thursday, you have a wider choice of accommodations and you make way for those who must travel on week-ends—war workers and men in the armed services.

be an early bird

Get full information well in advance of the day you plan to leave. Purchase your rail and Pullman tickets as early as possible. You thus are assured of accommodations and you avoid last-minute rush. If you can't get a lower berth or if you have to wait your turn in the dining car please be tolerant, realizing that the extra cars, locomotives and crews which would relieve such a situa- tion in normal times, are now hauling troops and war materials. We can't buy any new cars because of the shortage of critical materials. Full-length lounge cars have been replaced by sleep- ing or chair cars on all U. S. railroads so that more people can ride on one train—a matter of vital importance to the war effort.

Cancel promptly (if YOUR PLANS CHANGE)

The space you reserve on a train is valuable—too valuable to go unused. If you are forced to change your plans, please cancel your reservation and turn in your Pullman ticket for refund immedi- ately so the space can be used by other travelers.

don't waste space

If you need a compartment, a drawing room, or a bedroom by all means buy it. But please don't take more space than absolutely necessary. A berth may be all that you really need. Or share a room with a friend or business associate when traveling together.

expect occasional delay

Allow ample leeway between the scheduled arrival of your train and the time of your business appointment. Remember that trains carrying war materials and supplies are using the same tracks as your train, and these Victory Trains have to come first. If your train should be delayed by war traffic, we hope you will accept the inconvenience in good spirit, realizing that we are doing everything in our power to maintain on-time schedules.

forget some things you see

En route you may see things that concern the war effort. Forget them. Do not discuss troop or material movements, army instal- lations or camps, or other vital subjects. The Axis has big ears.

and thanks to you...

We are working hard to do a bang-up job for Uncle Sam and trying our best to give good service to our civilian patrons, too. But nothing is normal in wartime including train travel. Thousands of our trained men are now in the armed forces. Everybody is hard pressed and some are new at their duties. We appreciate the consideration shown by travelers and the helpful cooperation of shippers. Thanks a lot.
