MID-SUMMER

THREE CHEERS FOR THE BARGAIN HUNTER!

Budget-stretching is a fine art... and one that we all must learn. It will be increasingly vital to the "Thrifty and Savings for Victory" program of which we are all a part.

One way to stretch budgets is to know all there is to know about quality, in order to select the things that will give us the longest service. We must make things last—to put off the need for replacements as long as possible.

Another way to stretch the budget is to watch every newspaper ad with a sharp eye. An advertisement like this, for example, is full of things the thrifty shopper will appreciate.

Careful buying, making every penny count, is a national duty... YOUR duty, everyone's duty!
